

Soiree Musicale at Boyd Home Tuesday

Excellent Program Arranged for First of Series by Music Society Here

The first of the series of musical evenings planned by the Southern Pines Music Society will take place next Tuesday, January 15th at the home of James Boyd. The special features of the evening will be a mixed quartette, the Rev. Mr. and Mrs. McKelway of Pinehurst and Rev. and Mr. Gibson of Sanford. Those who have had an opportunity to enjoy the delightful singing of this quartette will look forward to a second hearing. Those who have not yet heard them are assured of a very rare musical treat.

The Music Society's string orchestra will contribute two or three numbers, and it is hoped that old members of the Sandhill Sixteen will be on hand to take part in the program. There will also be general singing of old familiar songs by everybody under the leadership of Frederick Stanley Smith, and impromptu combinations of singers or players.

This very unusual musical event is for members of the Music Society only. Any one can join the society by sending either \$1.00 for an active, \$5.00 for a sustaining, or \$25.00 for a patron membership to Miss Mary Yeomans, secretary. Each dollar paid in dues entitles you or one member of your family to enjoy these evenings of music. Special invitations will be mailed to all members. If you are a paid-up member and if, by any chance, one of these does not reach you, come anyhow. Any who would like to join on the 15th will also be welcome.

Alex Brewer has moved his family from Eagle Springs to Aberdeen and is occupying the J. F. Deaton residence. Mr. Brewer will be connected with the Max Filling Station.

TIME REOPENED FOR TOBACCO CONTRACTS

"We have just received word from Mr. Floyd that those parties who are eligible to sign tobacco contracts but have not done so, will be given an opportunity to sign these up, beginning Saturday January 5th and ending January 19th." County Agent E. H. Garrison, Jr., announced this week. "This

will give two weeks in which to get this work done. Only parties who have had tobacco in 1931, 1932 or 1933 will come under the above classification. After these contracts are out of the way there will be some allotments made to those who are not eligible to sign contracts. We do not know how much this will be or who will be eligible, as we have had no instructions at all in regard to this. We have been assured that all this will be cleared up before planting time so that you will know just what you will be entitled to before you get ready to plant."
