

MOORE COUNTY'S LEADING NEWS-WEEKLY

THE PILOT

FIRST IN NEWS, CIRCULATION & ADVERTISING

A Paper Devoted to the Upbuilding of the Sandhill Territory of North Carolina

VOL. 15, NO. 28.

Southern Pines and Aberdeen, North Carolina, Friday, June 8, 1934.

FIVE CENTS

\$77,000 Provided for New Postoffice Here in Measure of Congress Finance Body

Allotment For Southern Pines Cut \$18,000 But Prompt Action is Indicated

LAMBETH 'WELL PLEASED'

Though with \$18,000 sliced off the original appropriation Southern Pines will get its new postoffice building in the near future if the Appropriations committee of the House of Representatives has its way. According to a special despatch to The Pilot from Washington, the road was paved this week for diverting \$65,000,000 of Public Works Administration money into the postoffice building program by the reporting of an emergency appropriation bill. Of this sum \$1,834,000 would come to North Carolina. \$77,000 to Southern Pines. The appropriations committee in fact took up the old Hoover program of providing employment in the building industry and restored the plan, cast into the governmental waste basket a year ago when the Public Works Administration took over the postoffice building projects. Congress had voted the postoffice building fund to the CCC camps on assurance that it would be restored from the recovery act funds, but since the PWA has authorized only about 230 new postoffices of the 600 that had been authorized by Congress and for which money had been appropriated, they are now put back on the lists.

Some changes are made in the North Carolina program, however, as compared with the appropriations two years ago. Changes are: Albemarle, reduced \$160,000; Dunn, cut \$7,000; Fayetteville, reduced \$8,000; Gastonia, slashed \$74,000; Morganton, reduced \$10,000; Raleigh, increased \$26,000; Reidsville, increased \$38,000; Sanford, cut \$1,500; Shelby, reduced \$165,000; Rockingham, increased \$30,000; Southern Pines, reduced \$18,000; Wilmington, reduced \$7,000, and Winston-Salem, \$100,000.

Owing to the fact that material and labor has increased 25 per cent since January 1, 1933, and proposals for bids have necessarily been rescinded in a number of instances as was done at North Wilkesboro, the committee asks Congress to appropriate \$2,500,000 to be used in caring for projects

Ben Brown Resigns as High School Coach

Genuine Regret Expressed at Leaving of Efficient Member of Faculty

To the regret of the School Board, the faculty and students of the Southern Pines High School Ben Brown has resigned his position at the school and returns to Charlotte to enter the insurance business. Coming here two years ago with Superintendent Webster Mr. Brown has gained the esteem of the students, fostered a new spirit in athletic and sportsmanship in the school, a spirit now so firmly entrenched that the Moore County banner for good sportsmanship was this year awarded to the school. Following the presentation of diplomas Monday night the Class of 1934 presented to Mr. Brown a handsome travelling bag in appreciation of his work here.

MOORE COUNTY HOSPITAL HAS A BOY FOUNDLING

The Moore County Hospital has its second foundling. A boy baby, aged about four weeks, was brought to the institution recently by Chief of Police Gargis of Southern Pines. The baby was found on the doorstep of a house near the bridge under construction over the Seaboard tracks at the south end of town. He was well dressed and is a fine healthy looking, dark haired youngster. It is the duty of the hospital to find a home for the baby or to send the young man to a foundlings home in the state. Officials of the hospital are hopeful that some good home may be found for him in the county.

Half Holidays

Stores and Postoffice to Close Wednesday Afternoon During Summer Months

Following the custom of the past ten years nearly all the Southern Pines stores closed Wednesday afternoon and will continue so to do during the summer months. The postoffice will close at 12:30 o'clock, but the bank will remain open until 2 o'clock. The drug stores and Hayes book shop will not close. Aberdeen stores are also closing on Wednesday afternoons.

NORMAL PEACH CROP PREDICTED FOR THIS SECTION

Some 2,000 Cars in Prospect, With Few Mayflowers Already on the Market

10,000 CARS IN GEORGIA

The production of a normal crop of peaches in the Sandhills for this season. A few Mayflowers already have reached the market, selling from four to five dollars a bushel. This, however is not considered a criterion upon which to base the ultimate results for the season.

The main crop of peaches, beginning with Hiley Belles, is not expected to start prior to July 10 to 15, 10 days or two weeks later than last year. Likewise Georgia Belles probably will move July 20 to 25 and Elbertas July 30 to August 5.

It is expected that Georgia will produce 10,000 cars of peaches this year but present conditions point to the greater part of the crop south of Macon being moved prior to the starting of the main crop in North Carolina. Likewise this should be true of California.

This will leave Elbertas from middle Georgia and in addition, North Georgia, Tennessee and Arkansas, to compete with North Carolina. There is a short crop in the north. Were it not for the way every perishable deal has turned out this year, one could be fairly encouraged regarding the outlook but asparagus, strawberries, beans, cabbage and potatoes have been very unsatisfactory and just now dewberries are beginning very low, so one cannot expect too much for peaches in light of the heavy crop in competing sections.

HOSPITAL DIRECTORS MEET

Directors of the Moore County Hospital held their quarterly meeting at the hospital on Wednesday afternoon. Only routine business was performed. In the absence of President Edgar T. Chapman James Boyd presided.

COMMENCEMENT ADDRESS MOVES AUDIENCE OF 500

Stirring Talk to S. P. High School Seniors Delivered by Dr. G. Ray Jordan

29 AWARDED DIPLOMAS

"Face life squarely and honestly, and do the best you can," said the Rev. G. Ray Jordan of Winston-Salem in his powerful address to the twenty-nine graduates of the Southern Pines High School on Monday night. Over 500 people packed the school auditorium for this program.

Dr. Jordan's commencement address was one of the best and most moving ever heard in Southern Pines and made a deep impression on every person in the hall.

The Seniors entered the auditorium in single file between two rows of alumni and took their places on the attractively decorated stage where the speakers were awaiting them.

The Rev. Craighill Brown presented the speaker of the evening with a few well-chosen words. Miss Jean Lane presented Morrell Bentley with the D. A. R. medal for excellence in American History, and the diplomas were awarded by Dr. George G. Herr, president of the school board. A piano solo by Sarah Stewart and a vocal solo by Alice Abel were other numbers on the program.

Tom Carlisle, as president of the student body, presented Mr. Brown with a handsome traveling bag, a token of the esteem in which this member of the faculty has been held by the students. Mr. Brown has resigned from the faculty to accept a position in another field.

The program closed with the singing of the Alma Mater by the glee clubs and the benediction delivered by Father Dillon.

The Rev. T. A. Cheatham of Pinehurst delivered the Baccalaureate sermon on Sunday night at the Church of Wide Fellowship. His address dealt with the greater freedom and advantages enjoyed by the youth of today, and the opportunities they have to succeed in life. "To choose the right things and to reject the wrong, is the greatest test of character," said Dr. Cheatham to the graduates.

The Rev. F. Craighill Brown and the Rev. J. Fred Stimson assisted in the service Katherine Buchan gave a vocal solo and the glee club sang.

The Class Day exercises last Friday night were attended by nearly 400 persons and an interesting program featuring the members of the graduating class was presented. George Moore, Jr., opened the program with his president's address. Other speakers, all of whom showed a poise and delivery of which to be proud, were Susan Swett, Alice Abel, Helena Kelly, Tom Carlisle, E. J. Austin and Morrell Bentley.

The class presented to the school a handsome statue of the Winged Victory and a beautifully bound Bible. These gifts were accepted by Superintendent Frank Webster. Songs by the glee club and a piano solo by Edith Poate completed the program.

The Pilot to Conduct Cooking School Here on June 21st

All-Electric Model Kitchen to Be Demonstrated With New Ideas, New Recipes

Arrangements are nearing completion for the bringing to Southern Pines something entirely new in cooking schools. You have witnessed electric range demonstrations and cooking schools where all-electric equipment was used, but never before has an all-electric demonstration been conducted in this city from an actual kitchen which will be brought to the Civic Club here Thursday and Friday, June 21 and 22.

With the coming of warm weather the average home-maker begins to search for new recipes and new ideas which, when put into practice, will lighten her work and shorten the numbers of hours she spends in the kitchen. The all-electric kitchen is designed to reduce the number of steps taken, and the menus to be prepared will require a minimum of time.

According to a survey conducted throughout hundreds of cities in the United States the average housekeeper walks a distance each year as far as from Boston to San Francisco. A policeman walks on the average of 14 miles a day; a waiter 12 1-2 miles a day; sales girls 8 miles, according to those who compiled the information.

Most of us have sympathy for the policeman, the waiter, and the store sales girl because they must spend so many hours on their feet and walk long distances daily. However, the home-maker, or the housekeeper, walks very nearly as far every day as does the policeman or the waiter.

It is the needless steps that tire the busy housewife and add to her problems of managing a household. General Electric experts have worked out plans to reduce those unnecessary steps.

Today, the modern, all-electric kitchen not only saves steps but time—kitchens are scientifically arranged. Range, refrigerator, dishwasher, sink and cupboard storage space—all are designed for certain spaces which will save steps.

Grandmother perhaps walked more than 8 or 9 miles a day in her household work. The modern woman, with efficient equipment such as will be used during the all-electric kitchen demonstration, walks much less than the average woman.

It is the purpose of The Pilot to bring you practical information and make of this cooking school the most modern it has been your privilege to attend.

KIWANIS CLUB HEARS OF LOCAL GOAT FARM

The Rev. J. Fred Stimson told the Kiwanis Club of the advantages of goat's milk and of raising goats at the weekly meeting held Wednesday in the Community Church, Pinehurst, giving a most interesting talk on his experiences with the animals. Mr. Stimson and Col. G. P. Hawes of Pinehurst are both interested in goat farming and making a success of the venture.

Win at Polls

F. DON PHILLIPS Named for Superior Court Judge

UNION L. SPENCE Nominated for State Senate

A & R RAILROAD TO EXTEND TRACKS TO CAPE FEAR RIVER

To Connect With Shipping Terminals as River Traffic to the Sea Opens

Application of the Aberdeen & Rockfish Railroad, with headquarters in Aberdeen, to extend its tracks one mile to the banks of the Cape Fear River in Fayetteville has been approved by the Interstate Commerce Commission, it was learned this week.

The application was made recently following the decision of the government to make the Cape Fear navigable for large ships from Fayetteville to the Atlantic ocean at Wilmington. Terminals are to be constructed by the City of Fayetteville in connection with the deepening of the river channel, and the railroad plans to extend its present line, which runs from Aberdeen to Fayetteville, to these terminals to connect with shipping traffic.

No 2d Primary Expected Here; Brown Retires

Primary Elections Return Most of Present Officeholders to Democratic Ticket

JUDGE HUMBER BEATEN

"I will not call a second primary and have so notified my successful opponent," R. Lane Brown, second man in the three-cornered race for Solicitor of the 13th Judicial district told The Pilot over long distance telephone yesterday. Rowland S. Pruette of Wadesboro is therefore the duly nominated Democratic candidate for successor to F. Don Phillips.

Don Phillips, of Rockingham, upset many predictions in defeating Superior Court Judge A. M. Stack for judge of the 13th district, which includes Moore county. Phillips carried Moore county by 2333 to 1418 votes, the district by close to 1400 votes.

The decision of Mr. Brown not to call a second primary is expected to mean that no such primary will be held in Moore, the local candidates having the right up to Sunday, June 10th to call one being loath to take the responsibility for such a move owing to the expense to taxpayers. Had Mr. Brown called for the primary it is probable that there would have been further voting for State Senator, the House of Representatives and the County Commissioner from the 1st district.

With few exceptions, those in public office in Moore county were renominated for these offices in the Democratic primary held last Saturday. For the most part the electorate gave them a vote of confidence in and satisfaction with their administration.

Rowe Defeats Humber

Two upsets marked the county voting. J. Vance Rowe, mayor of Aberdeen, was nominated to succeed Judge George H. Humber in the Recorder's Court. Judge Humber has occupied this bench since the establishment of a Recorder's Court in Moore county. D. D. McCrimmon of Hemp was named to supplant E. C. Matheson as the Democratic nominee for County Commissioner from the 2d district. Mr. Matheson has been on the county board off and on since 1896, a remarkable record.

For the more important posts, Union L. Spence of Carthage won out in the three-cornered fight for the nomination for State Senator. The vote was close, Mr. Spence having 1653, S. H. Miller of Carthage, 1272 and Sam R. Hoyle 805. W. R. Clegg almost doubled the vote of his nearest rival in the race for the nomination for the House of Representatives, having 1676 to A. B. Cameron's 877, N. L. Gibbon's 842 and Jesse D. Frink's 337. Mr. Cameron is the present representative of the county in the Legislature.

Charles J. McDonald was re-named for Sheriff, polling 1991 votes to the 1215 for K. G. Deaton of Aberdeen and the 607 for T. L. Blue of the Eureka section.

Currie Victorious

There were three contests for county commissionership, one of which came close to dislodging the present chairman of the board, Wilbur H. Currie. Mr. Currie polled 1744 votes against 1536 for his fellow townsman in Carthage, L. Reid Flinchum, D. A. McDonald, a third candidate, was given a total of 374.

In the 2d district McCrimmon beat Matheson by the scant margin of 36 votes; in the 5th district Gordon Cameron was named over C. F. Leavitt by a good margin. Cameron is a present member of the board.

As usual W. J. Harrington topped the list in votes, having a total of 2495 in his campaign for renomination as Register of Deeds. D. Carl Fry was renominated for Coroner over L. T. Clark of Southern Pines. There were three contests in the
