

Mrs. Sanborn Elected Bird Club President

Members Protest Uprooting of Native Plants For Sale by Children on Streets

The annual meeting of the Southern Pines Bird Club was held on Tuesday, February 26th, at the New England House when the following officers were elected to serve for the coming year: President, Mrs. Nellie F. Sanborn; vice-president, William Hutt; treasurer, W. F. Ambrose; corresponding secretary, Mrs. J. W. McMillan; recording secretary, Mrs. Lorenson. Miss Mary Maither was re-elected honorary president of the club.

The uncertain and threatening weather on Tuesday prevented many members from attending the meeting, and those who went on the hunt found a very limited number of birds in evidence.

That there is a very vital interest in the birds of the Sandhills is demonstrated at each meeting when several visitors arrive who are in town temporarily. These encourage the activities and motives of the club not only by their presence but also by their membership support.

At the meeting of February 12th, the members of the club voted to register their protest of the uprooting of the native small plants by the children who sell them on the streets, and to discourage this destruction, which will, of course, eventually exterminate these picturesque and lovely galax and pitcher plants. It was agreed that none of the plants would be bought that had had their roots torn from the ground.
