Last Three Days of June Register 99, 97 and 103, but Average is About Normal

June went out, not in a blaze of glory, but of intense heat, the last days of the month registering 99, 97 and 103. Summer came in on Sunday, the 21st, with a maximum temperature of 96, and a minimum of 66, 19 days of the month recorded 90, or above, with 100 on the 3rd, and 103 on the 30th. Low for the month was 52 on the 25th, and several other days with low temperatures in the fifties kept the normal for the month close to the usual averages.

A total of 4.28 inches of rain fell, 1.22 inches on the 9th, the total recording 2.79 inches more than last June, but a little over three quarters of an inch less than the normal expectation of 5.07 inches, though we are still nearly 13 inches over the usual average.

BOUQUET'S REDOUBT AT PITTSBURG

Colonel Bouquet, a gallant Englishman, went to the relief of Fort Pitt, Pennsylvania in the middle of the 18th century. He knew the strategy of the forest and used loyal English to fight instead of fickle Indians. Although warding away the Indians was a perilous task, it was done with his help.
