

Mrs. Swett Elected Secretary of Library

Summer Schedule in Force—Vacation Membership For School Children Popular

At a meeting of the trustees of the Southern Pines Library held last Thursday, Mrs. James B. Swett was unanimously elected to fill the office of secretary.

Beginning this week the summer schedule of library hours will be in force. These hours are: Monday, Wednesday and Friday mornings from 9:00 to 12:00; Tuesday, Thursday and Saturday evenings from 7:00 to 9:00. It is worthy of comment that this year the full winter schedule has been maintained until June 1, instead of being discontinued on May 1 or May 15, as has previously been the custom.

Vacation memberships for children of school age are now available upon payment of a fee of fifty cents. During the past month a considerable number of vacation members have already been enrolled, and it is anticipated that during June many others will take advantage of so fine an opportunity.

An innovation this year—and one that will prove very welcome to the town's summer residents—is the appreciation of funds for the purchase of books during the summer months. Such purchase, at a season when the income of the library is necessarily diminished, must of course be limited, but it is proposed to add each month a small number of books of outstanding merit and of notably wide demand. This month the additions will be: "Sparkenbroke," by Charles Morgan, listed as the best-selling novel throughout the country during May; "Beyond Sing the Woods," by Trygve Gulbrandsen, May selection of the Literary Guild and already a best-seller in six languages; "The Doctor," by Mary Roberts Rinehart.

Why Gulf makes a new Gas for June

JUNE—MONTH OF BRIDES . . . and the month when summer officially starts. Gulf is on the job with a new summer gas—because unless your gasoline is "Kept in Step with the Calendar" it can't give you the best mileage . . . part of it blows out of your exhaust unburned, wasted. Every gallon of that Good Gulf you buy in June is specially refined for summer driving—so that all of it goes to work, none of it goes to waste. Try a tankful!

To the Voters of Moore County

I wish to express to the voters of Moore County my sincere appreciation for the loyal support and cooperation they have heretofore given me in the discharge of my duties as Prosecuting Attorney for Moore County. I am deeply grateful for the honor the voters of Moore County have given me in permitting me to serve them during the past few years in the responsible and trusted position as Prosecuting Attorney of our County Court.

I have endeavored at all times to live and conduct myself in such a way as to reflect credit upon the office which the people of Moore County have honored me with, and I have undertaken to discharge the duties of the office in an efficient, fair and impartial manner. I think every person charged with crime is entitled to not only have, but should feel that they have had a fair and impartial trial, regardless of race or station in life, and whether or not they were able to be represented by counsel.

I am sure the good people of Moore County in every walk of life are familiar with my record as Prosecuting Attorney, and I sincerely hope that I may be honored with their vote and personal influence in my behalf at the polls on June 6th.

If it happens that there are those who do not know me, I will appreciate it very much if before voting, you will inquire of your neighbors and friends of my record, and I am willing that you may be governed by what they say.

I wish it were possible for me to write and call upon every voter personally, but I will be unable to do so, and I sincerely hope that no one will hold this against me.

With sentiments of appreciation, I am

Yours sincerely,
M. G. BOYETTE
