Again - You have helped make possible NEW *Still Lower* ELECTRIC RATES

YOUR CONSTANTLY INCREASING USE OF CHEAP ELECTRICITY JUSTIFIES ANOTHER MAJOR RATE REDUCTION

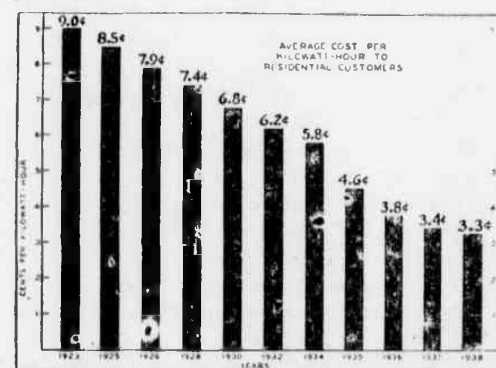

In keeping with our aim to render the best service at the lowest cost, we take pleasure in announcing another reduction in electric rates.

Only 15 years ago our top rate for residential electric service was 15c per KWH. The top step in the new LOWER rate is less than 4c per KWH. Only 15 years ago the average cost was 9c per KWH—with the new rate it will be less than 3c per KWH. A reduction of approximately 70% has been made in the cost of electricity to the average residential customer during this brief period.

Through your acceptance of CHEAP Electricity and your desire to enjoy Electrical Living, as evidenced by INCREASED USE, YOU have earned a new LOWER rate!

This new LOWER rate benefits the greatest number of people to the greatest extent. It opens wider the way to more complete Electrical Living in your home . . . in every home!

It means more electricity for every penny you spend with us. Every lamp bulb and appliance in your home will now do more without extra cost.

With gratitude for YOUR past increased use and with confidence that you will now find it convenient to make a fuller use of electricity, we announce that again YOU have helped make possible a new LOWER Electric Rate!

Yours very truly,
