

VENEREAL CLINICS REVEAL SERIOUS CONDITION HERE

(Continued from page one) came more and more apparent, applicants for examination became more numerous until now an average of 100 persons a week are receiving treatment with additional cases being added weekly.

City Lends Support
Until now there has been no concerted effort behind the drive to have every domestic servant in Southern Pines examined, but this week Mayor D. G. Stutz and the Board of Town Commissioners went on record as endorsing the project 100 per cent and henceforth will take an active part in the enforcement of the statute.

The clinic is open every Wednesday and Dr. J. Symington, County Health Officer, is on hand there at that time to give such treatments as are necessary. New applicants are given a Wassermann test, the result of which determines the presence or absence of infection, and if infection is found a series of treatments is immediately started. After the sixth treatment the disease is non-infectious and the person is given a certificate stating that he or she has received at least six treatments and that they may work with no danger of their communicating the disease. All this with no cost to the patient, but at a cost of 25 cents per treatment to the committee.

The committee is also keeping a file on all unemployed negroes and in the near future will supply lists

of non-infected persons and persons receiving treatment for the benefit of white residents who may wish to employ household servants.

All of this laudable work naturally entails considerable cost and, although the Town of Southern Pines is contributing to the cause, it cannot afford to support the project entirely. Mr. Brown states that the two main problems with which the committee is faced at present are those of keeping infected persons under treatment and the matter of finances.

If this work is to be kept up—and in many cases it will take a year and a half of treatment to affect a cure—the committee will be forced to rely to a great extent on private donations. Mr. Brown asks that they be sent to P. T. Kelsey, treasurer of the committee.

PETER LYNCH'S GUESTS OF PRESIDENT GRAHAM, U. N. C.

Mr. and Mrs. Peter Lynch of New York were recent guests of President Frank Graham of the University of North Carolina, and Mrs. Graham at Chapel Hill. They strolled about the campus and explored buildings old and new—the Library, the Playmakers Theatre, Person Hall, the Graham Memorial, the Gymnasium. Mrs. Lynch, who writes under the name of Mildred Harrington is a former resident of Aberdeen and visited her former home here last Sunday.

HUNTERS IN N. C. WARNED BY FORT BRAGG OFFICERS

That the Fort Bragg reservation is a game refuge, not a hunting ground, was emphasized by military officers of the post this week in attempting to offset an impression that hunters may make free of the reservation. News stores appearing recently in papers of the state may have created the impression that deer, in particular, are very plentiful on the big range and that hunters are welcome to stalk them. This is decidedly not the case, the officers pointed out.

HOME & GARDEN CLUB MEETS AT THE COMMUNITY HOUSE

Mrs. H. W. Doub and Mrs. Forrest Lockety were joint hostesses to the members of the Home and Garden Club and a large number of invited guests at the Community Club house last Tuesday afternoon. During the business period plans were discussed for the planting of the open space between the side-walks and the streets on Poplar street in Aberdeen in crepe myrtles, dogwoods and other shrubs. Mrs. E. L. Pleasants gave an interesting report on the Federated Garden Clubs meeting at the Sanatorium last week, and a paper on "What Plants can be Added to the Rose Bed." Mrs. H. A. Page, Jr., gave a paper on "Roses for our Zone," and also distributed the narcissus bulbs to the members which were ordered through her. Misses Kathryn Page and Jean Chester furnished the piano music for the program. The first prize for the prettiest flowers brought in was awarded to Mrs. Stewart Weaver, with Mrs. E. M. Harris receiving second prizes, both members bringing in exceptionally fine chrysanthemums. An enjoyable social hour followed the meeting during which the hostesses served refreshments.

THOXINE SOOTHES ALL THE WAY DOWN... THEN ACTS FROM WITHIN. Get relief from Sore Throat and Coughs due to colds—and get it quick. With very first swallow, THOXINE, the internal throat medicine, soothes soreness, helps loosen phlegm, eases hard swallowing. Unlike gargles that reach only about "upper 1/2" of irritation, THOXINE also acts deep in throat and through the system as well. JUDGE THOMAS J. SHAW PASSES IN GREENSBORO

(Continued from page one)

father's profession as an educator called, his early education being under the personal supervision of his father. When his preliminary studies had been completed, he entered the University of North Carolina, where he spent a year in preparation for beginning his legal training, which he secured under Dick and Dillard, of Greensboro.

He took the examination and was admitted to the bar in the fall term of 1884. The following year he began practice in Troy, where he remained for four years, going from there to Carthage, where he remained another four years. In 1893 he moved to Greensboro, which had been his home since.

Practiced Law in Carthage

While at Troy and Carthage he was associated in practice with the late W. C. Douglas and at Greensboro with A. M. Scales and later with C. A. Hines. In 1899 he was elected to the Superior Court bench. After a term of eight years he was defeated for renomination and returned to private practice. In 1913 he was appointed to the bench by Gov. Locke Craig and served continuously until stricken at Graham.

As an attorney Judge Shaw early exhibited a keen, alert and vigorous mind, broad and comprehensive in grasp, yet masterful and careful of detail; and his ability as an attorney was confirmed on the bench. As a judge he was careful of the proprieties, patient, painstaking and courteous, knowing neither friend nor enemy nor stranger. He was fearless, yet cautious, gentle and firm, the dominant idea of his actions being the proper application of the law to the case at hand.

He seldom erred in the handling of a case and in those rare instances when the Supreme Court saw fit to reverse him it did so almost apologetically. He was a close student and active worker and kept with the ever-widening current of the law and, by his own efforts, aided greatly in the application of legal principles to the changing conditions of society.

Garden Club Sponsors Clean-Up Week Nov. 8

Town Cooperating in Move To Rid Aberdeen of Trash and Rubbish—Launch Program

The week of November 8th is going to be observed as Clean Up Week in Aberdeen. The town officials are co-operating with the Garden Club in putting on this campaign. All trash and rubbish will be called for some time during the week. Knowing the generous response Aberdeen people have always given to this call, the club feels sure everyone is going to join in trying to make the town as attractive as possible.

Several weeks ago the Garden Club adopted a general plan of planting the space between the sidewalk and street. This plan is to use dogwoods, crepe myrtles, and some low growing evergreens, and probably a few maples. This club would like to ask all property owners to co-operate with them, by donating the shrubbery, if possible. If this cannot be done, a sum of money to help buy the shrubs will be welcome.

FLOWER SHOWS HELD BY HOME DEMONSTRATION CLUBS

Tn home demonstration clubs in the county held flower shows in their communities during the month of October, giving special attention to arrangements, suitability of use, and containers. Mrs. Jarvis Smith of Cameron won first place in the single zinnia contest, and Mrs. J. B. McDonald of Cameron won highest honors for the best arrangement of zinnias.

The Roseland club combined its show with a Community Day, with more than 100 people attending. Each project chairman offered a prize for the best display in her line. The outstanding display was in the vegetable and flower project.

By their enthusiastic ball playing, both men and women proved that a thing once learned well is not easily forgotten, and just as in their school days, they played the game to a finish. A picnic supper was a fitting end to this successful Community Day.
