COLORED BOY SHOT TO DEATH NEAR HEMP

The ten-year-old son of Rob Morrison, colored, was found shot to death in his home some three or four miles from Hemp on Friday, and the identity of his slayer is as yet unknown.

When found, the lad was lying across the bed with his feet on the floor, and a shot gun was lying lengthwise on the bed, the position indicating that the shot was not fired by the child himself.

The father works in the talc mine and the mother was employed at Hemp at the time. An older brother and some sisters claim that they were at the spring about 200 yards from the home when they heard two shots. When they returned to the house, they found their brother dead.

QUARTERLY CONFERENCE IS HELD AT ROSELAND

The third quarterly conference of the Aberdeen-Vass charge was held on Sunday afternoon at Roseland school house several miles out from Aberdeen, a point where the Rev. Mr. Hall has been holding services regularly. The Rev. D. E. Earnhardt, presiding elder of the Fayetteville district, preached after which the conference was held. Those from Vass who attended were Mr. and Mrs. W. H. Keith, W. B. Graham, Mrs. H. A. Borst and Mrs. S. R. Smith.

Lumberton Looks For Big Tobacco Season

New Warehouse and Another Re-Drying Plant Added to Market Equipment

Right at this time, when the minds of all tobacco growers are turning to tobacco markets, news comes from Lumberton that this city's market is undergoing its greatest period of expansion. Another large, modern, warehouse is nearing completion, adding over an acre more floor space to the market, and work is being rushed on another big re-drying plant so it will be ready for operation when the market opens Thursday, August 13th. The construction of the new warehouse makes it possible to care for the inevitable breaks that will strike Lumberton this season.

The construction of another re-drying plant brings the Interstate Tobacco Company, formed of the world's largest independent companies, to Lumberton and brings this market's buying representation to a par with the world's largest tobacco markets. In fact, there are very few tobacco markets that can offer such competition as is offered by Lumberton this season.

When sales begin at 9:00 o'clock on the 13th of August, every large independent dealer, or exporting firm, in the world will have buying representation in Lumberton. The buyers who follow sales on this market will have orders for tobacco that will be shipped to China, Japan, England, France, Spain, Germany, Russia, Italy, Africa, and practically every other known country in the civilized world. Such competition, naturally, means much to the grower who sells in Lumberton.

The building boom that struck Lumberton's tobacco market is the result of steady growth, occasioned by ever increasing popularity among tobacco growers, over a period of four or five years. Last year greater sales made it necessary to increase facilities for handling the offerings of those who chose Lumberton as their market. This year's new warehouse brings the total number up to seven—The Big Banner, The Carolina, The Carlyle, The Farmers, Hobgood & Knott, The Liberty, and the Yancey-Smith Warehouses. These seven warehouses have a total amount of floor space equal to seven acres; an amount of floor space that can accommodate from one to two million pounds of tobacco at one time.

Curb Market day in Southern Pines Saturday.

The Week in Carthage

Fresh fruits and vegetables Saturday's Curb Market.

Moore County Boy Wins Essay Contest

Alexander Wilder of Carthage Route 2 Gets Check for \$50 as Award

Alexander Wilder, son of Mrs. Jennie Wilder, on Carthage Route 2, has just been notified that he was the winner in the Essay contest on Soil Conservation, put on by the Sapona Mills at Sanford. In this group were around 25 to 30 essays from schools in Lee, Harnett, Chatham and Moore counties. At a meeting of the Farmers' Club Tuesday night, July 21st, at the home of John Henson, Alexander was presented his prize by E. C. McMahn, County Agent from Sanford. This prize was a check for fifty dollars. Alexander won first prize, which was a soil testing outfit. In order to win this particular prize the community in which the school is located from which the best essay came, must have used as much as fifty tons of Sapona fertilizer. The test kit went to the school at Lemon Springs.

A great many of the essays were very good, showing that these boys and girls had been studying this piece of work and had put some real thought and work into the contest. "We were very proud that the best essay was written by one of our Moore county boys", said E. H. Garrison Jr. County Agent, this week. "When they were being judged, we of course did not know whose they were. All names and addresses had been clipped off."

REAL ESTATE TRANSFERS

Ward B. Eastman and wife to Albert L. Adams and wife, property in McNeill township.

GET GULFLUBE—
It's "Stripped for action"!

This sprinter can't win races hampered by this outfit! Cheap, poorly refined motor oils are likewise hampered—by waste material—carbon, gum and sludge-formers—that should be removed by further refining.

Now he's less hampered—but not entirely free. Likewise, most 25c oils are rid of some excess waste material—but not enough. For until Gulf perfected its Multi-sol process, a thoroughly refined 25c oil was not available.

Here's the sprinter "stripped for action"—like GULFLUBE MOTOR OIL. Stripped of all excess waste by Multi-sol refining, Gulflube is the finest 25c oil in America! Actually premium quality oil, "all of it goes to work, none of it goes to waste." Try a filling—at the sign of the Orange Disc.

THE PREMIUM-QUALITY MOTOR OIL FOR 25¢
