

Grid Practice at Carolina Under Way

Coach Ray Wolf Invites Fifty-Two Prospects to Report on Tuesday

Football followers of the University of North Carolina in this section will be interested in the announcement from Chapel Hill that fall practice will get under way next Tuesday, September 1.

Head Coach Ray Wolf has invited 52 prospects to report at that time. The opening game for the Tar Heels will be with Wake Forest in Charlotte September 26. The first home game will be with Tennessee at Chapel Hill October 3. This promises to be one of the outstanding early season games in this section.

Among the 52 candidates invited back are 12 lettermen: Bershak, Buck and McCarn, ends; Trimpey and Bartos, tackles; Webb, McIver and Palmer, guards; Avery, center; Little, Dashiell and Hutchins, backs. Paul Pendergraft, another eligible letterman, who played well at guard, is not expected to reenter the University.

Eleven lettermen were lost by graduation. They were Jackson, Montgomery, Snyder, McCrachen, backs; Daniel and Watts, centers; Evins and Ray, tackles; Joyce, guard; Moore and Barwick, ends.

Coach Wolf, who comes to the University from Texas Christian University to replace Carl Snavelly, will have as his varsity assistants Bill Lange and Johnny Vaught. Lange coached football for 13 years and was athletic director for three years at Muskingum College in Ohio. Vaught was All-American at guard on the Texas Christian team of 1932 and coached at a Fort Worth High School.

Walter Skidmore, backfield coach for the last two years, has been placed in charge of the freshman squad at his own request. He and Coach Bob Fetzer and possibly one of two student assistants will attempt to develop a strong frosh outfit.

GET GULFLUBE— It's "Stripped for action"!

A cheap, poorly refined motor oil is like an overdressed wrestler. Such an oil is hampered by useless waste which should be removed by further refining. Such an oil, like the overdressed wrestler, can't do a good job!

Most 25c oils, like this wrestler, are still somewhat hampered. Some of the useless waste has been removed, but not all of it. No refiner of 25c oils could afford to carry refining further than this until Gulf perfected the Multi-sol process.

GULFLUBE MOTOR OIL, like this wrestler, is stripped for action. Stripped of all useless waste by the Multi-sol process—the finest 25c oil in America—the only 25c oil equalling premium-priced oils! For better lubrication, cleaner motor, less oil consumption—get GulfLube—at the Sign of the Orange Disc.
