ASHLEY

PINES

NEW SCHOOL FOR BOYS TO OPEN ON KNOLLWOOD HGTS.

W. F. Allen, Former Superintendent of Southern Pines Schools, is Headmaster

BABCOCK HOUSE BOUGHT

W. F. Allen, of Southern Pines, for many years head of the schools of the village, has taken the Galloway cottage at Knollwood, formerly known as the Babcock house, at the meeting of Indian Trail, Fairway and Crest Road, where he will open about October 15, a preparatory school for boys. Already a charter has been obtained for the "Pinehurst School for Boys, Inc.," with W. F. Allen, headmaster, and Frank Wilder assistant master. The purpose is to prepare boys for college. Resident and day students will be received, the boys to be instructed in the seventh and eighth grades of grantmar grades and the four grades of high school to fit them for entrance to the standard colleges North or South.

Mr. Allen will live at the cottage and have immediate supervision over the boys who are resident students To start with about seven or eight resident students can be accommodated, and this with expected outside students will be the start of the institution. The aim is to build up a boys' school that will serve the population of the Sandhills and give the winter families the opportunity they want of having their boys in a proper school, and also enabling the young men to be at home with their parents in Pinehurst and Southern Pines if the families are here in the win-

It is believed that this immediate neighborhood with its advantage of aim of this scheme.

that the young men may go from his school to any institution later chosen their education to build character ing from his work in Southern Pines give him a standing as an educator highly promising start in the direction of creating here in the Sandhills a school that will be of great men for the future and for their contacts with the world.

Southern Pines On

Charlotte Station.—Local Talent To Sing

Southern Pines will be on the air from the Charlotte radio station from many cars for the sake of safety and 7:30 to 80'clock tomorrow, Saturday night in a program sponsored by the Chamber of Commerce and arranged by P. Frank Buchan. On the program will be Miss Madie Lce Wade, soloist; Miss Helen Thompson, piano soloist and J. B. Gifford and Stuart Cameron, male soloists. Dr. George G. Herr, president of the Chamber of Commerce, will make a brief talk on Southern Pines and its attractions and advantages as a winter resort.

Officials Optimistic Over Pros pects for Bi gGathering at Carthage Next Month

TO OPEN ON OCT. 11th

The directors and other officials of the Moore County Fair feel very optimistic about the prospects for a "Bigger and Better" fair for 1932. Jugding from the interest being shown at present, the 1932 Fair will have more entries than either of the previous fairs. Everybody seems to be looking forward with interest to the coming of the fair with the result that the officials are swamped with inquiries coming from all classes of people including bank presidents, chain store merchants and one-gallus

The officials are making a great effort this year to bring to the people a 1932 Fair which they can be justly proud of. There is no reason why Moore county can't have as fine a small fair as any county in the state and the officials are working to the end of making it the best of its kind in North Carolina. "It is true that some fairs in the state will have a larger percentage of people from the home county present," says Manager O. B. Welch. "Some county affairs may offer a larger variety of entertainment, including races, but none will offer cleaner or more wholesome entertainment than will be offered at the Moore County Fair. This being a day for searching for bargains the officials have a real bargain to offer the people of the county, in that they will be offered the privileges of a high class fair with an admission price from onethird to one-half the price asked elsewhere.'

To Open Oct. 11th

The Fair will open officially at 10:00 a. m. Tuesday, October 11th and will close at 11:00 p. m. Saturday, October 15th. The opening day will be designated as American Legion Day. All Legionnaires are invited and requested to be present on this day wearing the official Legion cap. The feature of the day will be a Rooky Squad Drill by members of the Legion. A 1932-33 legion card will admit any Legionnaire to the fair grounds.

Wednesday, October 12th is designated as School Day. Every school child in the county will be presented with a ticket which will be good for one admission on Wednesday the 12th. The schools of the county are showing a great interest in the fair by naking preparations for the school exhibits and most of the schools are 12th in order that the children may

be able to attend the fair. On Thursday October 13th the Fair

The "Stork" Market

Niagara Doing its Best to Put North Carolina Back in First Place on Birth Rate

From The Pilot's wide-awake correspondent in Niagara comes the following item:

The "Stork" Market is still rising here. Mr. and Mrs. Duncan MacDonald's stock rose to seven with the arrival of a baby girl, Mary Grace, last Thursday. Niagara is doing its best to help North Carolina, now in second place, to regain the birth rate crown, said to be held at present by New Mex-

BOLES BOY, WHO SHOT PLAYMATE BACK IN CUSTODY

County After Failure to Appear for Examination

Agnue Boles, nine-year-old alleged slayer of his ten-year-old playmate, Frances Culler, is in the custody of Moore county officers after having been brought back Saturday by Sher-McDonald from Stokes county, where he is said to have been visiting his grandfather, J. Mart Culler. Upon his return from Stokes county, the lad was placed in jail so that proceedings would not be held up further by his not being present when wanted.

Following the shooting, which oc-curred last March, the child was tried in Recorder's court and bound to Superiod court. On account of his extreme youthfulness, he was not detained in jail, but was allowed to return home with his father who was to keep watch over him. At the next term of criminal court, the case was remanded to the Juvenile court of which John Willcox is the judge.

Mr Willcox, having already heard the evidence that was brought out in the Recorder's and Superior court did not think it necessary to incur the added expense of summoning a large number of witnesses to tell again what had already been brought out, so, with the consent of the parexhibits and most of the schools are planning to declare a holiday on the girl victim, it is said, this was dispensed with at the Juvenile hearing and the parents were allowed to take the child home with them, Mr. Willcox deferring the pronouncement of sentence until he could talk the and get his opinion on the case.

B. B. Saunders and C. H. Hardwick Will Operate Aberdeen's Two Large Warehouses

OPTIMISM IN THE AIR

The tobacco market will open for the 1932 season in Aberdeen next Tuesday, September 27th, and growers, warehousemen, buyers and merchants are anticipating the best season in several years. They base their optimism on reports from the markets in the belts which have been operating several weeks, where prices have been better than last year, and on reports of good leaf in this section. A high average is looked for in Aberdeen, where in all years up to the past two tobacco has brought an average price in excess of the average for the state.

Both big warehouses here will be in full operation this season. After a year at Fuquay Springs B. B. Saunders, who operated in Aberdeen until last season, returns to conduct the business at the Aberdeen Warehouse, near the Aberdeen & Rockfish ofices. Mr. Saunders' return is expect-Five-Year Old Found in Stokes ed to stimulate business here. He has a wide acquaintance among tobacco growers throughout this section, a good reputation for square dealing CASE IN SUPERIOR COURT and efficient warehouse operation, and splendid selling record.

New Warehouseman Here

The big brick warehouse which Saunders operated when he was here before will this year be in charge of C. H. Hardwick of Loris, South Carolina, Mr. Hardwick leased the building, which is opposite the Gulf Refining Company's storage tanks and offices, comes to Aberdeen with the highest of recommendations. He has operated two large warehouses Loris for the past ten years, is highly spoken of by those with whom he has done business there. Reports come that though Loris is one of the smaller South Carolina markets Mr. Hardwick's sales this year have exceeded those on many of the larger markets, and with good returns to the farmers. He will have affiliated with him here Neill McKeithen, who for the past two years has looked after the local interests of Edwards, Lewis and Williams, former operators of the Aberdeen Warehouse.

It is understood that Eugene B. Maynard of Aberdeen will act as auctioneer at both warehouses this season. J. D. Tapp will be floor manager at the Hardwick warehouse. Mr. Hardwick will be here throughout the season, as will Neill McKeithen. Former associates of Mr. Saunders will assist him in conducting the sales at

Big Companies Represented

All the regular line companies, Reyolds. American Tobacco, Lorilla over with the Superior Court judge Liggett, Imperial, American Export and others, will have buyers here as In August, Mr. Willcox did this and usual, many old faces among them.
