Aberdeen and Southern Pines, North Carolina, Friday, April 21, 1933.

FIVE CENTS

SILVER TROPHY TO BE PRESENTED TO S. P. HIGH SCHOOL

Southern Pines Chamber of Commerce To Honor Dramatic and Glee Clubs

AT RECEPTION ON MAY 1ST

A trophy emblematic of the fine work done by the dramatic and glee clubs of Southern Pines High School during the past winter and spring is to be presented to the school at a reception to be held in the school auditorium on Monday evening, May 1st, the donor being the Southern Pines Chamber of Commerce. Members of the clubs, of the school faculty, officers of the Sandhills Little Theatre Guild, parents of the school children and members of the Chamber of Commerce are to be invited. An officer of the Chamber of Commerce will make the presentation speech, and it is probable that Superintendent of Schools Frank T. Webster will accept the trophy on behalf of his charges.

It is not at all unlikely that the Glee Club as well as the Dramatic Club will have richly merited the trophy by the time May 1st rolls around. The Dramatic Club won the eastern Carolina championship in competition with many other schools at Chapel Hill, and was defeated for the State championship by a close vote of the judges. This week the Glee Club is in competition for Statewide triumph, singing with other schools, and may well return from its trip to Durham, where the contest is to be held, crowned with victory. In any event, however, both clubs have done splendid work under the able direction of Mr. Webster, Miss Doertch, Frederick Stanley Smith and others, and deserve the silver cup with which the Chamber of Commerce will reward them.

The committee of the Chamber in charge of arrangements for the reception and presentation comprises Walter Gilkyson, Frank Buchan and Struthers Burt.

Southern Pines Wins County Music Honors

Fine Contest Held in Pinehurst School Auditorium Last Friday Night

The Glee Club of Southern Pines High School gave a good account of itself at the Moore County Public School Music contest held in Pinehurst High School auditorium last Friday evening. Alice Abel won the soprano solo contest with her singing of Woodman's "Birthday Song." Katherine Buchanan won the alto solo contest with her singing of "Eye Hath Not Seen" from Gaul's "The Holy City." The Girls' Glee Club won against Carthage and Pinehurst with its singing of Burleigh's "I Want To Be Ready," and Brahms' "Lullaby." The Boys' Club won against Carthage with its singing of the Welch song, "All Through the Night." And the combined clubs won against Carthage, Pinehurst and West End with their rendition of "The Hunting Horn," by Gest and the new "Alma Mater Song," written by Mr. Smith.

The piano solo contest was won by May Kate Smith of West End. She played "Romance in G Flat Major." Miss Elizabeth Blake is teacher of music at this school.

The baritone solo contest was won by Holland Shaw of Pinehurst. He sang Buck's "Sunset." Miss Minnie Laura Turnbull is music teacher at Pinehurst.

The judges were Mrs. J. W. Hiner of Chicago, Ill., and Miss Catherine Stocquart, Professor of Music at the Ogontz School, near Philadelphia, Pa.

The contest was interesting throughout. The Southern Pines Glee Club is to be congratulated on its splendid achievement for its first year's work under Mr. Smith. The members sang at all times with expression, accuracy and in good style. This Friday they go to Durham to compete with other schools in this district.

To Ask State to Make Knollwood a Sanitary District, Not a Village

Cameron Proposes Measure To Solve Troubles Over Sewage and Hydrant Charges

Plans for the incorporation of Knollwood as a village have been changed, according to Livingston L. Biddle, II, of Pinehurst, and a new bill is to be introduced in the State Assembly to organize a Sanitary District instead of a village. The bill already introduced by Representative A. B. Cameron calling for the incorporation of "Knollwood Village," will not be pressed.

Mr. Biddle, representing a number of Knollwood property owners, explained the situation in an interview with The Pilot:

"A bill was written up for the incorporation of Knollwood as a village for the purpose of creating machinery by which the money owed to the town of Southern Pines for sewage disposal and fire hydrant charges could be collected.

"The bill which was printed in last Friday issue of The Pilot was given to our representative, A. B. Cameron, asking him to present it to the Assembly. However, Mr. Cameron decided that the bill could not be passed on account of the majority of Knollwood inhabitants merely being winter residents instead of voters of North Carolina. Mr. Cameron has, therefore, substituted a bill creating the Knollwood section into a Sanitary District. The Sanitary District will give Knollwood the authority to tax the landowners in order to reimburse Southern Pines for the monies due them on account of their sewage disposal charges and hydrant charges.

"A similar need was found for a section outside of Asheville and the results have been very satisfactory. In this way the old troubles between Southern Pines and Knollwood will be eliminated and Southern Pines will actually net more money from Knollwood district than it would if it included the district in its own corporate limits.

"This is due to the fact that Knollwood has spent \$75,000 in its own water and sewage lines for which Southern Pines would have to bond itself in order to take over the section.

"If Mr. Cameron is successful in having his bill passed through the legislature, it will be of mutual benefit to both Knollwood and Southern Pines."

Dr. Everitt Speaker at Kiwanis Luncheon

Professor Emeritus of Brown University Discusses "The Moral and Economic Order"

A talk on "The Moral and Economic Order" and the relation of the moral to the economic, made Wednesday by Dr. Walter G. Everitt, professor emeritus of Brown University, was one of the most enjoyable heard by members of the Kiwanis Club of Aberdeen in many a day. Dr. Everitt was the speaker at this week's luncheon, held in the Methodist Sunday School building in Aberdeen. Arthur S. Newcomb introduced him.

After telling how he was "fast becoming a Carolinian" and how he felt that we had a better civilization in the building in the Carolinas, Dr. Everitt discussed the importance of the intangible and inestimable values in our economic order. "Economic value," he said, "was value in exchange," but there is a value in possessions which cannot be exchanged, a value on which there can be no price. You can sell your house for \$10,000 but there are traditions about that home, intrinsic values, which are inestimable. The exchange process is, therefore, also a moral process. It is the moral side which builds up this inestimable intrinsic value. There is a sacred obligation on all men to build well and honestly, for that other value is more important in life than the economic value.

C. T. Patch and H. O. Riggan left Southern Pines yesterday morning for a week-end trip to Morehead City and Beaufort.

A Warning

Public Cautioned to Avoid Fort Bragg Reservation During Spring Firing

The Spring and Summer Training period has opened on the Fort Bragg Military Reservation. During the period from April to October 1st, there will be almost daily artillery firing of all calibers on the reservation. All persons are cautioned that it is always dangerous to enter or traverse the reservation by any roads except Highway No. 53 and the Raeford-Vass Road, but that it is particularly dangerous during the active training season.

DR. McCAIN NEW PRESIDENT OF N. C. MEDICAL SOCIETY

Head of State Sanatorium Honored at Annual Meeting Held in Raleigh

DR. E. M. POATE A SPEAKER

Dr. Paul Pressly McCain, head of the State Sanatorium near Aberdeen, was elected president of the North Carolina Medical Association for 1933 at Wednesday night's session of the 80th annual gathering of that organization, held in Raleigh.

Dr. R. L. Phelps of Durham was elected first vice-president, Dr. L. D. Walker of Elizabeth City second vice-president. No secretary will be elected until next year when the three-year term of Dr. L. B. McBrayer of Southern Pines expires. Dr. Isaac H. Manning of Chapel Hill was installed as 1933 president to succeed Dr. John B. Wright, Raleigh.

The nominating committee's recommendation of Dr. McCain, Dr. Phelps and Dr. Walker was accepted without opposition by both the House of Delegates and the Society as a whole. It is the custom of the Society to choose its president-elect a year before he is inducted into office.

Wednesday night's session, occupied with reports, installation speeches and the election, marked the end of one of the most successful annual sessions held by the society, which was treated to a two-day program of instructive scientific papers and demonstrations, social and recreational entertainment.

There were 713 physicians registered for the sessions, the number being second in the history of the society only to the meeting held in Winston-Salem last year when 741 registered.

Dr. McCain was born in Due West, S. C., in 1884, the son of Professor

Bishop Penick To Preach Here Sunday

Head of Diocese of North Carolina To Pay Annual Visit to Emmanuel Church

The Right Reverend Edwin A. Penick, D. D., Bishop of the Diocese of North Carolina, will make his annual visitation to Emmanuel Church this Sunday, April 23rd, to administer the apostolic rite of Confirmation to a class of fifteen adults and children at the regular Sunday morning service at 11 o'clock. Bishop Penick will also preach at this service.

Bishop Penick, who was formerly Bishop-coadjutor of this diocese, became diocesan Bishop upon the death of Bishop Cheshire. He is widely known not only in this state but throughout the country. He is a member of the National Council, the administrative body of the entire Episcopal Church in the United States and abroad, a prominent figure in all affairs of the church, and an unusually fine speaker.

The public is cordially invited to attend the service at 11 o'clock.

QUOTA HERE FOR U. S. CONSERVATION CORPS SET AT 41

Unemployed May Make Application for Reforestation Jobs From Monday On

STATE ALLOTMENT 6,500

Moore county will be permitted to recruit 41 men as its quota for the Civilian Conservation Corps, and recruiting will start next Monday. Plans for starting the corps were completed at a meeting of the ten State district relief supervisors, held at Raleigh on Tuesday. North Carolina's initial allotment is 6,500 men, and the number allotted each county was determined at Tuesday's session.

Applications for the jobs will be received by the various county relief directors at their offices beginning Monday. In this county they may be made direct to the county chairman, H. Lee Thomas, at Carthage, or to the chairmen of township relief organizations. By Monday the county relief organization is expected to have been informed of definite steps to be followed after it has enlisted its allotment, or as many up to the limit of 41 as may desire to take advantage of this governmental plan for employment relief. It is understood the first men taken are to be single, that they are to be paid \$30 a month and be required to send a large proportion of this home to their families. It is probable that men from this section will go first to Fort Bragg for preliminary training and hardening before given forestry jobs about the country.

The number allotted each county was arrived at on a basis of both population and percentage of destitution in the county. Counties adjacent to Moore were given quotas as follows: Lee, 28; Hoke, 18; Scotland, 54.

Next Week Clean-Up Week in Aberdeen

Home and Garden Club Sponsors Move to Make Town More Attractive

The Home & Garden Club through the aid of the town Board of Aberdeen have set aside the week of April 24 to 29 as Clean-Up Week for Aberdeen.

This date is also being observed by the National Better Homes of America as Better Homes Week, with special emphasis on repair of old houses, modernization of homes and a general clean-up of all home premises.

"It seems only fitting that we should co-operate with this great national organization in trying to make our own town more attractive and healthful and a place of which we will all be proud," said a member of the club yesterday.

On Thursday and Friday the 27th and 28th, the town truck will call at all homes and places of business to collect trash and refuse if placed in a convenient place.

It is the hope of the Garden Club that every home and business house will cooperate in making next week a "Red Letter Clean-Up Week" in the history of Aberdeen.

MISS MAUNEY IN DEBUT RECITAL NEXT THURSDAY

The Society for Promotion of American Music, of which Edouard Albion of Pinehurst is president, will present Elizabeth Marshall Mauney, soprano, in her debut recital at the Carolina Theatre in Pinehurst next Thursday evening, April 27th, at 8:30 o'clock. There will be no admission charge. Everyone is cordially invited to hear this young artist in a program of outstanding music.

Miss Mauney has youth, charm, and above all a voice that reaches the heart. She has been selected by Mr. Albion as representative of the potential artistry to be found among the young people of North Carolina.

Hospital Gets \$150

Kiwanis Club Sells Dollar Tickets To Support Bed in Children's Ward

Paul Dana, treasurer, reported to the Kiwanis Club at its meeting Wednesday that \$150 had been turned over by the club to the Moore County Hospital from funds being raised through the sale of one dollar tickets to support a bed in the children's ward throughout this year. A dollar ticket takes care of one child one day, and club members have found little difficulty in enlisting support for their campaign to aid suffering youngsters who would otherwise be deprived of needed hospital care. All Kiwanis members have the dollar tickets for sale.

VASS ARRANGES FOR MARKETING DEWBERRY CROP

Chadbourne Association Will Have Charge of Auctions During Coming Season

GROWERS ENTHUSIASTIC

The announcement that the Chadbourne Marketing Association, an organization that for many years has operated one of the biggest and best regulated strawberry auction markets to be found in the South, will have charge of the dewberry auction market in Vass this season was greeted with hearty approval by a large group of dewberry growers and local business men gathered together in the Vass-Lakeview School auditorium on Tuesday evening to meet with Lacy Tate, manager of the Chadbourne Association.

The coming of this association means not only a market operated on a system that has been tested and improved in every possible way, but also a financial system that will be equally satisfactory. The Association and the Waccamaw Bank and Trust Company have the same managers and directors and in Chadbourne the bank runs the financial end of the market, the buyers paying through the bank for all berries on the day that they are bought. Likewise, the association will set up and operate its own paying office here and each farmer selling berries will get his money the day he sells his berries. With no banking facilities in Vass, the coming of a marketing association amply able to run the financial end of the business is an important matter.

Mr. Tate told in detail of the way the finances are managed on the Chadbourne market, and the system seems to be well nigh perfect, working for the sure protection of the grower and also assisting the buyers with rapid turn-overs, making their funds available in the shortest possible time. With Mr. Tate, who is cashier of the Chadbourne branch of the bank, were G. F. Strole, vice-president of the bank, and J. N. Coburn, cashier of the Whiteville office.

To Supply Crates

The association operates a crate factory in Chadbourne which has a capacity of 2,500 crates per day, and Mr. Tate stated that he would have a supply of crates in Vass that would be ample to take care of the needs of the farmers. Growers will be expected to pay cash for their crates, but in case of farmers who have no money with which to get started, the association will let them have crates sufficient for a couple of days picking and they will be expected to pay for these when the berries are sold, and with the money received from the berries, they will then be able to buy their crates as needed. Mr. Tate advised against carrying crates over from one year to the next on account of their getting damaged, and he said that at the end of the season, the association would take back any unused crates purchased from them and refund the money.

If the volume of crate sales is sufficient

COUNTY LEAGUE BASEBALL SEASON TO OPEN MAY 1ST

Game To Be Played at Southern Pines Between Aberdeen and Vass-Lakeview

GALA DAY IS PLANNED

Plans are being made for a grand opening for the 1933 season of the Moore County Baseball League with one game to be played at Southern Pines on the afternoon of May 1st between the two teams which were tied for first place at the end of the 1932 campaign, Aberdeen and Vass-Lakeview. The whole county is to be invited to the initial contest, a band is expected to enliven the proceedings and a gala day generally is looked for.

After that opening gun on the first day of the month, games will be played regularly throughout the summer season between the various teams of the league, Aberdeen, Pinehurst, Southern Pines, Vass-Lakeview, Cameron, West End and Carthage—all the teams which were in the fight last year with the exception of Thomastown. These teams are practicing every day now in preparation for the league battle, and if pre-season games are any criterion, Aberdeen and Vass are not going to be without serious competition for top honors this year. In three practice games played so far, Southern Pines, or instance, has defeated Aberdeen twice.

The largest crowd of the season so far turned out on Monday afternoon to witness the third of these battles between the old rivals, and saw Southern Pines win the rubber game to the tune of 6 to 9. The game was featured by bunching of hits and by frequent changes in the line-ups, no less than 28 players taking part. Bunched hits sent Patterson, McCall, Lawhon, Vann, Harris and Webster across the plate for Southern Pines in the second inning, the winners scoring all their runs in this frame. Don Maurer was the victim. Huntley then went into the box for Aberdeen and but one safety was registered off his delivery in six innings. Ferree scored two of Aberdeen's runs, Keith the other. Southern Pines used three pitchers, Lawhon, formerly with the Thomastown nine, Ketchum and Bernalfo. Catching most of the time for Southern Pines was youthful Rudy McCall, high school boy.

The following played for Aberdeen: Ferree, ss; Foley, lf; McLean, 1b; Russell, c; Huntley, cf and p; Leach, rf; Tarlton, 2b; Bobbitt, 3b and Maurer, p, with Keith, Upchurch, R. Maurer and DuMeer substituting.

Playing for Southern Pines were: Vann, 3b; Harris, 2b; Webster, ss; Buckley, rf; Weatherspoon, lf; Miller, cf; Patterson, 1b; McCall, c and Lawton, p, with the following substitutes: Ketchum, Bernalfo and T. Montesanti.

Southern Pines Must Find New Commissioner

E. C. Stevens of Present Board Not a Candidate.—Caucus on April 28th

dates for mayor and town commissioners at a caucus to be held in the High School auditorium next Friday night, April 28th, at 8 o'clock. Mayor Dorsey G. Stutz and Commissioners L. V. O'Callaghan, Charles S. Patch, George B. Case and Alfred Yeomans are expected to be renominated. The fifth member of the present board, Eugene E. Stevens, has announced that he is not a candidate for re-election, and although there is a likelihood that several candidates will be named at the caucus to fill his place on the board, no announcements of candidates for the job were made this week.

The following Tuesday, May 2d, will be election day. Only those qualified voters who have listed their names with Bruce Lewis, registrar, will be permitted to vote. Mr. Lewis has the town books open now at his office.
