## STATE BUDGET NOT BALANCED IN 16 YEARS

Only by Issuing Notes Adding to Debt Has Party in Power Made It Look So

## TAXES—AND MORE TAXES!

In olden times it was usually said that taxation without representation was tyranny. It still is tyranny but the ring Democrats in North Carolina have made justice a joke with respect to taxes because they have put so many taxpayers in the receiving line. A wheel within a wheel. The result is that 250,000 Republican and 200,000 Democratic taxpayers have been disfranchised. North Carolina has not been operated within its income in over sixteen years. We have issued notes and placed these on the State debt and called the budget balanced. Any ten year old child knows you can't borrow yourself out of debt. The result is that every time the Legislature meets, it's a hunt to see where new taxes can be levied instead of seeing where economy can be practiced.

When the Democratic Ring gang put on the sales tax, politicians shed great tears for the schools and tried to make the public believe that the tax was to save the school system. The truth about it was that they were wanting to save themselves and they created many boards and commissions and several political jobs, some paying as high as \$5,000.00 per year or more. School teachers have been forced to wait for their salaries but failed to get his check on time. no ring politician around Raleigh

When a political party can't stay in power without increasing taxes it is time for a change. There are 44 hidden taxes on a pair of shoes. When you pay \$5.00 for a pair of shoes the tax amounts to \$.98. There are 44 taxes on a \$2.00 shirt and \$.48 of the two dollars is tax. In fact about twenty-five per cent of the purchase price of every article bought is tax. The Democratic Ring in North Carolina have become past masters in taxation, using the money of lobbyists and plutocrats for the purpose of soaking the middle class and poorer people of North Carolina. The Republicans can't tear down this situation at Raleigh without the help of the Democrats and the Democrats haven't been able to do it because of the damnable situation in their own ranks. If we are going to "oust the forces of entrenched greed" let's start at home. A whole lot of Democrats are going to vote for Gilliam Grissom for Governor and are letting it be known. They are sick and tired of the Governor being selected by a few plutocrats ten years in advance, putting him across by the absentee ballot method, and then soaking the dis-franchised with a tax system of tyranny.

CHARLIE HUSSEY

A vote for Charlie Hussey is a vote for a man and citizen of Moore County who is as honest and sturdy as the hills where he was born and raised. Charlie Hussey deserves the vote of the people of Moore County because of his rugged honesty and ability to fill this office impartially and fairly to all citizens of the county. Charlie Hussey does not owe any man anything and if elected to the office of sheriff of Moore County he will enforce the laws fairly and impartially with economy and with courteous consideration for all.

We urge your consideration and ask that you cast your vote for Charlie Hussey for Sheriff of Moore County.

Friends of Charlie Hussey.

# —And Sudden Death?

## Eighty-Seven Deaths in State in August; Total For Year Over 600

Highway fatalities last month rose sharply over the total for July but continued to run behind the toll for the corresponding month last year, official statistics of the State Highway Patrol reveal.

During August there were 87 deaths on the highways of the state and 687 persons were injured in the 569 wrecks reported by the patrol. In July the death toll was 75, and injuries to 681 persons were reported from 596 accidents. In August 1935, there were 92 highway deaths, with 578 reported injured from 398 accidents.

The record of deaths furnishes an accurate comparison, as vital statistics agencies gather them, but the record of injuries and accidents is much more complete this year than last, due to the enlargement of the Highway Patrol and increased facilities for investigation. Thus, while the number of injuries and total number of wrecks appears larger this August than last, patrol officials believe this to be a distortion resulting from improved accident facilities.

For the year, the death toll stood at 601 on August 1. This compared with 641 on the same day last year. Pedestrians continued to form the principal victims of the highways. During August, 30 persons who were walking along highways or attempting to cross city streets were struck down by motorists with fatal consequences. Seventy-seven were reported injured.

Next most frequent victim was the motorist who ran into nothing, permitted his car to get out of control. Twenty-four of his kind died in August and 174 were reported injured.
