IMPROVEMENTS UNDER WAY IN PATCH DEPARTMENT STORE

E. V. Perkinson, contractor, has a force of men busy in the C. T. Patch Department Store changing the main staircase leading to the dress department so as to render access to this popular section easier, and at the same time giving more space for the display of merchandise and greatly adding to the comfort of customers.

Mr. Patch has been a consistent optimist, and having finished the yearly inventory, states that the business of the big store has been up to the mark of last year and that he will soon be in the market for a large supply of fall and winter merchandise.

BUSY DAYS OF GOLF AT PINEHURST COUNTRY CLUB

Among the recent winners of the weekly putting event for women at the Pinehurst Country Club are, Mrs. O. H. Stutts, Mrs. J. F. Taylor and Mrs. D. A. Currie.

The second tournament of The Summer Golf Club, best ball of pair 3-4 handicap, was won by F. L. Dupont and Russell Kelly with a net of 61.

Last week's tournament was medal play, 12 select holes, 6 each nine and was won by Frank Dudgeon, Pinehurst and George W. Scott, Star, with net 41 each.

This week best ball of pair against par promises to be a great battle and some pretty good rounds are being reported. Still old man par is always ready for any of the boys.

JULY WEATHER

Our old reliable North Carolina almanac predicted for July "Precipitation and temperature above normal," and reckoned half way right as the rainfall was below normal and the temperature well above. We nearly broke record with a registered temperature of 104 degrees on the 22nd,

but one July day six years ago hung up 107. However, as nine days of the month ran temperatures above 95 we have to record the remarkable average of 81-3, this being 2-4 degrees above the normal average of 78-9. Maximum temperature for the month was 98-5 and the minimum 69-1, the former figures being 8-5 above normal average, and the latter 1-3 above. Average normal rainfall for the month is 7.35 inches, and we had, despite the frequent showers, only 4.27 inches, thus for the first time this year bringing the total fall to less than the normal of 31.35 inches, our record so far being only 29.02 inches.

PAGE CORPORATION TO BE LOCATED IN SANFORD

The Page Corporation, recently organized to handle the insurance business of the Page Trust Company, will move its headquarters to Sanford, it was announced this week. The company has been operating from the main office of the Page Trust in Aberdeen. The move to Sanford is made because of its more central location among the thirteen offices of the Page Trust.
