## Hope to Raise \$50,000 in State This Year to Fight Tuberculosis

### Dr. McBrayer Says Disease Can Be Practically Stamped Out with Sufficient Funds

Dr. L. B. McBrayer of Southern Pines was among the speakers at a meeting of tuberculosis seal sale leaders held last week in Charlotte. The principal speaker was C. L. Newcomb, national director of seal sales.

While great progress has been made in the fight on tuberculosis in the 30 years existence of the National Tuberculosis Association, much remains to be done when it is taken into consideration that approximately 90,000 people will die of the disease in the next 12 months. Mr. Newcomb, declared.

"The annual death rate has been decreased from 200 per 100,000 inhabitants in 1904 to 50 per 100,000 at the present time," Mr. Newcomb said.

He expressed the belief that within a few years the death rate will have dropped to as low as 25 per 100,000 population and by that time the work of the association will have been accomplished and that state and local governments will take over the task.

Dr. McBrayer of the North Carolina Tuberculosis Association, expressed the belief that the disease can practically be stamped out if sufficient money could be secured.

### More Money Needed

"We have made a study of the disease until our knowledge has progressed to the point where there would be little to fear from tuberculosis, but it will take far more money than we are securing now," he declared.

Mr. Newcomb urged those present to make every effort to bring their sales up by increasing the interest of the public with newspaper publicity, posters and in all other ways possible.

"I have been traveling in various parts of the country and have found

### In Recorder's Court

#### Medlin Must Be Good or Serve Two Years.—Light Docket Faces Judge

The lightest docket of recent months faced the Recorder's Court on Tuesday with only four new cases coming up for trial.

K. M. Medlin, white of the Cameron section, charged with an assault with a deadly weapon, was found guilty. According to the evidence, he returned to his home under the influence of liquor one night and began throwing things around, frightening his wife, and when he stooped as if to pick up a chair, she gathered together the children and ran from the home. She testified that he was good to her when he was not drinking, and asked clemency for him. He was given six months on the roads, execution to issue at the will of the court at any time in two years upon condition that he pay the costs, remain on good behavior and refrain from abusing his family.

Ben Northcutt, white, who was given a suspended sentence two weeks ago on a charge of violating the prohibition law, pleaded guilty to being publicly drunk and disorderly on the streets of Hemp. The case was left open until next Monday.

J. C. Hunsucker, charged with being drunk in Hemp, was called and failed. It was ordered that a capias be issued to bring him into court.

Leroy McNeill, colored of Southern Pines, was given 60 days on the roads to be suspended upon payment of the costs and \$51.50 to J. B. Quick of St. Paul for damage to his car which McNeill ran into. This case was tried last week, but prayer for judgment was continued until this Tuesday. Being unable to raise the total amount of \$93.50, McNeill was obliged to return to jail for the time being.

people more in the fram of mind of giving to such a worthy cause than they have in a long time," he said.

"Our high mark was in 1929 when \$5,500,000 was raised. This sum dropped to about \$3,500,000 during the depression, but the turn in business has been made and I am confident that there will be an increase in sales this year."

North Carolina raised approximately \$35,000 last year. Dr. McBrayer said he has hopes of raising \$50,000 this year.

Attention was called to the fact that all but five cents of every dollar stays in the state. Of the money spent in the state, 25 cents of every dollar goes directly to health education.

Twenty-two cents goes into the seal sales, which is considered an indirect form of health indication. About 15 cents goes to institutions, seven and a half cents to nursing, five cents to clinics, eight cents to special work, with the remainder scattered over several forms of fighting the disease.

### PINEHURST

The regular monthly meeting of the Pinehurst Parent-Teacher Association will be held next Wednesday, October 17 in the school auditorium at 3:15 o'clock. Those attending are requested to bring magazines which they have finished reading.

Mr. and Mrs. C. L. Plummer of Augusta, Me., spent the week-end with Dr. and Mrs. Jackson on their way to Miami, Fla.

Misses Annie Payne and Mary Gates of Niantic, Conn., arrived Thursday.

Carrol Bowman of Aberdeen spent the week-end with Cora Wallace.

Polly Cox entertained a few of her friends Wednesday in honor of her birthday. Games and contests were enjoyed by the following guests: Wanda Newell, Alberta Fletcher, Alda, Peggy and Ella Mac Johnson, Cora Wallace, Betty Warner, Virginia Adcox, Alice Adams and Virginia and Janie Hern.

Mr. and Mrs. Luther Tyner of Pinebluff announce the birth of a son on Thursday, October 24.

### SMASH WINDOW IN VASS STORE, STEAL CIGARETTES

Some folks would walk a mile for a Camel, others would throw a brick through a glass door for their favorite smoke. The latter class visited the store of A. W. McNeill in Vass on Monday night, hurled a brick through the front door with force sufficient to send pieces of glass to the rear of the large building, and helped themselves to cigarettes. No trace of the guilty party has been found.

It Pays to Advertise in The Pilot.

### ANNOUNCEMENT
