Cites Inexpensive Way To Get Terracing Done

County Agent Garrison Tells How Several Counties Have Solved Problem

By E. H. Garrison, County Agent

Since it seems now that we are not going to get anything in the way of a Federal project to get any of our terracing done in the county, we are going about this in a different manner and one which John W. Goodman, Assistant Director, says is a more logical way of doing it, and the way in which a number of counties at this time are getting their work done. This is through the purchase of a tractor and a grader. Eight of the counties in the state at this time are getting their work done in this manner. The cost on this work usually runs from \$1.50 to \$2.50 per acre and in some places the work is being done for even less than the first figure quoted.

If we are able to get enough requests for this type of work to warrant the purchase of one of these outfits, the State will furnish a man to run these lines and look after the equipment. All the purchase price of the equipment will be on a self liquidating basis. No one will be asked to put any money into the machinery. All that will be asked is that you decide whether or not you want your work done. If you do, how much and when, then fill in the blank which was sent to you and return it to me. If we get enough of these requests then the outfit will be placed in the County.

Since the adjustment program came about there is considerable more interest in soil building and legume crops. There is no other way I know of to keep good land in this condition except to have an adequate system of terraces and a cropping system including cover crops. A farmer's land is his bank, and if you draw out more than you put in it will just be a question of time until there will be nothing left except gullies or subsoil. Even though the land may not show to be gullied up there is very often a certain amount of washing just the same. Very little of our land in the county is not subject to erosion. In some cases as much as 17 tons per acre of top soil is being carried off each year.

A NOTE OF THANKS

I wish to publicly thank all of my friends and supporters in Southern Pines for their loyalty and confidence in selecting me as member of the Board of Town Commissioners. Sincerely, L. M. DANIELS.

Theatre

Presenting Anne Shirley, O. P. Heggie and Helen Westley, the winning trio of "Anne of Green Gables," in roles with sympathy and human appeal, RKO-Radio brings "Chasing Yesterdays" to the screen in an adaptation of "The Crime of Sylvester Bonnard," the classic novel by Anatole France which elevated the famous French author to the French Academy. "Chasing Yesterdays" is the attraction at the Southern Pines Theatre Monday, Tuesday, Wednesday, May 13, 14, 15, with a Tuesday matinee. Although having Paris and its provinces as backgrounds, "Chasing Yesterday" is reminiscent in many ways of the poignantly appealing "Anne of Green Gables." It deals with the fast friendship between Sylvestre Bonnard, elderly savant, and Jean Alexandre, orphaned daughter of the sweetheart of his youth. The story develops situations replete with humor, suspense, comedy and drama as Sylvestre attempts to save the lovely orphan from the cruel dominance of an unscrupulous guardian. Youthful romance has its part in the plot, with Trent Durkin playing a student who falls in love with the beautiful little heroine. Comedy is provided by the pungent philosophies tossed off by Therese, Bonnard's housekeeper, an acid old woman. Anne Shirley, of course, depicts Jean, and O. P. Heggie as Sylvestre and Helen Westley as Therese complete the trio. An added attraction is Walt Disney's new AA-Technicolor Silly Symphony, "The Golden Touch."

They're calling "Our Little Girl," Shirley Temple's greatest. This Fox Film picture, the attraction at Southern Pines Thursday, Friday and Saturday, May 16, 17, 18 with a Saturday matinee, has been lauded everywhere. In this production the first since the child screen wonder received the special award from the academy of Motion Picture Arts and Sciences, she gives a powerful portrayal of a child's heartbreak. When those she loves grope in the shadows of misunderstanding, Shirley meets the crisis with a brave smile. She plays at being happy to rebuild a shattered dream. "Our Little Girl" is a poignant story, tenderly conceived, freighted with heart-tugs, yet leaving the audiences, from all reports, strangely happy. Hundreds of novels and short stories in print and typescript were read before this particular story was selected for Shirley. It tells the story of a happy family disunited by suspicions, threatened with wreckage, and of a little girl who runs away from her home when she finds all the joy and safeguards gone. Alone Shirley Temple suffices to make any picture popular, but Producer Edward Butcher has loaded "Our Little Girl" with talented Rosemary Ames plays Shirley's mother; Joel McCrea, who needs no introduction, plays her father. "Poodles" Hanneford, world-famous clown and circus rider has an amazing act; he clowns, rides, falls and thrills in the circus sequence which has everything complete from the wild animals to the big three-ring tent. DAN I. McKEITHEN WINS PHI BETA KAPPA KEY

Dan I. McKeithen, former cashier of the Page Trust Company in Aberdeen, was honored at Davidson this week by initiation into Gamma chapter of Phi Beta Kappa, honorary national fraternity, being the only alumnus receiving the honor at the spring initiation. Eight students were initiated.

Mr. McKeithen, who lived in Aberdeen until recently, was an honor graduate of Davidson College in the class of 1917 and by virtue of his scholarship attainments while in college was invited back to college for the initiation. He is also a member of Omicron Delta Kappa, national honorary fraternity, and of Kappa Alpha at Davidson. He is now a member of the examining division of the Federal Home Loan Bank in Winston-Salem.

DISCUSSES CONTROL OF MEXICAN BEETLE

By E. H. Garrison, Jr., County Agent

Calls are already coming in regarding control of the Mexican Bean Beetle. There has been a good many things tried with more or less success. One of the greatest troubles we have found so far is getting the material put on properly. Some of the sprays and dusts that were used before are still being recommended and one new one, Rotenone, which is being put out this year for the first time. This, from all reports is a little more expensive to use but is much more effective than anything tried out so far. This may be either used as a dust form or as a spray. Sprays are as a general rule just as effective as dust, if properly applied.

Someone here will handle this material, I am sure, and if anyone is interested in trying the material out all the directions for its use will be furnished.

Shirley with the Academy Award, he said, "You have made more people happy and made more children laugh than any child your age in the history of the world."

The Carolina Theatre at Pinehurst is closed for the season.
