

McDonald Gets 60 Days After Quilter Death

Driver of Car From Which Woman Fell Fails To Pay His Fine of \$75

Upon his failure to pay the fine of \$75 and the costs imposed upon him at the March 25th term of Recorder's Court when he was found guilty of driving an automobile while intoxicated, L. M. McDonald, white of Southern Pines, has been sent to the roads for 60 days. McDonald was the driver of the car from which Mrs. Quilter, a winter resident of Southern Pines, fell to her death.

Every man who undertakes to discipline his wife with a switch should be careful which end of the switch he uses for a handle and which he uses for a "switcher," for it may make a big difference in more ways than one, for the switch-er and the switch-ee. If Jerome Jackson, colored man of Cameron, had used his switch the other way 'round, striking with the big end, he would probably have been found guilty of an assault with a deadly weapon, but as it was, he was found guilty of only simple assault and his 30-day sentence was suspended upon the condition that he be good to his wife, violate no law, behave for twelve months and pay a \$10 fine and the costs.

Lucius Chambers, 16-year-old colored boy, was in court charged with forcible trespass and attempting to break and enter the home of Mrs. Ruth B. Fowle of Southern Pines. His 12-months' sentence was suspended upon condition that he go to his mother in South Carolina and remain out of the county for two years.

Herbert Taylor, white of Aberdeen, paid a fine of \$50 and the costs on a charge of driving an automobile recklessly and carelessly while intoxicated.

John Murray, W. E. Leonard and N. A. Bruton, white of Chatham county, plead guilty of violating the fish law and fishing without license in Moore county. Judgment was continued upon payment of the costs and defendants' purchasing fishing licenses in this county for the year.

Probable cause against Clinton Williams was found on a charge of larceny of a saw mill belt and he was bound to Superior Court under bond of \$100. He, along with Glenn Upchurch and Cecil Horner, faced a charge of possessing and transporting liquor, and all were found guilty. Horner was in addition accused of receiving stolen property. He was given 60 days, suspended upon payment of a fine of \$50 and one-half the costs, and Upchurch was given 30 days, suspended upon payment of a fine of \$25 and the other half of the costs. Quincey Garner, a co-defendant, was not taken. Horner is from Hemp and the others from High Falls.

NEW HUNTING LICENSES TO COVER ALL TYPES OF SPORT

State-wide hunting licenses will be accepted for every type of hunting in North Carolina for the first time next season. Removal of the final exception to the State-wide game law was achieved the past week by a Currituck county act which makes the State statute operative on an equal basis throughout North Carolina.

Supervision over migratory waterfowl in several eastern counties was excepted from the State-wide law of eight years ago. Three counties retained this control until recent repeal of their acts, Dare and Hyde earlier in this session.

Adjustments in the State-wide game law would be made by a bill now pending in the Senate with a favorable committee report. It will iron out some of the hampering amendments to the original act and give a more workable and progressive program for conservation and rehabilitation of the State's wild life than is possible with the frequently amended original statute.

LEGAL NOTICES

NOTICE OF CAUCUS

H. F. BURNS, Town Clerk.

NOTICE OF ELECTION

The regular election of the Town of Southern Pines for the purpose of electing a Mayor and five Commissioners will be held at the Municipal Building on Tuesday, May 7th, 1935.

H. F. BURNS, Town Clerk.

Trip Through County Reveals Startling Conditions of Living

Miss Estabrook Writes Interesting Story of Survey Showing Needs of Farmers

By Helen M. Estabrook, Home Management Specialist

By going down any highway in Moore county and visiting the first 100 houses setting on farm property you would probably find:

One house out of every four needing new foundation, exterior walls, roof or doors and windows, while if we include those needing repairs also it would be every other house.

There are 48 living rooms for the 100 homes.

Eighty-seven of the homemakers carry water so far that it requires only 8 to 9 trips to make a mile.

Five homes have a hand pump in the home, eight have piped cold water, but only 9 have kitchen sinks. It is very interesting that while only 8 homes have running water all methods of obtaining it are used—namely, the force pump operated by hand-power accounting for 4 percent; gravity, hydraulic ram and wind accounting for 1 percent; the gas engine for 1.5 percent, and the electric pump for 2.5 percent.

In the 100 homes one finds 4 flush toilets, 10.5 sanitary privies, and 33 privies of sorts, leaving 52 homes without any. Fifteen homes have window and door screens in good condition, while 51 homes have no screening.

Three homes have individual electric plants, 6 have power line service. However in the 100 homes we find very little electrical equipment—a total of 2.5 electric refrigerations, 1-2 a washing machine and one stove.

Seventeen of the homes have stoves, one improved heating system.

If one were to visit 100 homes occupied by a white owner family and 100 occupied by a non-owning white family the following conditions would be found:

Structural features in poor condition, owner, 15; non-owner, 25.

Good exterior paint, owner, 10; non-owner, 6.

Good interior walls, owner, 40; non-owner, 28.

New walls needed, owner, 29; non-owner, 34.

Living rooms, owner, 58; non-owner, 43.

Distance water carried, owner, 88 ft.; non-owner 400 ft.

Hand pump in house, owner, 6; non-owner, 4 1-2.

Piped cold water, owner, 11; non-owner, 7.

No toilet facilities, owner, 55; non-owner, 66.

Improved toilets, owner, 16 1-2; non-owner, 13.

Kitchen sink, owner 14 1-2; non-owner, 7 1-2.

Electricity—Home plant, owner, 5; non-owner, 1 1-2; Power line, owner, 8; non-owner, 6; Electric refrigeration, owner, 4 1-2; non-owner, 1.

Ice refrigeration, owner 20; non-owner, 12.

Washing machine, owner .9; non-owner, .3.

Stove for heating, owner, 18; non-owner, 14.

Central heat, owner, 2.8; non-owner, 1-2.

In the county 78.4 percent of farm dwellers are white and 64 percent of these own the home in which they live.

Some Comparisons

Compared with average conditions in the state we find less difference in conditions of owner and non-owner homes than in many counties. Items in which non-owner homes stand noticeably above State average are good interior walls piped cold water, improved toilets, and electric refrigeration, although these items appear in but a small number of homes. Items in which home owners fall below State average were good exterior paint, improved toilets and power line connections. The average condition for all white homes in Moore county was below average as regards need for new interior walls, number of living rooms needed, hand pumps in the house, kitchen sinks, ice refrigerators, stoves for heating purposes. The number of homes needing toilet facilities is double the state average.

Consideration should be given to several factors which contribute particularly to individual development and group relationship. First; one room per occupant in a house is considered a minimum standard. That the farm population has reached the capacity of its housing is shown by the fact that there is barely one room per occupant in owner families and only .88 of a room per occupant in non-owner homes. Repair upon existing houses and a more adequate supply of furnishings and bedding would remedy this condition in part. Careful consideration should be given to the use of existing space in order to

Asks State to Take Over Pinebluff Road

Board of County Commissioners Also Recommends Uniform Relief Wages in Section

At their regular monthly meeting last week, the Board of Commissioners of Moore county voted to recommend that the State Highway Commission take over and maintain the road from a point on Highway 1 at the north end of Currant street in the town of Pinebluff, following Currant street southward through the town of Pinebluff and thence by the old county highway to the cross roads in Lincoln Park, thence eastward through Addor to the Hoke county line; also westward from said cross roads at Lincoln Park to connect with Highway 1.

It was ordered that the board recommend to Mrs. Thomas O'Berry, State Relief Administrator, that the unskilled labor used upon ERA projects in Moore, Chatham, Harnett and Lee counties be paid at uniform rates instead of being paid as now at the rates of twenty-five cents per hour in Chatham, twenty cents per hour in Lee and Harnett and fifteen cents in Moore; also that skilled labor be paid in uniform rates in all of these counties, this recommendation to apply to women workers as well as to men.

The sum of \$5.00 was set as the price to be paid the coroner for holding an inquest or for making an investigation when an inquest is not necessary. In neither case is he to receive any mileage.

It was ordered that W. H. Huntley, tax collector for 1934 taxes, deposit all 1934 tax money collected by him in the Carthage branch of the Bank of Pinehurst.

TRAINING SCHOOL CLASSES FOR ALL DENOMINATIONS

The Inter Church Leadership Training School at the Church of Wide Fellowship, April 22-27, each night, under the auspices of the State Sunday School Association, is for all denominations in all the churches of the Sandhills. Pastors, Sunday School Superintendents, teachers of all classes in all departments, and young people training for leadership will find courses which will be profitable. Credits will be awarded for satisfactory work which will lead towards a diploma in leadership training from the denominational Council of Religious Education or from any of the denominational boards of religious education.

The following courses will be offered: "Principles of Teaching," "Adolescent Materials and Methods," Training in Worship," and "The New Testament."

CIVIC CLUB MEMBERS VISIT CLOUD GARDENS AT HAMLET

An enthusiastic group of members of the Civic Club of Southern Pines motored to Hamlet recently where, as guests of Mrs. Cloud, they visited the gardens of the Cloud estate. Mrs. Cloud greeted the guests at the entrance to her attractive residence and personally conducted them through the gardens which were artistically planned and arranged under her direction. The varied display of flowers and plants indigenous to this section proved a great treat to the guests.

After the trip through the gardens tea was served by the hostess and her charming daughters, and the motor ride back to Southern Pines followed. The day was one long to be remembered by those who made the trip. The club members were also recent guests of Judge W. A. Way at his orchid greenhouses here.

BISHOP PENICK TO BE HERE TWICE NEXT WEEK

(Continued from page 1)
on Sunday for his annual visitation to Emmanuel Church to administer the sacramental rite of confirmation.

Bishop Penick will return to Southern Pines on Good Friday at which time he will conduct the Three Hours devotions of the Passion of Our Lord. This service will be held in Emmanuel Church from noon to three o'clock in the afternoon.

meet both social and individual needs of the family, especially the young people. A living room and one bed room for not more than each two persons is a goal. Disorder is often the straw which breaks the camel's back in group relationships. Storage conveniences are present in only about 25 per cent of the amount needed, yet they are easily provided. Also the social and health value of sanitary provisions cannot be over-emphasized.

Dog Show Attracting Unusually Big Entry

Will Be Largest One-Day Show Held in South This Year and Has Entries from Many States

More than 200 dogs, representing over 29 different breeds, are entered in the Third Annual Dog Show of the Pinehurst Kennel Club to be held on the estate of Verner Z. Reed, Jr., in Pinehurst next Monday, April 15th. This will be the largest one-day show in the south this winter, and will have entries from half the states in the Union.

Much local interest is being manifested in the show this year. It is the first time it has been held on Mr. Reed's estate, one of the most attractive estates in the state. The dogs will be benched in the large stable and shown in a tent outside the stable. There will be ample room for parking. Admission for the entire day will be 50 cents for adults and 25 cents for children under 12, the entire proceeds, above expenses, to go to the Moore County Hospital. The Pinehurst Kennel Club is a non-profit organization.

Judging is to be done by Lewis Worden of New York, a licensed judge from the American Kennel Club. Officers of the local club are as follows: Mr. Reed, president; Mrs. Henry Page, Jr., and Jackson H. Boyd, vice-presidents; Charles W. Picquet, secretary and Col. George P. Hawes, Jr., treasurer. The Board of Directors include Messrs. Reed, Picquet, Hawes and Almet Jenks, and on the Bench Show Committee are Mr. Picquet, Mrs. Page, Mr. Hawes.

A large variety of spring vegetables and fruits at the curb market, Southern Pines.

A visit to the Curb market in Southern Pines will help both you and the farm women.
