All have been assigned to posts over the state by Dr. M. C. S. Noble, Jr., executive assistant commissioner of revenue. Two of them fill vacant places on the old guard, the 64 being added by act of the 1935 General Assembly, making a total of 121 officers and men, headed by Captain Charles D. Farmer.

The troops and divisions remain the same, but new men have been assigned to new posts. Forty of the force have new silver roadsters, the remaining having motorcycles. The men had two months of training at the State Fair grounds in Raleigh before going on duty.
