WHY is it that no other motor oil in all the world can deliver the performance of GULFPRIDE OIL?

Because only GULFPRIDE starts from the finest Pennsylvania crudes . . . is refined to the same point as other fine motor oils . . . and is then further refined by Gulf's exclusive Alchlor process!

This process is the most efficient ever developed—the fruit of 15 years' research by Gulf scientists—men who stand behind every Gulf product.

Read the facts on this page. Then drive into any Gulf dealer's—and replace your old summer-worn oil with GULFPRIDE now.

THE ALCHLOR PROCESS removes all sludge and residue. Proof: we took 6 of the finest Pennsylvania oils we could buy and put them through the Alchlor process. It removed 20% waste from already highly refined oils! Be wise—get GULFPRIDE—the only oil that has this head start.
