Federal income taxes in North Carolina due and paid around March 15 have exceeded the payments made during the same period a year ago and there was an increase in the numbers of income taxpayers, Collector Charles H. Robertson reports.

Collections for March 1 to 20 reached \$3,166,860.31, or \$34,546.97 more than the \$3,132,313.34 collected in the same period last year, and 3,359 more returns were filed up to March 16 than in the same period last year, he said.

Income tax collections in the State for the fiscal year starting July 1, 1933, and up to March 20, reached \$10,901,729.40, or \$1,952,694.91 more than the \$8,949,034.49 paid in the same period of the preceding fiscal year. Mr. Robertson reported.

Major Graham K. Hobbs, Wilmington, has been appointed commissioner of the World War Veterans Loan fund, to succeed John Hall Manning, resigned to become assistant district attorney for the eastern Federal district. He won over a field of about 15 applicants, in which Tracy Moore, Greensboro, member of the 1933 General Assembly, was considered a leader. The commission consists of five State officials with Secretary of State Stacy Wade as chairman. The post administers the home building fund for veterans and pays \$3,500 a year.

Fourteen hundred tickets to the Jackson Day dinner to be held at Raleigh Memorial Auditorium March 31 have been sent to the counties and many of them are calling for additional tickets. Mrs. May Evans, head of the Young Democrats of the State, announces. Attendance is expected to be 1500 or more.

A full afternoon and evening is planned. The executive committee meets in the afternoon, a rally will be held from 6 to 7 o'clock in the evening, the dinner proper from 7 to 10 and dancing from 10 to 12 o'clock.

Senator Bennett Champ Clark, of Missouri, son of the former Speaker of the House of Representatives, will be the principal speaker. Others will be former Governor O. Max Gardner, Senator J. W. Bailey, Governor Ehringhaus, and others.

The occasion, as formerly, is to be a notable gathering of Democrats of the State, young and old, men and women.

Does the regular old fashioned local lizard bite, and if so, is that bite poisonous to the human system? are two questions that are bothering Industrial Commissioner J. Dewey Dorsett in a Workmen's Compensation case. A woman employed in a textile mill discovered a lizard on the toe of her shoe and shook her foot to dislodge it. The lizard ran up her leg to a point just above the knee where she slapped it. She claimed the lizard bit her and a black spot developed. It was finally cut out and the place bandaged. Small blisters began to develop around the bandage. Insurance adjusters claim the woman used carbolic acid or cigarettes to burn the blisters. Commissioner Dorsett was not satisfied so he ordered the woman sent to Duke Hospital for observation.

More than half a million bushels of oysters and shells had been planted in the waters of eight North Carolina counties by the CWA through the week ending February 21 under the Department of Conservation and Development, Director R. Bruce Etheridge reports.

If *Solomon* were alive today
...this is what you'd hear him say!

"So you want to know what motor car to buy? Well, this is my best advice:

"First, be sure it is a General Motors car. General Motors, remember, is the foremost automotive organization in the world—with the greatest experience and the finest facilities for building superior automobiles.

"Second, be sure it is an eight-cylinder car. The trend today is unquestionably toward the Eight because of its greater smoothness and finer performance.

"Third, be sure it is a Straight Eight. The Straight Eight engine, you know, has been developed to a state of highest perfection for use in cars of the more popular type.

"Fourth, be sure it is not too expensive. Nowadays you can get good cars for comparatively little money.

"Fifth, be sure it has a Fisher body, for in no other can you get the quality for which bodies by Fisher have long been famous.

"Sixth, and most important of all, be sure it is a car you can be proud of. No car is a bargain unless you can be happy with it.

"Now, if you have studied cars, you will know that there is only one car on the market that meets my description—the Pontiac Straight Eight!

"Pontiac is practically no more expensive to buy and no more expensive to operate than cars in the very lowest-price field.

"Pontiac lifts you out of the mass group and into the class group at almost no additional cost.

"Yes, Pontiac is the car I think the average American family should buy!"

Why not come in and see the new Pontiac Straight Eight—get behind the wheel and put it through its paces?
