Prince, formerly freight traffic manager, some months ago.

Last year the contestants drove through three days of our sunniest Sandhills sunshine and the year before swam through three days of one of our best downpours making a good general average which is all that a good golfer can hope for.

As usual the headquarters of the association will be in the Parkview where great preparations are being made to entertain the guests, the house having been completely renovated during the summer and as usual the comfort and welfare of the golfers will be the care of Mrs. Flaschlaender and Miss Wallie. In addition to the registration at the Parkview reservations have been made in the Belvedere, and several private cars will remain on the siding during the three days of play.

Secretary Travis of the Country Club has been unremitting in his efforts to have the greens and fairways of the course put in shape and they are now most attractive. Alfred Grover will give his personal attention to the management of the caddies and to the starting and scoring of the contestants for the prizes.
