**A Year of Action Results**

*in The Old North State's  
"Clean Up or Close Up" Campaign*

Twelve months ago the North Carolina beer industry went into action to commence weeding out those relatively few beer retailers who, by practices unbecoming good citizens, tended to bring reproach on the great law-abiding majority. "Clean Up or Close Up" was the ultimatum issued them and we feel that our action results speak for themselves.

To date, 78 beer licenses have been revoked—revoked because 78 beer dealers used their licenses to shield illegal activities. Thus are being removed the bad spots that, left alone, would smear the reputation of the thousands who operate within the bounds of decency, and ethical business conduct.

As a new year begins, this committee states anew its determination to carry forward aggressively its now well-established program . . . and asks continuance of your alertness to patronize only decent, reputable beer outlets.

**WHY  
CONGRESSMAN  
BURGIN  
DESERVES  
RENOMINATION**

Affairs of the world are in a most critical condition right now with regard to our relation to the other nations of the world. Congressman Burgin is a member of the important FOREIGN AFFAIRS COMMITTEE in Congress which at the present time is the most vital committee in the National House of Representatives. As a member of this important committee he is in a position to render great service to his district and to the nation in helping to steer a clear course in these perilous times when the very foundation of civilization itself is threatened.

Congressman Burgin ranks high with his North Carolina colleagues in Washington. He has the confidence and respect of all officialdom. The records of the last Congress also show Congressman Burgin led all North Carolina Congressmen in answering roll calls. This alone indicates that he is on the job.

It has long been a democratic custom to reward a conscientious and faithful servant with at least a second term. Mr. Burgin has demonstrated that he is worthy of re-election.
