

County Gets \$10,000 For Extended Term

Pinehurst, Aberdeen and Southern Pines Get No State Aid for Extended Term of Schools

Allotment of the tax reduction fund for aid in the extended school term for 1932-33 has been completed by the State Board of Equalization, but the fund, appropriated as \$1,500,000, has been subject to the budget cut, like all other State funds appropriated, except the six months public school fund, the result being that only \$989,861.70, or \$510,138.30 less than the appropriation, is allotted, LeRoy Martin, secretary of the board, announces.

Moore county will get \$10,373.94 for the extended term next year. Allotments for the school districts of Moore county for the extended terms next spring follow: Eagle Springs, white and colored, \$1,006.52; Cameron, white and colored, \$1,922.79; Eureka, \$1,153.73; West End, \$1,092.14; Pinehurst and Aberdeen, white and colored, none; Carthage, white and colored, \$4,189.81; Vass-Lakeview, \$1,008.95; Southern Pines, none.

Because of the reduced fund, it was necessary to increase the uniform rate necessary to participate from 14 cents last year to 17 cents next year, but Mr. Martin expresses the belief that, due to economies and balances brought over in some cases, only a few districts will find it necessary to increase tax rates.

The 790 districts sharing in the fund, ranging from 1 to 90 per cent of their extended term costs, have a total valuation of property fixed by the board at \$2,669,646,812, and the cost of all two months extended terms is \$4,221,776.73. This is a reduction of \$165,867.38 from last year, due to reductions made by the board in the six months standard and through failure of districts to operate extended terms last year.

Allotments are made on need and ability bases. The need is shown by the cost calculated for two months on the six months standard, and the ability of the district to meet this cost is the amount produced by the levy of the uniform rate upon a determined value. For example; a district has a valuation of \$1,000,000; 17-cent rate will produce \$1,700; the cost for two months is \$3,000; the State extended term aid is the difference between the two, or \$1,300.

Every county in the State, except Guilford and New Hanover, both with county-wide districts, participate in the fund. The large amounts go, not to wealthy and populous counties, nor to poorer and less densely populated counties, but to average or slightly above average counties. Union leads with \$25,856. Davidson gets \$24,727, Johnston \$24,843, Columbus \$23,716, Robeson and Surry about \$22,000 each, and Sampson \$21,000.

NEILL A. McDONALD, AGED RESIDENT OF SECTION, DIES

Neill A. McDonald, one of the oldest citizens of this section, died at a hospital in Raleigh early Thursday morning of complications resulting from heart trouble and Bright's disease. Mr. McDonald was 86 years old, and had lived all his life on the old home place near Jackson Springs. He was a devout Scotch Presbyterian and at the time of his death was the oldest living member of the Bethesda Presbyterian Church at Aberdeen.

He is survived by one brother, William McDonald and one sister, Mrs. Robert Elmo, both of Jackson Springs, three daughters, Mrs. J. D. Wimberly of Aberdeen, Mrs. A. J. Butler of Hoffman and Mrs. W. E. Atkinson of Kenly, N. C., and 17 grandchildren.

The funeral services will be conducted at the home place near Jackson Springs, with the Rev. R. G. Matheson in charge of the services, and interment will follow in the McDonald and McKinnon family grave yard nearby.

LARGE STILL AND TWO MEN TAKEN NEAR WEST END

Acting upon a tip which had been received, a raiding party composed of T. N. Slack, J. Q. Harris, D. B. Sturgell, A. W. Lambert and Charlie Dunlap went to a point about two and one-half miles east of West End Saturday and raided a large distillery which was in operation and captured two white men, W. T. Garner, who has a noted reputation for manufacturing moonshine liquor and Oscar Hussey. The raid also yielded 20 gallons of manufactured liquor, 13 barrels and one large hoghead of beer and a fifty-gallon copper distillery. A hearing was held and both men gave bond, Hussey's in the sum of \$500 and Garner's \$1800.

CHANGE OF PREACHING HOUR AT PINEHURST

During the month of August the Pinehurst Community Church will have preaching services each Sunday morning at 9 o'clock instead of 11 a. m. The Church School hour will not be changed. However, all of the pupils of the school are expected to come to the church at 9 o'clock. The vested junior choir will have charge of the music. The primary children will attend the first part of the church service which is planned especially for them and during the latter part of the service they will have supervised play on the grounds. The beginners will be in charge of adult leaders during the entire church hour.

The pastor of the church, the Rev. Murdoch McLeod, who expects to do the preaching each Sunday, is very enthusiastic over these new plans. It is hoped that people who are going away for the day will attend church before going and that many parents will welcome the opportunity to bring all of the children and have them cared for during the church hour as well as during the Sunday School hour.

PINEHURST RED CROSS HOLDS INTERESTING MEETING

At a called meeting of the Pinehurst branch of the American Red Cross held at The Community Church on Monday afternoon, it was voted to turn the funds now on hand over to the Sandhill Brotherhood to be used by the relief committee of that organization in cases they deemed most needy. A committee of three in the local branch was appointed to assist and cooperate with the Brotherhood Committee when needed.

Mrs. Leonard Tufts who is chairman for the ensuing year, presided over the meeting and gave a brief resume of the work done last year.

Particularly interesting was a report on an experiment carried out by Mrs. Tufts in the Taylorsville Negro school last year in which hot chocolate or soup was served at lunch to the sixty underweight children in the school. Of that number only three failed to gain weight, the other 57 making gains ranking from 1 to 25 pounds, the larger per cent making an average of 8 to 12 pounds.

VASS-LAKEVIEW AND ABERDEEN IN CLOSE RACE

(Continued from page one)

most no support from the rest of the team. Errors, wild throws and bad playing spoiled what started out to be a good ball game.

Loving and Guthrie led the hitting for the Cameron team with three hits each. Loving held the Aberdeen team to five hits, all well scattered.

McKeithen, Cameron centerfielder, made a nice catch of Bobbitt's drive and doubled Martin off first.
