

### George Pottle Heads High School Students

**Elected President After Close Contest.—Sarah McKain Senior Class Head**

George Pottle heads the student body of Southern Pines High School for the coming year. He was elected by the students this week in a close race between eight candidates, and it was only on the third ballot that the issue was decided. Harold Fowler was a close second and D. Al. Blue, Jr. ranked third. Other candidates were Clem Wrenn, Jr., David Phillaman, Sarah Louise McKain, Caroline Lewis and Jean Zimmerman.

In the Senior Class elections, also held this week, Sarah Louise McKain was elected president. D. Al. Blue, Jr., vice president, Clem Wrenn, treasurer and Hazel Twombly, secretary.

The champion Dramatic and Glee Clubs, again under the direction of Frederick Stanley Smith and Miss Falkner, respectively, have already begun preparation for the defense of their State titles. Tennis is the only form of athletics at present going on in the schools. Class teams are being formed and an inter-class tournament is planned for the near future, after which the school teams will be picked and outside matches begun.

Visit the Curb Market on Saturday mornings in Southern Pines.

## 166 Accidents in Moore County Reported to the State Last Year

North Carolina workers coming under the State Workmen's Compensation Act have had 139,906 accidents that were reported during the five years of operation of the act, for which they have received in excess of \$4,000,000 and doctors and hospitals have received some \$2,000,000, according to the biennial report of the N. C. Industrial Commission, now being compiled.

The compensation report reflects the recent depression, indicating the numbers of workers in mills, factories and other activities. The first year of the act showed the largest number of accidents, 32,821, when the mills were all humming in 1929-30 in activity. The drop has been large and consistent until 1932-33.

Of the 23,633 accidents for 1932-33, 84 were fatal, 644 resulted in partial permanent disability, 5,959 resulted in total disability for a period, and 16,948 were medical cases only, with no loss of time. Compensation paid that year was \$775,420, while medical and hospital costs paid were \$82,923. Last year, 1933-34, of the 28,814 injuries, 86 were fatal, 695 resulted in partial permanent disability, 6,637 in total disability temporarily, and 21,396 were medical cases only. Compensation that year amounted to \$779,491, while doctors and hospitals were paid \$338,680.

Moore county had 166 accidents subject to the act last year, 1933-34, of which none were fatal, three were permanent partial disability, 52 were disabled temporarily and 111 were medical cases only, while compensation paid workers and families of deceased workers was \$3,049.00 and \$2,605.00 was paid for medical and hospital treatment. The year before, 1932-33, there were 151 accidents in this county, of which none were fatal, 4 resulted in permanent partial disability, 49 in temporary disability, and 98 were medical only, while compensation paid workers or their families was \$3,092.00 and medical and hospital costs reached \$2,652.00, the report shows.

### BANK PROPERTY TO BE SOLD TO AID CREDITORS

Real estate having a book value of \$3,595,707.37 and formerly owned by 108 banks in 94 North Carolina cities and towns, is to be offered for sale during the next few months by the State Banking Department, Commissioner of Banks Gurney P. Hood announces. This is not banking houses, but is property held outside by the banks, consisting largely of farms in the counties in which the banks were located or city property in the towns in which the banks operated. Commissioner Hood had previously announced his purpose of selling the bank buildings. He hopes to be able to sell all of both classes of property by January 1 in order to create assets with which to pay off depositors of the closed banks. Both the bank buildings and other real estate are being advertised in newspapers located in or near the towns or cities in which the banks operated. Property to be sold in Moore county was that held by the Page Trust Co. Aberdeen, book value \$30,476.44.

## Old Bethesda

A Sandhills Classic—a Narrative of a Great Development

BY BION H. BUTLER

To better understand the sentiment and meaning of the Homecoming at the ancient Bethesda Shrine you should have a copy of Old Bethesda, the historical account of the development of this section, which with the old church has been of inestimable influence in the development of the whole nation.

Old Bethesda as an organized factor in the progress of this nation is older than the Federal government. It is one of the outstanding pioneers of religion, of education, of industry, of the construction of the republic, and of vastly greater importance in the whole world's work than many people are aware.

To appreciate the Sandhills, as well as all the rest of the state and nation, you should know the history that is chronicled in the book, for it is the foundation narrative of what this country has achieved.

Get a copy from

HAYES' BOOK SHOP IN SOUTHERN PINES

of from

MRS. MABEL BETHUNE AT ABERDEEN

and get it in time to run over it and be familiar with the story of the old church before you go to the Homecoming Sunday. Then be sure to go to the Homecoming. It will be enlightening.
