

Horace H. Rackham of Pinehurst Leaves Millions to Charity

Southern Pines Church and Quaker Children's Home, McConnell, Beneficiaries

Two Moore county institutions, the Christian Science Church of Southern Pines and the Quaker Children's Home at McConnell, near High Falls, are beneficiaries under the will of Horace H. Rackham of Detroit and Pinehurst, who died on June 13th in Detroit at the age of 73 years. Mr. Rackham left an estate valued at close to \$25,000,000.

The will places administration of charities in control of a board of trustees, one member of which is the widow, Mary A. Rackham. The principal and income, the will specifies, is to be expended for "such benevolent, charitable, educational, scientific, religious and public purposes as in the judgment of the trustees will promote the health, welfare, happiness, education, training and development of men, women and children, particularly the sick, aged, young, erring, poor, crippled helpless handicapped, unfortunate and under-privileged, regardless of race, color, religious or

station, primarily in Michigan and elsewhere in the world." The bequest, attorneys said, is the largest single gift to charity in the history of Michigan.

Under special gifts made in the will, the University of Michigan regents will receive \$100,000 to be used as loans or gifts to deserving students. A score of other smaller bequests were made, many in Detroit. Those outside Detroit included \$50,000 to the First Church of Christ, Scientist, Boston, Mass.; \$50,000 to the Imperial council of the ancient order, Nobles of the Mystic Shrine, Washington for maintenance of Shriners' hospitals for crippled children; \$10,000 Quaker Children's Home, McConnell, N. C.; \$10,000, Christian Science Church of Southern Pines; \$10,000, Milligan College, Milligan Tenn. and \$5,000 to Tuskegee Normal and Industrial Institute, Tuskegee, Ala.

Mr. Rackham, at 45, borrowed \$5,000 to invest in stock of the Ford company and sixteen years later sold out to the Fords for \$12,500,000. He never put more than the initial \$5,000 into the company, and had drawn more than \$4,000,000 in dividends.
