

### VOLUME 23, NO. 3

**Most Local Stores** Plan Long Week-End **Over Yule Holidays** 

### Merchants Offering Public Full Line of Presents Despite Restrictions,

Merchants of the Sandhills this week were facing their second war-time Christmas with their stocks fairly full of selections, but not as large a variety of Christmas novelties as during peacetime. As season's shopping went into the final week, most merchants were planning evening hours for convenience of shoppers not able to do their picking and buying during regular store hours.

With Christmas falling on a Friday this year, many of the stores in Southern Pines and other Moore County towns had definitely planned to shut up shop for a three-day week-end, starting Friday, Christ-mas Day, remaining closed Satur-day and Sunday, re-opening, of course, on Monday.

Some of the stores, it was understood, might close on Friday and reopen Saturday, but most of the grocery stores had agreed to remain shut over the entire week-end. Good Stocks on Hand

Although war shortages had affected certain items, most merchants featured for Christmas gifts.

Churches and other organizations are planning special Christmas programs during the week, and the Red Cross Canteen has announced a Christmas party for soldiers at the Civic Club for Christmas Eve.

The Junior Chamber of Commerce decided to add to the Christmas spirit by arranging colored lighting for at least some of the trees up and down Broad street. These trees will be lighted during most of Christmas week, and probably over New Year's Day:
