Ford Caravan to Tour Eastern Carolina

Will Be Novel and Interesting Feature of Opening of Tobacco Markets

A novel and interesting feature in connection with the Eastern Carolina Tobacco Market's opening on August 13th will be the appearance in each market of a mobile exhibit of Ford Motor Company products.

Sponsored by the Ford Dealers in this section, this colorful caravan will spend two days at each Market, and the dealers have arranged interesting programs of entertainment.

The caravan will include a modern sound truck, equipped with public address system, and motion picture projection facilities—all the latest models of the 1936 Ford V-8 cars, trucks and commercial vehicles. As it parades through the towns, a most unique demonstration will be given of the drowning immunity of the Ford V-8 engine. A continuous shower of water pours on the exposed running motor as it parades through the streets.

The Scottie economy car, a part of the caravan, will be in readiness to give a before-the-eyes demonstration of a new gasoline economy of the Ford V-8. Passengers watch the gas being consumed from a one gallon glass jug. At each dealership there will be on display the cut-away Ford V-8 chassis, which bares all the superior construction features of the car from bumper to bumper. Here also will be shown the famous fire test—illustrating the non-inflammability of the Ford body enamel used on all models.

Motion pictures will be shown each evening, to which the public is invited.

Officials of the Charlotte Branch of the Ford Motor Company will be in attendance at the markets, according to Mr. W. C. Patterson, Manager of the Branch.

FIRE AT SANFORD YESTERDAY MORNING

Responding to a call for assistance, ten men and the chemical apparatus of the Southern Pines fire department hurried to Sanford at one o'clock yesterday morning where a blaze in three stores fronting on the Seaboard tracks had assumed threatening proportions. The buildings were badly damaged.
