FIVE CENTS

CITY TO LOOK INTO **PROPERTY LISTING** FOR TAX PURPOSES

Wide Variance in Declarations By Business Concerns of Southern Pines Found

APPRAISALS FORESEEN

Since the meeting of the Southern Pines Board of City Commissioners Wednesday night all signs seem to point to a more or less general housecleaning in the matter of personal property valuation listing for tax purposes in Southern Pines.

the meeting it was only as a casual the effective pitching of Horton and point of discussion informally presented, but eventually one of the commissioners called for the records to Troy and Buss Thomas, who had and some of the cases that came to yet to hit his stride, held the opposilight made the Board sit up and tion to three scent singles and the take notice.

One of the first cases was that of tory. a down-town hotel with a capacity On that occasion the team worked of 75 guests which listed only \$400.00 as th evaluation of its furniture and precision of a squad of veterans. Whole Giant Team

Nickname For Sandhills Junior Legion Team

A week ago The Pilot announced a prize contest for the purpose of selecting a suitable newspaper nickname for the Sandhills Junior American Legion baseball team.

According to the rules of the contest any boy or girl who lives in responsible for two bad cases of Moore county is eligible to submit one suggested nickname for the team No youngster is to be blamed for the and the decision as to the choice of the winning name is to rest with the American Legion baseball committee, But remember, only names of one word will be considered.

At the time we announced the contest we stated that the prize would be a baseball autographed by Carl Hubbell or Dizzy Dean, or perhaps both, but at the time we had not completed the final arrangements and we could not state definitely by whom the ball would be signed.

A few days ago we heard from Bill Terry, manager of the New York Giants and he informed us that he was sealing us a baseball autographed by the entire Giant team. That was far beyond our fondest expectations and that is the baseball that will be given to the boy or girl whose suggestion is selected as the winner.

The baseball is now on display in the front window of The Pilot office and among the names on the ball are those of some of the greatest stars in major league baseball, Carl Hubbell, Mel Ott, Clyde Castleman, Gus Mancuso, Dick Bartell, Jimmie Ripple, Bill Terry and Hal Schumacher; those are only a few that adorn the ball expressly autographed for the winner of this contest.

The contest closes Saturday night and there are not so many entries now but that yours has a good chance of winning. So send in your entries to The Pilot office in Southern Pines and by Monday night and some fortunate boy or girl will be the owner of the baseball.

Sandhill Juniors Lose to Dunn After Avenging Raleigh Defeat FOR REDUCTION IN

Costly Errors and Failure to Hit Prove Too Great a Strain on Youthful Temperaments

By BEN BOWDEN

Baseball is a funny game. That's been proven time and time again. But seldom has more outright evidence of the fact been forthcoming than that placed on display last Tuesday afternoon when the Sandhills Junior American Legion baseball team dropped a 7 to 1 decision to Dunn-Erwin at the Southern Pines ball park.

Two weeks previously the "Junebugs" had lost their first game of the practice season to a Raleigh team When the subject was injected into that looked to be unbeatable behind "Peanut" Doak. Then, on the following Friday afternoon, they journeyed "Junebugs" chalked up a 3 to 1 vic-

Attack of Temperament

But last Tuesday afternoon they Signs Ball For Pilot roes. And the fault didn't lie so date, Miss Maybelle Ward, as Queen much with their baseball as with the of the convention, and, to pile Pelion Commission at Raleigh for a decis-work on the building early next It's the Prize in Contest For individual temperaments of some of on Ossa, having Southern Pines ion. the players.

> The night before the game, in accordance with the Junior American Legion central office rules as to the date of choosing the 15 players who are to represent each team throughout the campaign, the final squad was chosen and perhaps that went to some of the boys' heads. Certainly it was nerves, but that is to be condoned. errors he commits under such circumstances. But, by the same token, attacks of temperament that result in slovenly play on the field are not to be condoned.

To be absolutely fair with the boys they were facing no-hit pitching for eight innings and, under the circumstances, couldn't be expected to accumulate a bank of runs, but even that doesn't excuse the very obvious half the team when they saw the game slipping from their grasp. P. O. Bid \$49,790

Charlottesville, Va. Contractor Awarded Contract; Work to Be Under Way Soon

James I. Barnes, Charlottesville, Virginia, last Friday submitted the low bid for construction of the new Southern Pines postoffice

building. His bid was \$49,790. With this final step in the long drawn-out effort to provide a federal building here completed, work will start on the site on West Broad street, between Pennsylvania and New York avenues, probably by the first of July, with completion of the structure, from plans suggested by Aymar Embury and approved by the Treasury Department, expected late this year or early in 1938.

The Squad

Fifteen Selected For Season Play on Sandhills Junior American Legion Team

Coaches and the committee of representatives of the various civic organizations sponsoring the Sandhills Junior American Legion basebi" team met Monday night to pick the squad of 15 boys who will represent the club throughout the season. Here they are:

Ed Newton, Frank Buchan, Arthur Pate, Clyde Alexander and Herbert (Alec) Cameron, all of Southern Pines; Archie (Junior) Dees and Courtney (Tony) Huntley, both of Aberdeen; Junius Williams and Ernest Brown, both of Hemp, and Howard Auman, Meek Barnette, L. G. Melvin, Neil Melvin, Bob Richardson and Buss Thomas, all of West End.

TELEPHONE RATES

Claims Charges in Southern Pines Out of Line With Rates in Other Resort Areas

BOARDS ARE APPOINTED

At the regular monthly meeting of the Southern Pines Board of City Commissioners, held Wednesday night at the Municipal Building, the Board voted to take up with the Central Carolina Telephone Company the matter of reducing the rates for telephone service in Southern Pines to a level comparative with the rates in effect in other resort towns in the area the Telephone Company serves.

The monthly telephone rental rates currently effective in Southern Pines are as follows: Residence

		Wall	Desk	Hand	Set
l	Party	\$5.50	\$5.75	\$6.00	
2	Party	5.00	5.25	5.00	- 1
Ŀ	Party	4.50	4.75	5.00	
		Business			
		Wall	Desk	Hand	Set
l	Party	\$4.00	\$4.25	\$4.50	1 2
2	Party	3.50	3.75	4.00	
į	Party	2.50	2.75	3.00	
	10011				

These rates, it was pointed out are much higher than rates for similar classes in other resort areas and it is the intention of the Board to exert every effort to induce the Central Carolina Telephone Company to reduce the rates in Southern Pines to a point comparative with those in other resort towns.

What effect these reductions, if they are obtained, will have on rates in towns adjoining Southern Pines is a matter for conjecture and it may Pines Volunteer Fire Company jour- be that corresponding rate reductions all over the Sandhills will follow.

Shipments of 1,500 Cars Expected; Georgia Fruit Seriously Affected by Cold

EARLY PRICES GOOD

Advance information from highly authoratative sources in the West End-Candor - Samarcand - Hoffman peach growing area of the Sandhills is indicative of a most successful season for the section. Weather conditions throughout the area since the trees first began to blossom have been generally most satisfactory and early estimates are to the effect that the peach crop this year will be about 20 percent greater than last year.

In 1936 growers throughout the area harvested on an average of 50 percent of a full crop. This year the estimate runs slightly over 60 percent of a full crop and prices realized on early shipments are most encouraging for future prices on the later peaches when they ripen and are shipped.

Georgia peaches, the principal competitors of the Sandhills crop, suffered seriously from cold weather early in the season and the best estimates that are available indicate that the Georgia crop will be only about onethird of last year's volume which should favorably affect the price of peaches in this area.

During the past week about 4,500 bushels of early peaches have been shipped by truck out of the West End-Candor area and they have brought prices in New York ranging from \$2.00 per bushel for very wasty Mayflowers to \$4.75 per bushel for extra fancy Red Birds with the average price for good peaches consistently between \$3.75 and \$4.00. These are, of course, gross returns and are subject to a deduction of from 75 cents to \$1.25 a bushel for freight and commission.

As yet only one refrigerator car has left the Sandhills with early peaches and that car was shipped from Wadesboro on June 5th

Maximum Hours, Child Labor Laws Explained

Department of Labor Inspector Here To Acquaint Employers With Provisions

Mrs. Gilliam Brown, superintendent of Welfare in Moore county, announced this week that Fred J. Coke, Jr., inspector of the Department of Labor has been in the welfare office for the purpose of explaining provisions of the new maximum hours and child labor laws.

The inspector was here to acquaint the County Welfare Superintendent and members of the staff with rules and regulations prescribed by Major A. L. Fletcher, State Commissioner of Labor, to govern the administra. tion of the new statutes, enacted by the last Legislature and effective July 1.

The hour law provides a maximum work-week of 48 hours for women and 55 hours for men employed in certain North Carolina industries The maximum work-day is nine hours for women and ten hours for men. This act also requires time and payroll records of employment and enforcement features that are particularly progressive in nature. The Division of Standards and Inspections of the Department of Labor will be in charge of its enforcement.

The new child labor law provides minimum age limit of 16 for the full-time or regular employment of children, with exceptions made for employment of children in the home or the farm. All minors under 18 are required to have an employment certificate before engaging in any type of employment. Features of this statute also permit 12 to 14year old boys to sell or deliver papers or magazines under certain rejobs when school is not in session.
