

MacNeil Design for Monument in Madison Square is Accepted

Memorial to Late Dr. Parkhurst of New York, Foe of Crime, To Be Erected

Plans submitted by Herman A. MacNeil, sculptor, of Pinebluff and New York, for a memorial monument to the late Dr. Charles H. Parkhurst, long president of the Society for the Prevention of Crime, have been accepted, it was announced last week in New York, and a campaign to raise \$30,000 for the statute is to be launched at once. The memorial will be placed in Madison Square, New York City.

Mr. MacNeil's plans were accepted by the Park Department of New York City, and a preliminary model of the statue and its pedestal won the necessary approval of the Municipal Art Commission.

The statue, cast in bronze, eight and a half feet high, will represent Dr. Parkhurst preaching from his pulpit. It will stand on an octagonal pedestal of pink Dunn Mountain granite, set on a base platform inlaid with colored granites in a geometrical design. The height of the monument will be fifteen feet, the diameter of its platform twenty-five feet.

The front of the pedestal block will carry this inscription: "Charles Henry Parkhurst, Frencher of Righteousness, Militant Foe of Civic Wrong." The city seal will be on the back. The south inscription will read: "Minister of the Madison Square Presbyterian Church, President of the Society for the Prevention of Crime." The north inscription will be: "From the pulpit of the church across the way he summoned his fellow townsmen to the achieving of a nobler city."

The figure of Dr. Parkhurst will look toward the former site of his church, the southeast corner of Madison Avenue and Twenty-fourth Street. It was in that church, on February 14, 1892, that Dr. Parkhurst launched the one-man crusade which wrecked the powerful Tammany machine of Richard Croker.

In speaking of the planned memorial to Dr. Parkhurst, the memorial committee said:

"It behooves the citizens of our city to honor him by placing a likeness of him where the public will be inspired. His work might easily be forgotten. As long as bronze shall endure and iniquity flourish, this statue of Dr. Parkhurst will remind the citizens of New York of their personal daily responsibility for honest government."

Mr. MacNeil recently completed a new studio in Pinebluff and is doing much of his work here.

BEGS RIDE, KNOCKS OUT AND ROBS DRIVER, CHARGED

John H. Ingram, colored of the White Hill section, was in before the Recorder's Court Monday to answer charges of assault and battery and robbery from the person of H. M. Cox of the sum of \$22.50. He was given three months on the roads on the assault and battery count and bound to Superior Court under bond of \$500 on the other, probable cause being found.

According to the evidence, Ingram asked Cox, a white man, for a ride. He then knocked him off the wagon and removed the money from his pocket, it is claimed. Ingram gave notice of appeal to Superior court from conviction of assault and battery.

THANK YOU, AMERICA,

for more than a Million cars in 1935

This year Chevrolet has two very good reasons for saying, "Thank you, America."

One reason is that people have bought so many Chevrolet cars that production for the year will reach 1,040,000.

And the other reason is that they have placed a record number of orders for new

1936 Chevrolets during the first few weeks they have been on display.

Chevrolet is indeed happy to say, "Thank you, America," and to pledge continued adherence to the manufacturing and service policies which have won and held the friendship of the nation.
