

2,437 Men Register in Moore in Fourth Draft of Manpower

Southern Pines Lists Men Born in 13 Different Foreign Nations, Including Japan

69 LIST FROM OTHER STATES

The fourth nationwide registration of manpower under the Selective Service Act brought to Moore County precinct registration places Monday 2,437 men between the ages of 45 and 65, and, in Southern Pines, brought in residents of 18 states and the District of Columbia and men whose birthplaces were in 13 foreign countries, including Italy, Germany, and Japan.

There were a total of 392 men registering at the Southern Pines School house Monday and 69 were from out of State.

These 69 listed as their home states Massachusetts, Florida, Georgia, New York, New Jersey, Pennsylvania, New Hampshire, Maryland, Connecticut, California, Delaware, Maine, Rhode Island, Wyoming, Ohio, South Carolina, Virginia, Texas, and the District of Columbia.

The place of birth for some of the registrants was more interesting than their present legal residences. These were the countries in which some of the registrants were born, although they are not necessarily their nationality:

Czechoslovakia, Italy, Norway, North Ireland, Germany, Scotland, Irish Free State, Virgin Islands, England, Canada, Sweden, Greece and Japan.

One man registering in Southern Pines gave his permanent address as the warehouse where he has his household goods stored. He was a trailer-traveler.

Number of males registering in the county by precincts were as follows: Aberdeen 237, Cameron 168, East Carthage 88, West Carthage 233, Deep River 58, Eureka 42, Hemp 212, High Falls 51, Pinebluff 60, Pinehurst 362, Ritters 42, Southern Pines 392, Spenceville 72, Vass 118, West End 114, and Bensalem 138, making a total of 2,437.

INN MEN VERSATILE ACCORDING TO HORNE

Some of the trials and tribulations of being a hotel manager were related to Kiwanians, following their luncheon meeting Wednesday at the Pinehurst Country Club, by G. E. Horne, manager of the Holly Inn.

From the several anecdotes related by Mr. Horner from past experiences a hotel man may be called upon to act as target for a six-shooter, the witness of a slightly "daffy" individual's flesh carving, and as mid-wives for nervous near mothers.

"For some reason, there seems to be an awful fascination about hotel bathrooms," Mr. Horne said, "and I appeal to you that if you are thinking about cutting your throat, please stay in your own home to do it. By doing it in a hotel bathroom, you give the hotel a bad name, causing a lot of worry and make an awful mess."

Visitors at the club meeting were Emmett Golden, now of Fayetteville, and Jimmy Hobbs of Southern Pines.

Bradin One of Three "Top-Kick" Buddies Assigned to Officers' Candidate School

(Special to The Pilot) Fort Moultrie, S. C.—(Special to The Pilot)—Three Fort Moultrie "top-kicks" have learned the Army has respect for tradition. Buddies in the same outfits in their total 49 years of service, the first sergeants each have been assigned to the Officers' Candidates School at Camp Davis, N. C., for anti-aircraft work.

They are Sergeant Alfred Cole of Magnolia street, Raeford, N. C.; Sergeant Benjamin M. Bradin of 810 N. Rich street, Southern Pines, N. C.; and Sergeant Samuel H. Clapp of 515 Oakland avenue High Point, N. C.

Originally members of the 252nd Coast Artillery with headquarters in Raeford, the trio met first during the National Guard unit's summer training at Fort Moultrie. They met again at Fort Screven, Ga., when the 252nd was inducted into the Army in 1941. Late in the same year Sergeants Cole and Bradin were released from the Army while Sergeant Clapp stayed

"Union Now" Upheld As Avenue of Peace

Stringfellow Barr Urges Action, Rather Than Wondering, in Forum Address

The quickest way to end the war and keep the peace is through a genuine federation of free democracies under a single united government, declared Stringfellow Barr at the Pinehurst Country Club last Friday before a large audience composed of Forum members and Federal Union chapter members.

"If there is a better plan than 'Union Now' with Britain, then let's have it," Mr. Barr challenged. "If not, then let's stop discussing what to do and set about doing the thing which has been proposed."

Describing Federal Union as a new government to which all peoples within the union are responsible, not as a league of independent governments, Mr. Barr advocated such a federation as the best of three alternatives facing free people today. Continuation of nationalistic anarchy, a government of self-institution and control by the people, or a government by acquisition by a conqueror and tyrant are the only three possible avenues which can be followed, he said.

"If we insist upon remaining independent of each other, we may find, as did most European democracies, that we will be united by a conqueror and held together by force. This is not the way I personally would choose," the speaker said.

Mr. Barr explained Federal Union as the establishment of a federation of those states which at present have governments of the people into a new, over-all government, with the following main points:

- 1. A united armed force of all the federated states under the disposal of the central government.
2. Elimination of tariff boundaries within the Federation so that trade would be free, similar to that between the United States.
3. Free movement of the people, who would all be citizens of the new state.

Registration Between 3 and 9, Monday Through Thursday, at Local Schools

Industrial users of sugar, from boarding house operators to retail merchants and large hotels, went to the local schools Tuesday and Wednesday of this week to apply for their shares of sugar under the ration book program and school teachers and officials took a deep breath and prepared to issue sugar ration books to every individual and family unit within their school districts during May 4, 5, 6, and 7, Monday through Thursday, of next week.

Meanwhile, sugar went off sale in all stores during this period of ration registration.

In Southern Pines, the white and Negro high school will be open from 3 o'clock until 9 o'clock during the first four days of next week in order to register home consumers for their ration books.

According to instruction, each individual who is not a member of a family unit must register for War Ration Books.

"Only one member of each family may register for a family unit," said official information, "but he or she must have with them data regarding the other members of the family. Ration books will not be issued until all the data are furnished."

It was made clear that "Family Units" constitute immediate members of the family. Servants, for instance, who may take meals with the families by whom they are employed, are not considered a part of the family unit; and therefore, they must register individually.

Information required of each registrant when application for the War Ration Book is made includes:

- 1. A list of the members of the family and their exact names.
2. An exact description of each member of the family—height, weight, color of eyes, color of hair, age and sex.
3. The exact relationship of each member of the family unit to the person who is registering for the unit.
4. It is necessary to know to the pound just how much sugar is in possession of the household. The amount of sugar will be divided by the number of people in the family unit and stamps will be torn out by the registrar for all sugar in excess of two pounds per person. If more than four stamps have to be removed, issuance of the book will be withheld until later.

A family unit has been defined by the Office of Price Administration as "a group of two or more individuals consisting of all persons who are living together in the same household who are related by blood or marriage."

At the time of registration, each person will receive a War Ration Book and a set of instructions for its proper use.

RED CROSS PLANS TO SPONSOR NUTRITION CLASSES IN COUNTY

Plans were made for the formation of such classes in Southern Pines, Pinehurst, Pinebluff and Carthage. These classes are sponsored by the Red Cross.

Civic Club to Keep Open This Summer As Soldier Center

"Open House" Affairs Planned for Enlisted Men Beginning Sunday, May 3

JUNIOR CLUB TO BE HOSTESSES

The Civic Club building, which is usually closed for the summer months, will this summer take its place in active community affairs and be used as a gathering place for the enlisted men stationed at Knollwood Field as well as other visiting soldiers.

At a called meeting of the Board of Directors of the Civic Club last Monday afternoon, ten out of twelve members voted to keep the Club House open all summer with Open House every Sunday afternoon, beginning May 3, and at other stated times. Since a great many members of the Senior Civic Club are away during the summer, members of the Junior Civic Club, including many of the civilian workers at the Pine Needles, will be official hostesses for these Open Houses, but will be assisted by members of the Senior Club in the plans and preparations for them.

At the present time there are about 150 enlisted men stationed at Knollwood Field, and the Club is asking all the local residents, whether or not members of the Civic Club, to join together in an effort to provide entertainment for the men. Local girls are urged to attend the Open Houses which will be chaperoned by members of the Club. Games, magazines, books, writing materials, victrola records and other things of this type will be needed. A ping-pong table and net would be a great addition to the equipment at the Club and if any person has such a table and net that they are willing to loan the Club, it will be greatly appreciated. Members of the Club will also be glad to have suggestions from anyone about ideas for musical or other entertainment.

Southern Pines people did much for the soldiers during maneuvers last fall, and it is hoped that they will again rally round and make the entertainment and welfare of the men stationed here their community aim.

Employment Service Handling Army Jobs

Civilian Work Seekers Advised Not to Apply at Command Headquarters Here

So many inquiries have been heard concerning the number and kinds of positions to be filled by civilians at the Air Force Technical Training Command located out at Pine Needles that The Pilot has made an attempt to get answers to some of these questions for its readers.

No estimate could be obtained of the number of positions to eventually be filled here and only the general classifications "stenographers" and "typists" were given for the kinds of jobs. It is understood that no applications are being taken at the Pine Needles and applicants are urged not to go or call there about positions. The N. C. State Employment Service through its Sanford Office is taking the applications of people who wish to obtain work with the Technical Training Command. Since it is sometimes impossible for people to get to Sanford to register, a regular schedule is allowed in Moore County. There is an interviewer in Carthage at the Court House every Wednesday morning from 10 to 12:30; Wednesday afternoon he is at the Municipal Building in Hemp from 1 to 3:30; Thursday applications are taken at the Fire House in Pinehurst and Thursday afternoon at the Fire House in Southern Pines. Anyone interested in obtaining further information about available positions should plan to see the interviewer at one of these places.

Civilian appointments are being made under what is called "War Service Appointments" rather than strict Civil Service. The War Service Appointments are made "for the duration and six months afterwards." Applicants are not required to take a Civil Service Examination, but are advised to do so for their own benefit. Information concerning Civil Service Appointments and other general information about employment at the Pine Needles can be obtained from: G. E. Yeomans, Civil Service Representative, Utilities Building, Fort Bragg.
