

### Assault Cases Are Heard by Recorder

#### Colored Man Fined For Steering Car Purposely into Path of Another

Elwood Jones, colored, charged with steering his automobile into the path of that occupied by Georgia Waddell and James Crump and locking fenders to compel them to stop, with pulling Crump out of the car and assaulting him and a few minutes later hurling a tire pump through the window of the car at the two occupants, was found guilty of an assault with a deadly weapon and given three months on the roads in Recorder's Court on Monday. This sentence was suspended upon payment of a fine of \$50 and the costs and upon condition of good behavior for twelve months.

James Crump, colored, was found guilty of simple assault and prayer for judgment was continued upon payment of the costs. Jones and Crump were arrested in Aberdeen.

Irvie Sheffield, white of near Spies, was given a 60-day sentence for driving while intoxicated, this to be suspended upon payment of a fine of \$50 and the costs and he is not to drive on the highways for 90 days. An old 30-day suspended sentence was ordered put into effect, it appearing that the requirements of the judgment had not been met. This sentence is to run concurrently with the other.

Hurley Wrape and Alfred Maynor, white, were given 30-day sentences as a result of a fight which occurred at a baseball game in Hemp. Wrape, resenting remarks of Maynor who is said to have been drinking, struck him and in court pleaded guilty of affray. Their sentences were suspended upon payment of \$10 fines and one-half the costs each.

Bruce Mashburn and Tom Campbell, white of the Pinehurst section, were charged with possessing liquor for sale and being drunk, and Mashburn was charged with drunken driving. Mashburn was given a 30-day sentence suspended upon payment of a \$50 fine and one-half the costs and he is not to drive for 90 days. Prayer for judgment was suspended as to Campbell upon payment of one-half the costs.

### Saturday Ends Voting On Tobacco Program

#### County Agent Urges All Growers To Cast Ballots on Acreage Control

"All ballots on the tobacco program must be signed and in the office here by tomorrow, Saturday night," says County Agent E. H. Garrison, Jr. "These were mailed to all growers last week with an envelope enclosed so that these might be returned to this office. All these will be counted Saturday night and the vote on the question will be published and posted."

"This vote is to determine if you are in favor of a tobacco production adjustment program to follow the present program which expires with the 1935 crop year. Or to put this differently, are you in favor of holding on to a contract with the Secretary of Agriculture, or had you rather let anyone plant all that they want to and take what you can get for the crop? If you are in favor of holding your contract, mark the ballot 'yes.' If you want to go back to the old system, mark it 'no.' This is being left up to the tobacco growing belt, and is up to the growers to either put the program over or see it go back to the old system of selling."

Up to the present time we have 427 contract signers ballots in and about an equal number of tenants voters. So far we have found three farmers voting against the program. This I think is a splendid showing, still we would like to have all the others turned in, regardless of whether you are for or against the program. It is not to be expected that everyone would be pleased with the program. Adjustments are being made and from time to time I imagine that we shall see others. All of these have had a tendency to even up the program.

"Please be sure to vote your card and encourage all others to do likewise. All renters and croppers are entitled to a vote. If you did not get one we shall be glad to furnish it upon request. Please get your vote in by Saturday."

#### BEGIN SALE OF CAR TAGS FOR HALF-PRICE MONDAY

Automobile license tags in North Carolina may be purchased at half price beginning Monday, July 1, L. S. Harris, director of the State Motor Vehicle division, announces.

The sale of 431,957 pairs of plates this year through Tuesday has netted the State \$7,295,929 in revenue. The number of plates sold marks an increase of 40,255 over the 391,702 pairs sold through June 24 last year, Harris said.
