

## Comings and Goings in Vass

**Hostess to Auxillary**  
Mrs. T. Frank Cameron was hostess to the Vass Methodist Auxillary at her home beyond Cranes Creek Wednesday evening.

With Mrs. C. P. McMillan presiding, an interesting home mission program dealing with work in rural communities was given. Mrs. C. J. Temple read the scripture lesson and Mrs. S. R. Smith, Mrs. H. A. Borst and Mrs. W. P. Parker gave talks on the topic. Mrs. Cameron, assisted by Mrs. G. W. Griffin, conducted the Bible study.

A Bible contest was enjoyed during the social hour. The hostess was assisted in serving refreshments by Mrs. Bertie L. Matthews and Miss Jennie Cameron. Mrs. Hattie McMillan of Selma, guest of Mrs. C. P. McMillan, was a visitor.

## Garrison Appeals For Soil Building Program

**Gives Farmers of County Some Pointers on How To Earn Government Checks**

"From the reports on compliance coming in we find that some of the producers are still a little short of units to earn the full amount of payments," says E. H. Garrison, Jr., county agent.

We are especially anxious that all this be earned as it is to the benefit of all parties concerned. With the number of different ways that these payments may be earned and at the present price of seed for cover crops, it would be a good paying proposition. In other words the payment which you would lose by not planting the cover crop would easily pay for enough seed to put in the required acreage.

"The money you spend for seed will come back in the form of a Soil Conservation check at the rate of around \$1.50 per acre, which will leave the cover crop about clear profit. With the amount of money spent each year for fertilizer it is certainly up to us to do all that we can in the way of improving our soils with crops of some kind. Vetch seed are selling for around nine to ten cents per pound and Winter Peas for around five cents per pound. Both these crops should be inoculated but the material for this is expensive. Where it is impossible for procedures to obtain seed these may be finished as a grant of aid. In this case the check will have to be assigned to the Government to take care of the cost of these seed. Even then it will be a good paying proposition if you are unable to obtain the seed otherwise. The same thing applies to lime and phosphate where they can be used.

"Last year the county earned only about 55 percent of the money which should have come into the county this way. From the standpoint of the cover crop program we do want all this payment earned this time. Anson county earned around 90 percent of theirs.

"Let's get busy and do a real piece of soil building on our farms this year. If there is anything in regard to this that is not clear we shall be glad to go into detail with you on this and help you in any way that we may be able to. Letters have been mailed already to those whose farms have been tabulated and we found them short of the soil building goal."

## SEABOARD RY. EARNINGS CONTINUE TO INCREASE

Total operating revenues for the Seaboard Railway for July amounted to \$3,035,981, an increase of \$416,037 or 15.88 percent over July, 1938, L. R. Powell, Jr., chief executive officer, reports.

Freight revenue amounted to \$2,390,179, an increase of \$279,718 or 13.25 percent over the same month last year and was higher than that for any corresponding month since 1931. Passenger revenue for July 1939 was \$393,917 as compared with \$266,571 for July 1938, an increase of \$127,346 or 47.77 percent, and was higher than that for any corresponding month since 1928. Net railway operating income for July 1939 shows a deficit of \$9,099 which compared with the deficit of \$185,161 for July 1938 represents an improvement of \$176,062.

## ONE CHANGE IN FACULTY FOR CAMERON SCHOOL

R. F. Lowry, Cameron school principal, has announced the completion of his faculty for the term opening September 11. Only one change has been made from last year, Mrs. Sadie Pleasants succeeding Mrs. Thornton as instructor in piano.

The high school faculty will comprise M. D. Wall, history; Miss Jean Simpson, English, Science; O. B. Pullen, agriculture; and Miss Beulah McByrd, home economics.

The grammar grade faculty will be: Miss Nellie Williamson, seventh;

Miss Beulah Thomas, sixth; Mrs. Kate McIver, fifth; Miss Margaret Gilchrist, fourth; Miss Minnie Muse, third; Miss Katherine McDonald, second; Miss Mary Hentz, first; and Miss Edna Stallings, public school music.

## FORUM SERVICES AT COUNTY HOME AND PRISON CAMP

Every third Sunday for the past several months, the Fellowship Forum of the Church of Wide Fellowship has been conducting vespers services at the Moore County Home and the Prison Camp. These services consist

of special music by the Fellowship choir, congregational singing with the choir as leaders, scripture reading, prayer, short articles or poems by Forum members, and a speaker. At the service last Sunday Cecil Thomas, Summer Service worker for the Congregational-Christian Extension Board, gave the address. The services have been warmly appreciated, and attendance has constantly increased. Algene Hoskins is in charge of arrangements.
