### Drunks Feature In Recorder's Court

#### McQueen Just Playing When He Cut Gash in His Wife's Side

Raymond McQueen, colored, was "just playing" with Bell White, so he said, but the gash he cut in her side required seventeen stitches and the judge gave him ten months on the roads in which to get over his playful mood.

G. C. McCoy, white of Red Springs, paid a fine of \$50 and the costs in a case in which he was charged with drunken, careless and reckless driving, and his thirty day sentence was suspended. He is not to drive again in 90 days.

Cited to appear and show cause why the prosecution in the case of State versus Allen Cotman, colored, should not be declared frivolous and malicious and she be named prosecutor and taxed with the costs, Mrs. A. M. Burns, white of the Eagle Springs section, had prayer for judgment continued upon payment of the costs. She had charged Cotman with larceny of more than \$200 from a chest belonging to her, and failed to appear against him when the case was called.

Dan Cameron of Harnett county and Junius Hunter of Lee county, both white men, were in court charged with public drunkenness and Cameron with drunken driving. They were given 30-day sentences suspended as to Hunter upon the payment of a \$10 fine and half the costs and as to Cameron upon a \$50 fine and the other half of the costs and he is not to drive for ninety days. Both men paid the fines and costs.

Daniel Harris, colored, of Pinehurst, was charged with being drunk and disorderly and using profane language on the caddy grounds of the Pinehurst Country Club and entered a plea of guilty. He was given 60 days on the roads, or with the approval of the county commissioners, at the county home, judgment to be suspended upon the payment of a fine of \$10 and the costs. It was ordered that he be examined by the county doctor before being sent to either place.

# VALUE - far beyond Price

Owners' experiences show that the Ford V-8 is the best investment you can make in an automobile

### The most UNDERPRICED CAR in America

In No Other Car Under \$1645 Except Ford

V-8 Engine - Proved on the road by over 2,500,000 Ford V-8s. Ford Braking Surface per pound of car weight, greater than any other car under \$1995.

In No Other Car Under \$1275 Except Ford

The Centerpole Ride - Passengers cradled between springs on springbase almost a foot longer than wheelbase. Free Action On All 4 Wheels - Transverse springs cut down tilt and sidesway. Ford Low Center of Gravity - Passengers ride lower than in any other car under \$1275.

3/4 Floating Rear Axle - Car weight on housing, not on axle shaft.

Only In Cars Costing \$250 More Than Ford

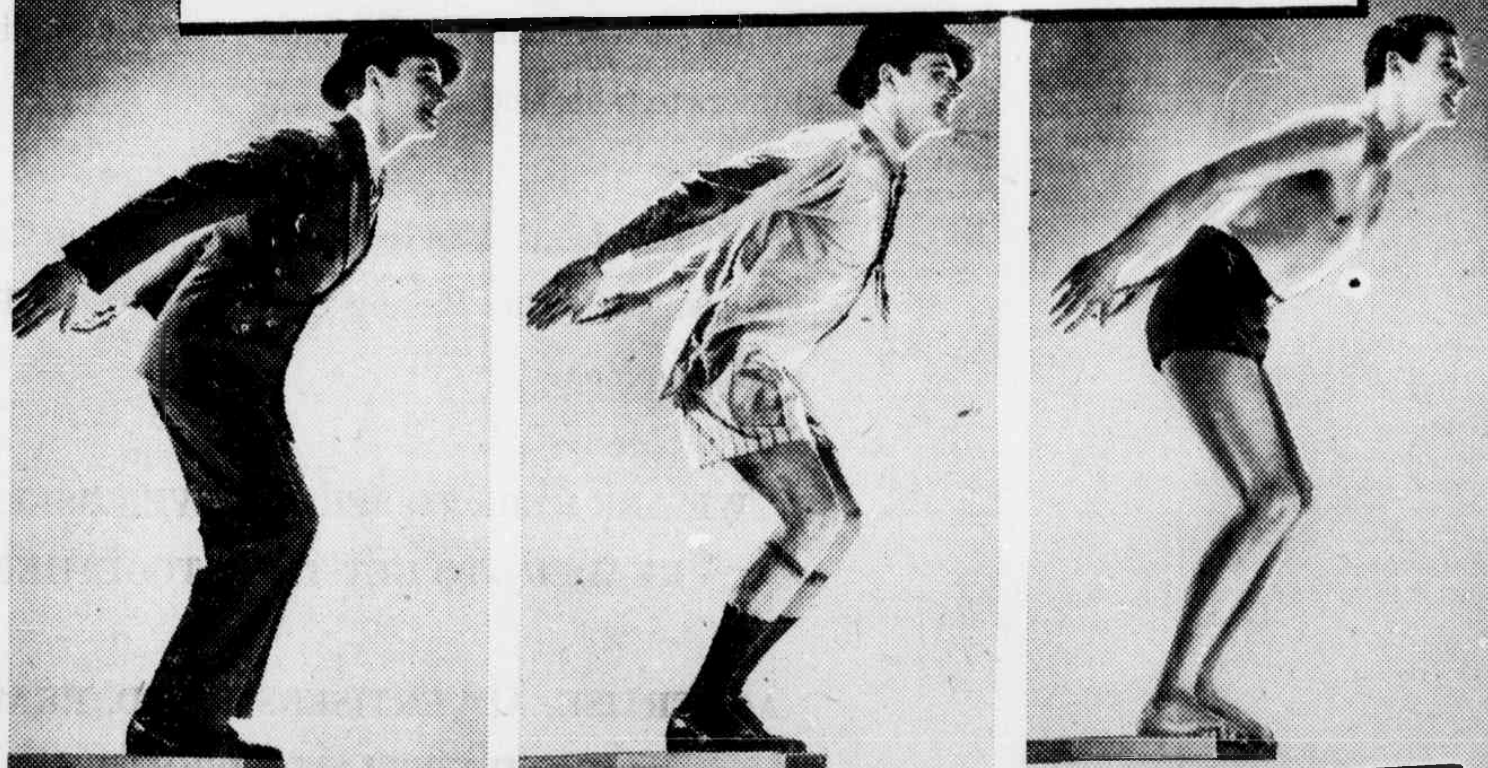

Torque-Tube Drive - gives you greater safety and roadability. Centriforce Clutch - giving easy pedal action and long life. Dual Down-Draft Carburetor - for gasoline economy.

A great many people do not buy an automobile every year and the true test of car economy comes after the first year... And owners of Ford V-8s agree that - "The mechanical depreciation on a Ford is less than most cars, especially after the first year." The reason that this is true of Ford cars goes way back to the raw materials of which they are built... Men who make steel know that "Ford buys the best steel"... And this rigid insistence on extra value goes right through the whole manufacture of a Ford V-8... low-priced Ford replacement parts are built to the same high standard as those in the new car. Because the car itself lasts longer, costs less to keep up, yet costs no more in the first place, Ford owners agree that - the 1936 Ford V-8 is the best automobile investment you can make today.

## GET GULFLUBE - It's "Stripped for action"!

Poorly refined motor oils, like a swimmer with all his clothes on, can't do an efficient job. They carry too much excess baggage - waste that should be "stripped off" by refining.

Most 25c oils, like a swimmer stripped of part of his clothes, are rid of some waste - but not enough for best performance. No refiner of 25c oils could afford to go further, before Gulf's Multi-sol process was perfected.

GULFLUBE MOTOR OIL, like a swimmer stripped for action, is rid of every bit of excess waste. It's the only Multi-sol-made 25c oil - the finest, purest oil a quarter ever bought. Gulflube gives you better lubrication, lower bills and a cleaner motor. Prove it - at the Sign of the Orange Disc.
