

Four More Youths From County Join U. S. Army

Caviness and Pouncey, Southern Pines, and Wilson of Manley and Wilson of Manley Among Volunteers

One Moore county young man joined the Army this week in Raleigh, and four others, all volunteers, will report to the County Draft Board at Carthage for induction on January 29th.

Thomas H. Wilson, 18, of Manley, signed up for service at the recruitment station in Raleigh on Tuesday and was assigned to the Field Artillery, 2d Armoured Division, Fort Benning, Ga.

The following have been selected to induction by the Moore county board on the 29th and will be sent to Fort Bragg:

Jordan Martin Ritter, Carthage Route 1.

Samuel Joseph Walker, Hemp.

James Marvin Caviness, Southern Pines.

Willie Pouncey, Southern Pines.

The first three, though on the draft list, volunteered for immediate service. Pouncey, not among the draftees, also volunteered.

Farm Credit Loans Available Early in '41, Says Supervisor

Over Million Loaned to 12,500 North Carolina Farmers in 1940, with 88 Percent Repaid

Arrangements are being made to launch Farm Credit Administration loans early in 1941. This has been announced by Field Supervisor J. A. Hodges of the Emergency Crop and Feed Loan Office for the following counties: Richmond, Scotland, Anson, Montgomery, Moore and Lee.

This statement was made by the Field Supervisor following a conference with State Supervisor A. E. Rozar, at which time the work for the past year was reviewed, and plans for the ensuing year were formulated. Mr. Hodges states that it will not be necessary to await Congressional appropriations since the funds used in making Emergency Crop loans is derived from a revolving fund.

Because of conditions in some sections of this territory, due to excessive dry weather, it is realized that more farmers will need assistance for their farming operations during the year 1941. He added that the Emergency Crop Loan Office will make this loan available to farmers who will need assistance and who are eligible for this type of loan.

As the committee reviewed the work of 1940, Mr. Rozar, State Supervisor, called attention to the fact that during the year of 1940, more than 12,500 North Carolina farmers received loans aggregating \$1,110,000.00, and more than 88 percent of these farmers' loans have already been paid. Many loans were made to farmers in Western North Carolina, and at this time tobacco is being offered for sale there, which will substantially increase the percentage of collections.

First loans made in the state began in 1929 and since this date through 1940, 255,458 North Carolina farmers received loans through the Emergency Crop and Feed Loan Agency, totaling \$23,546,000.00. Repayment to date on all loans made is approximately 93 percent. Incidentally, North Carolina leads the United States in the percentage of collections of loans.

Mr. Hodges stated that for the convenience of farmers of the six counties in his territory, arrangements will be made during the lending period for the filing of applications for loans at various points and that location of such offices will be announced shortly.

The local office for the above mentioned counties is in Room 300, Post-office Building, Rockingham.

Justice Meted Out in Superior Court Session

Pair Sentenced for Entering Cafe in Aberdeen.—"Stove-pipe" Horton Gets 13 Months

Edwin Rommal, white, of Baltimore and Waverly Thomas, colored, of Petersburg, Va., must walk the chalk line for the next five years, or else . . . Pleading guilty in Superior Court in Carthage this week of breaking and entering the cafe premises of John Marcus in Aberdeen and stealing merchandise and a small amount of money, the youths were given six months in jail to work on the roads for larceny. On the breaking and entering count, they were given three years in State's Prison at hard labor, suspended upon condition that neither violates any law of any State of the United States of America or any laws of the United States of America for a period of five years.

Willie ("Stove Pipe") Horton pleaded guilty of an assault with a deadly weapon upon a female and was given eight months in jail to work on the roads. The jury returned a verdict of guilty in a larceny case, and Horton was given an additional five months.

Tom Little, Jr., and Porter Goard, for unlawful possession of burglary tools, were sentenced to from seven to nine years in State's Prison to work at hard labor. Prayer for judgment was continued on charges of carrying concealed weapons and attempting to break and enter.

Arthur Kennedy, W. M. Anthony and Boyd Sharpe pleaded guilty of breaking and entering and larceny and were sentenced to jail for not less than two nor more than three years to work on the roads.

Home-Building As Aid To Morale of People

B. and L. Associations of State Are Ready To Aid in National Defense Program

"Through their home-building programs, the Building and Loan Associations of North Carolina will play an important part in the 1941 National Defense Program," stated Henry Gregory, Jr., of Rocky Mount, president of the North Carolina Building and Loan League, "as home building will help to strengthen the morale of the American people." According to Mr. Gregory, the Building and Loan and Federal Savings and Loan Associations have available ample funds for financing the home-building program in every community throughout the entire state.

The Building and Loan Association in North Carolina have approximately \$30,000,000 available for loans to be used for construction, purchase, and improvement of homes. This sum represents not only cash, Government bonds and receipts of new savings and investments, but also the line of credit at the Federal Home Loan Bank of Winston-Salem, available to members of the Federal Home Loan Bank System.

It is difficult to forecast for the year because of the abnormal business conditions throughout the nation, but the associations are looking forward to the best year in their history and it is believed that the construction industry has developed sufficient momentum to warrant the assurance that the next few years will witness probably one of the most extensive building periods in the history of the country. The Defense Program is, of course, the key-note to all forecasting and will be the stimulant for better business, at least during 1941.

The 178 Building and Loan Associations of the state are constantly on the alert for new opportunities to assist the shareholders and those wishing to build, buy, refinance, or remodel their homes. Through cooperation, exchange of information, and the continuous study of their common problems, these Associations have greatly strengthened the entire home-financing system in North Carolina.
