

Miss Dorothy Richardson Bride in Southern Pines Baptist Church

Daughter of S. B. Richardson Weds William L. Wonderley.— To Live in Mexico

Miss Dorothy Bond Richardson, daughter of S. B. Richardson and the late Mrs. Richardson of Southern Pines, and William Lower Wonderley of Mountain Lake Park, Md. were united in marriage last Sunday afternoon at 5:30 o'clock at the First Baptist Church in Southern Pines. The Rev. J. Fred Stimson, pastor of the church, officiated at the ring ceremony performed before a candlelit altar banked with ferns interspersed with southern smilax which trailed over the top and sides of an improvised arch.

The wedding music was played by Mrs. Lawrence D. Williams, church pianist, and Miss Ernestine Bailey, youthful soloist, sang Griegs "I Love Thee," and "Liebestraum" by Liszt. Lohengrins "Wedding March" was used as the processional and "Wedding March" by Mendelssohn as recessional. Soft music was played throughout the ceremony.

The bride was given in marriage by her father. Her wedding gown of white net lace had a dainty v-neck and short lace sleeves and extended in a long train. Her veil of illusion fell from a lace cap held in place with lilies-of-the-valley. Long white gloves and a gold pearl and diamond brooch, which had been her grandmother's, completed her costume. She carried an arm bouquet of white snap dragons and lilies-of-the-valley.

The bride was attended by her older sister, Mrs. John Leland, of Charleston, S. C., as matron of honor; her younger sister, Miss Ruth Richardson of Southern Pines, as maid of honor, and two bridesmaids, the Misses Barbara Betterley and Evelyn Edson, both of Southern Pines. James Hatch of Coslusco, Miss., was the groom's best man. Ushers were Richard Hassell, Richard Tarlton, Harold Fowler and Charles Phillips, all of Southern Pines.

The matron of honor wore a gown of pink net and on her head a matching velvet braid caught at the back with tiny pink roses. The maid of honor wore a gown of lace and marquisette in aqua and a velvet braid of the same color on her head. The bridesmaids wore gowns of yellow marquisette and coronets of yellow velvet. The bride's attendants all carried old fashioned nosegays.

Immediately after the ceremony a reception line was formed on the church lawn made up of the wedding

August Weather

Hot Spell Hurts Crops.—14 Days With Temperature of 90 or Above; 98 Top

From July with its long continuing high temperatures, August entered with cool northeast breezes which reaching gale force on the 10th and 11th, wreaked havoc on the Carolina beaches with blinding rain squalls on the parched Sandhills. The hot wave burned up crops and gardens, the rains washed out roads, bridges and houses in many parts of the state.

Thirteen days of the month were all clear, seven days partly cloudy, five days cloudy, five days part clear and eleven days with rain, the heaviest fall, 1.87 inches on the 11th. Total precipitation for the month nearly normal 6.03 inches. Deficiency for the eight months of the year, 10.87 inches.

Fourteen days of the month recorded temperatures of 90 or above, the highest, 98 degrees on the 1st. Temperature averages were below the normal expectation: maximum 2.0 degrees less; minimum 2.7 degrees less; average 2.4 degrees less.

| Long time | Max. | Min. | Aver. |
|-----------|------|------|-------|
| average | 89.3 | 67.7 | 78.5 |
| 1939 | 90.2 | 66.2 | 78.2 |
| 1940 | 87.3 | 65 | 76.1 |

party together with George H. Richardson of Takoma Park, Md., brother of the bride, Miss Mary Richardson, her aunt, and Mrs. Hannah Bond, her great aunt, both of Southern Pines. The bride has lived in Southern Pines the greater part of her life and her wedding was of much interest to the entire section. She is a graduate of Columbia Bible College, Columbia, S. C.

The groom is a graduate of William Jennings Bryan University in Tennessee and also of Columbia Bible College. His work of translating the Bible into the language of one of the tribes of Indians in Mexico is a branch of mission work.

Following the marriage a wedding supper was held at the home of the bride's aunt, Miss Mary Richardson, after which the young couple left for a wedding trip to the coast. They will be at home in Copainala, Mexico, after the first of October.

Amon—out of town guests for the wedding was Miss Mittie Orr of Charlotte, a college mate of the bride.

CIVIL COURT NEXT WEEK

A term of Superior Court for the trial of civil cases is scheduled to convene in Carthage Monday, September 16, with Judge Felix E. Alley presiding.

Mr. and Mrs. Wilbur Payne and daughter, Mary Frances and Miss Minnie Carroll and niece, Miss Geraldine Cobb of Kings Mountain at-

Kiwanis Hears Plans To Launch Boys' School

Dr. Burton and G. W. Williams Outline Details of Drive For Funds

Dr. Thomas Burton, headmaster-elect and executive secretary of the North Carolina Preparatory School for Boys, and George W. Williams of Lebanon, Pa., in charge of the current campaign for funds for the projected institution, spoke before the Sandhills Kiwanis Club on Wednesday in the Aberdeen Hotel, outlining the plans for the school and for the campaign.

At the meeting President John Howarth appointed C. W. Picquet, Ralph Chandler and R. S. DuRant a committee to work with committees of other civic organizations in Aberdeen, Pinehurst and Southern Pines on plans for a gathering to welcome Army officers and their families to the Sandhills.

Judge H. F. Seawell of Carthage, Dr. J. I. Neal and John Howarth of Southern Pines were elected delegates to the Kiwanis District convention to be held in Winston-Salem on October 6, 7 and 8, with Ralph Chandler, J. F. Taylor and Leon Seymour as alternates.

tended the Methodist Church Sunday and visited in the home of the pastor, the Rev. W. A. Parsons.

HUPO-FLETCHER

For '41—Finest We've Done!

WITH this advertisement, Buick ushers in a brand-new automobile model year.

1940 production is history—recording the greatest manufacturing and selling season our company has ever known.

You may be sure we grimly realized we had to accomplish things in our new cars for 1941 that we could count on to continue our advance.

So we've taken our greatest all-time car and steadily and carefully brought it forward to a perfection of action, ease, goodness beyond anything ever offered under our name.

Every car in all five series of the whole new line deserves unused fresh-minted language.

Stylewise, their suave and dynamic beauty refreshes the jaded eye as would sight of a hydrant in the desert.

They move and function like young wild things. They're all grace and poise and eagerness. They bring to driving and handling a keener pleasure and a new thrill.

Go see these superb new cars at your dealer's and ask especially about the new micropoise-balanced FIREBALL engines—the 1941 furtherance of Buick's Dynaflex design and kingpin of all the features that make Buick the sensation of the new automobile year.

THE FIREBALL DOES IT!

Modern gasolines have high octane ratings to permit higher compressions without "ping." Note how this piston, which can be used only in valve-in-head engines, rolls the fuel charge into the shape of a flattened ball that centers around the new, smaller, racing-car type spark plug. Fired at its very heart, this more highly compressed fuel lets go with such full-force, "ping-free" wallop that any gasoline of 75 octane rating (now available at standard-fuel prices) may be used in the 115-hp. engine. Any fuel of 80 octane rating serves in the 125- and 165-hp. engines.

*According to the Encyclopaedia Britannica, a super motor which travels with a series of explosions like the shell casing of a great projectile is called a "FIREBALL."

ONLY CAR IN THE WORLD

WITH ALL THESE FEATURES

- BUICK FIREBALL VALVE-IN-HEAD ENGINES—115, 125 and 165 horsepower.
- MICROPOISE BALANCING AFTER ASSEMBLY
- COIL SPRINGS ALL AROUND—no lubrication, no spring covers.
- "MASS-STREAM" BODIES, with concealed running boards
- COMPOUND CARBURETION—30-mile economy at 50-mile speed.
- PERMI-FIRM STEERING—for freedom from steering wheel play.
- DUREX MAIN BEARINGS—practically indestructible in normal service.
- FORE-N-AFT DIRECTION SIGNAL with Automatic Cut-Off.
- MASSIVE BUMPERS—with built-in front license frame.
- PLUS: Full-Length Torque Tube in Sealed Chassis * Tiptoe Hydraulic Brakes * One-Piece "Lift-Off" Hood * Built-In Automatic Choke * Heavy-Duty Oil Bath Air Cleaners * Sealed Beam Headlights * Two-Tone Body Colors * Safety Plate Glass All Around
