WHO PAYS THE TAXES--

(Editor's Note: Millions of us who have not before had to file income tax returns will this year be required to do so. For the benefit of its readers, The Pilot is presenting a series of brief, informative articles concerning income taxes. The articles contain authoritative information, direct from the Bureau of Internal Revenue, U. S. Treasury Department.

ARTICLE THREE

The Revenue Act of 1941 provides a simplified method of computing income tax in the case of individuals whose gross income is derived wholly from salary, wages or other compensation for personal services, dividends, interest, rent, annuities, or royalties, and does not exceed \$3,000. A new Form 1040A has been provided for taxpayers who are entitled to and elect to use such method. A table on the reverse side of this Form shows the amount of tax on increasing amounts of gross income after the proper allowance of \$400 for each dependent, if any.

The tax under the simplified method is the same for each \$25.00 block of gross income and the taxpayer need only ascertain in which block his gross income (less allowance for dependents) falls to determine his tax. A flat reduction of 10 percent has been made in arriving at the amount of tax shown in the table for deductions such as charitable contributions and taxes paid, so that the taxpayer who uses this method does not list these but gets an automatic deduction of 10 percent.

Under the simplified method the status of a person on the last day of the taxable year is the governing factor in determining the exemption level (\$750 for single persons and married persons not living with husband or wife, and \$1,500 for married persons living together) as well as the credit for dependents.

A husband and wife living together on the last day of the taxable year may file separate returns on Form 1040A if the gross income of each is from the prescribed sources and does not exceed \$3,000, or they may file a single joint return on that Form if their combined income is from the prescribed sources and does not exceed \$3,000.

The use of the simplified method is optional with the taxpayer but once an election has been made for any year, it is irrevocable for that year. If a taxpayer files a return under the simplified method for the taxable year he may not thereafter file a return under the general provisions of the law for that year. Conversely, if he files a return under the general provisions for any taxable year, he may not thereafter file a return under the simplified method for that year. However, a new election is allowed for each succeeding taxable year.

LIBRARY TRUSTEES TO MEET

A special meeting of the Board of Trustees of the Southern Pines Library has been called for Friday, January 23, at 5 p. m., in the library building, according to Mrs. J. B. Swett, secretary.

JUMP-OFF CALLED IN HUNTER CLASS

Kennedy's Horses Cop Top Honors at Gymkhana; Youngsters Win Novelty Events

A jump-off among four of a field of 14 horses in the open hunter class at the Southern Pines gymkhana last Friday brought out Little Hugh, chestnut gelding of Mrs. W. J. Kennedy, with Mickey Walsh up, as winner of the blue ribbon.

The competition was among Little Hugh, winner, Dark Victory, Mrs. W. O. Moss' six-year-old black gelding, winning second; Cheerio, roan gelding owned by Mrs. George W. Johnson, with Dennis (Nick) Crotty up, third place; and It's Up, bay gelding from Pinehurst Stables.

Another Kennedy entry, Sir Echo, also ridden by Walsh, took first in the open jumping and Little Hugh placed second, with Cheerio third.

Mary Anne Tate's team whipped Donald Scheipers outfit in a tug-of-war horse battle, and Paula de Janza won the balloon and relay race. Mary Tate was second and Corbett Alexander third in the balloon race. Kathleen Walsh captured the second relay race team. The three-legged novelty race was won by Mary Ann Tate and Howard Hobson, with Donald Scheipers and Carlyle Cameron second, and Buddy Jellison and John Taylor, third.

"REPAIR YOUR FARM MACHINERY NOW"

... Uncle Sam Warns the Farmers of America!

We have a very good supply of parts for McCormick-Deering Tractors. We urge you to have necessary repairs made NOW while these parts are still available and before our mechanics are over-loaded with repair work. We are equipped to do welding. New machinery will be very scarce and hard to get this year. Why not place your order now for either a new tractor or a reconditioned one in perfect shape. We have some of these machines in stock at present. Check all your machinery and order necessary repair parts or new equipment.

DEPARTMENT OF AGRICULTURE
Office of Secretary
Washington, D. C.
October 23, 1941.

REPAIR YOUR FARM MACHINERY NOW

A Message to the Farmers of America!

The year of 1942 will be a critical one for farmers. Prepare for it by repairing your farm machinery now. The Food for Freedom program calls for a record farm production. At the same time defense needs will limit available farm labor. Farmers who are unable to get enough labor will have to rely more and more upon machinery, but the defense program will mean much less new farm machinery in 1942. New farm machinery requires steel and other metals, and metals are a prime need in the defense program. You can help your country and yourself by repairing your old machinery now rather than attempting to get new machinery next year.

Repair your farm machinery and equipment now. The Government is taking steps to provide as much steel and other metal as may be needed for all necessary repairs for farm machinery in 1942. To be sure of a supply of necessary repair parts, manufacturers need to know how much will be required. The only way to be sure of repair parts is to order them immediately. Failure to make repairs now may mean a crop loss later. I suggest you do these things at once:

- Check over your old machinery.
- Order necessary parts from your dealer.
- If parts cannot be obtained, notify your County U. S. D. A. Defense Board.

As replacement needs arise throughout the year use substitutes for steel and iron wherever possible.

In many areas, county agents and vocational agricultural teachers are arranging for instruction in farm machinery repair. You may wish to take advantage of such instruction or to have others in your family do so. Make your old farm machinery and equipment do another year by repairing it now.

Claude R. Wickard
Secretary.
