**Enlist In The Campaign To Elect**

**C. B. DEANE To Congress**

To the Democratic voters of Moore County, I wish to express again my sincere appreciation for the splendid majority vote that was cast for me in the Congressional race two years ago. The voters of our Eighth District honored me with the leading vote in eight counties and a splendid vote in the other four. For this expression of confidence, I shall always feel deeply grateful.

In my travels during the last several weeks throughout Moore and every county of the District, the active support being given my candidacy in the present race is such as to make me very happy. Our former friends remain loyal and in addition scores of strong leaders and voters in general who did not vote for me in the former race are now some of my most active and staunch supporters because they too feel we won in the former election.

Earnestly do I solicit the continued active support of both men and women voters of Moore County who can assist so very much in electing me to Congress. I pledge unceasingly to serve the best interest of every voter in Moore and our district and to unselfishly support our great Democratic party—a party we all love and for which many of us have made great sacrifices.

Sincerely and appreciatively yours,

**C. B. Deane**

**Who says you can't have EVERYTHING!**

**You can have V-8 performance—and gas economy, too!**

An 85 h.p. Ford gave 24.92 miles per gallon in the annual official Gilmore-Yosemite road test, open to all cars. This was best mileage of all standard-equipped cars in this class!

**You can have easy-handling—with big-car room and ride!**

Everyone knows how easy it is to drive a Ford. But *no one could know*, till he gets inside, how big this Ford is in leg-room, seat-room, knee-room . . . nor what a thrillingly soft, steady, big-car ride it gives!

**You can have low cost upkeep—and enjoy real fine-car features!**

You shift gears on a Ford with the easy-acting type finger-tip shift used on costly cars. You get a semi-centrifugal clutch giving lower pedal pressure at shifting speeds, also typical of costly cars . . . to say nothing of the biggest hydraulic brakes ever used on a low-cost car. Your Ford Dealer's ready and willing to trade . . . See him now!

**YOU CAN HAVE A FORD V-8**
