

Newspapers Doing Their Share in U. S. Business Recovery

To Advertising Is Ascribed Prominent Part in Widespread Upturn in Business

To increased newspaper advertising is ascribed a prominent part "in the widespread upturn in business," according to a survey conducted by the magazine Editor and Publisher. Virtually every section reported "improvement in the attitude of the great masses, which are more hopeful than they were a year ago and NRA is credited to contributing to the improved tone."

An Omaha publisher cited the case of one of his state's largest department stores which used 16 pages of advertising in a single day and "made the largest unit sales in its 52 years of existence." From New York, where the trend was described as definitely upward, there was said to be "an increasing success of quality offers. Milwaukee observers were optimistic. Factories in that city were reported as employing 45 per cent more persons and paying 61 per cent more wages than a year ago. Its three largest department stores "broke all records for sales transactions on single days late in October."

New automobile sales of last 3 months tripled the volume of the same period last year, as applied to all reporting regions.

Retail stores in Des Moines, Iowa, were reported "showing large gains over last year," as were those of St. Louis and Kansas City. A leading hardware concern in the latter city showed an 80 per cent increase in sales over a year ago. In the great dairy section centering in Sheboygan, Wis., a visible business upturn is noted through increase in farm prices. This report asserts that "the masses are hopeful and pin their faith in Roosevelt and the N. R. A."

The reports from Wichita, summed up the situation for Kansas "in one word—hopeful." It added: "The NRA and other Federal programs have tremendously increased the business tone." Similar optimism was reported from the Northwest and along the Pacific coast and the survey continues, "encouraging comments have been received from Texas, Oklahoma, and other states, and particularly from the Southwest," and adds:

"Real enthusiasm marked the reports from the South." "Optimism has completely routed gloom," said the report from Nashville, which has just voted to spend \$4,000,000 on public works. Miami, Fla., reported that "every hotel shows gains of from 25 to 45 per cent in the number of guests," and transportation companies there had "extraordinarily heavy advance bookings for the winter months." One Florida newspaper reported an increase in November of 17 percent in its local advertising and 36 percent in national advertising lineage over November 1932. Richmond, Va., reported a retail business increase of 8.2 per cent in October over the corresponding period last year.

MISS REED OF CAMERON AND JOHN MARION WED

Miss Mollie Reed and John Marion were united in marriage on Dec. 23 at the home of the bride's parents, Mr. and Mrs. Jess Reed, near Cameron. The marriage vows were spoken by the Rev. M. D. McNeill of Cameron, who used the ring ceremony of the Presbyterian church. The living room was decorated in the Christmas colors and soft candle light threw a mellow glow over the impressive scene. The wedding march was played by Miss Eva Graham.

Miss Reed is a graduate nurse, completing her course at Hamlet Hospital. She has been located at Pinehurst, and nursing at Moore County Hospital. She is a young woman of high Christian standing, and enjoys the esteem of a wide circle of friends. Mr. Marion is a substantial farmer, a man prominent in his community; his home is on Route 1, Cameron, where he and his bride will reside.

Runs Into Auto

But Eight-Year Old Yells "No" and Scampers When Doctor Is Mentioned

John Everett, eight-year-old Vass school boy, reversed the usual procedure and ran into an automobile on Tuesday afternoon, the accident occurring on Highway No. 1 where it crosses the street leading to the Vass-Lakeview school building. The automobile was not damaged, neither was John, for when the driver of the car mentioned taking the lad to the doctor, he emphasized his "No!" with a beautiful cross-country sprint.

According to one of John's little classmates, "John thought he was going to run back of the car." The child, who was crossing the highway en route to his home, evidently had up more speed than he knew for he ran against the side of the car and was knocked down.

Tourist Association to Entertain Each Friday

Visitors Welcome to Card Parties To Be Held Weekly at Jack's Grill

The Southern Pines Tourist Association will sponsor a card party each Friday night, beginning this week, for the remainder of the season. These events will be held at Jack's Grill. A trial party was held last Friday and proved such a success that the members of the association voted to continue them throughout the winter months. Seven tables were in play last week.

The small fee of twenty-five cents per person will be charged to cover the expenses of this entertainment. Prizes for winners and low scores will be awarded and light refreshments will be served.

A popular feature of this event, especially to non-bridge players, is the fact that any kind of cards may be played. At the trial party tables of bridge, 500, pinochle, and other games were in progress.

Anyone is welcome to attend these functions. The Tourist Association is especially anxious for winter visitors of Southern Pines to be present. You are requested to notify either Mr. Jackman, Mr. Schwartz, or Mr. and Mrs. D. H. Turner, who compose the entertainment committee, of your desire to play, by noon on Friday. Please make reservations by tables. On the Friday evening nearest the 15th of each month these card parties will be omitted in order that the regular monthly entertainment of the Tourist Association may be held.
