MOTORISTS WARNED NOT TO OBSTRUCT FIRE APPARATUS

City Clerk Howard Burns announced yesterday that unless motorists around Southern Pines who get in the way of fire apparatus on its way to fires are more careful the police will be instructed to "do their duty." On a number of occasions the apparatus has been forced to slow down to keep from running into automobiles. When a driver sees or hears approaching apparatus he should immediately drive up to the curb and stop until it has passed out of the way, and make sure no other apparatus is coming before starting up again. Following too closely behind fire apparatus is also dangerous.

MULE DERBY TO FEATURE FARMER'S DAY AT FAIR

Somewhere in North Carolina a lazy mule, probably taking life easy after a summer's labor in cotton, corn and tobacco fields, awaits a crowning as the fleetest of his kind in the entire state.

The coronation will take place following the running of the "Mule Derby," a comedy feature arranged for the "Farmers' Day" program at the State Fair on Saturday afternoon only, October 13.

Negro bareback riders will pilot the contenders in their laugh provoking spin around the half mile State Fair oval, one of a dozen novelty events scheduled for the matinee.

Use Pilot "Want Ads" They bring quick results. Only a cent a word.

COUNTY FARMERS PLANTING MUCH SMALL GRAIN

Farmers of Moore County are now placing orders for small grain seed to be planted this fall, reports County Agent E. H. Garrison. Vetch and wheat are the two principal crops to be seeded. Wheat plantings have more than doubled in many sections of the county during the past few years and practically every farmer in the county is now seeding a small acreage of this grain. Garrison also reports much damage to the cotton crop by continue! wet weather. Both picking and ginning have been delayed and where cotton has been picked it is too wet to gin, he says.

Fresh country produce at the Curb Market every Saturday morning in Southern Pines.
