**CARL THOMPSON TO REVIVE
SPORT OF ARCHERY HERE**

As a result of a rapidly growing seasonal revival of interest in the sport of archery and of numerous requests from groups and individuals, Carl G. Thompson of Southern Pines has consented to lend his instructional backing to a revival of the sport locally and will be at the Southern Pines Country Club this coming Sunday afternoon from 3:00 o'clock on to meet as many persons as are interested in archery and would like to learn to shoot the delicate feathered arrow.

Mr. Thompson is a recognized authority on archery, has shot in most of the big tournaments for the past ten years, and has several national records to his credit. His interest in the development of the sport locally arises purely from his love of archery and if a sufficient number of interested persons put in an appearance on Sunday afternoon it is his intention to form an archery club in Southern Pines to which he will devote at least one afternoon a week for instructional purposes.

On Sunday afternoon Mr. Thompson will explain the fine points of the sport, give an exhibition to show the practical angles of the sport, and will have on hand a supply of archery equipment in order that the uninitiated may try their hand at it.

**YOU CAN THROW CARDS
IN HIS FACE
ONCE TOO OFTEN**

WHEN you have those awful cramps; when your nerves are all on edge—don't take it out on the man you love.
Your husband can't possibly know how you feel for the simple reason that he is a man.
A three-quarter wife may be no wife at all if she nags her husband seven days out of every month.
For three generations one woman has told another how to go "smiling through" with Lydia E. Pinkham's Vegetable Compound. It helps Nature tone up the system, thus lessening the discomforts from the functional disorders which women must endure in the three ordeals of life: 1. Turning from girlhood to womanhood. 2. Preparing for motherhood. 3. Approaching "middle age."
Don't be a three-quarter wife. Take LYDIA E. PINKHAM'S VEGETABLE COMPOUND and Go "Smiling Through."

**Why National Advertisers
USE THIS NEWSPAPER**

People are interested in other people, especially in people they know. That's why hundreds of families in this community subscribe to this paper year after year.

On these pages they find the names of fellow townspeople, often their own. So besides the ordinary interest of nation-wide news, this newspaper offers the even greater reader-interest of local community doings.

National advertisers believe that by using these columns they are reaching the greatest number of substantial families in this community, reaching them at home and in an effective and friendly manner.

But this newspaper performs another important service. By displaying the advertising of local merchants side-by-side with the products of national advertisers these national products become identified with the local market, with local merchants.

In this way, on these pages is forged the important last link between the manufacturer and his local community dealer and their customers. That's why, for local buyer acceptance, for local dealer tie-up, local community newspapers are best.
