ENROLL AT CARTHAGE FOR CCC CAMP SERVICE

Boys who wish to enroll for CCC service may apply at the county welfare office at any time between now and the first of April, as a group is scheduled to enter camp early in April.

Those who are considering the matter are requested to make up their minds, fully, before applying, for those who enroll and become dissatisfied and run away are only keeping other boys who might appreciate the opportunity of earning some money and learning a trade from having this chance. A comparatively small number can be accepted, and the welfare department would like to be sure that those selected will be willing to stay the full time.
