

### Kiwanis Club Hears Lt. McGee, Chaplain

**Mackall Officer Gives Interesting Talk on Paratrooper Training**

Lt. Tilden S. McGee, Chaplain with the Paratroopers at Camp Mackall, told the Sandhills Kiwanis Club at its weekly meeting on Wednesday at the Holly Inn, Pinehurst, of the strenuous training men are put through for qualifying as a paratrooper.

He said the army prefers men of medium build and of the best physical condition.

He told the club that before becoming a paratrooper, he was formerly with the 38th Division, and when transferred, was sent to Toccoa, Georgia, where he received his basic training. This training, he said, included running over an obstacle course of six miles in which many of the men in the early stages of the training would fall out.

The course was laid out over the side of a mountain, and consisted of jumps over barbed wire entanglements, scaling 10-foot walls, and spanning streams by means of rope.

The speaker informed the club that after the men had passed this basic training period, they were then transferred for special training to Fort Benning, Georgia, where they jumped from a 250-foot tower, and learned the means of controlling a parachute by manipulating the cords. He described the tower as similar to the one at the World's Fair in New York.

In conclusion, he said he had jumped fifteen times, pointing out that it was not unusual for a man to freeze even after he had jumped several times. The speaker was introduced by Ralph Chandler, chairman of the program committee.

Lt. McGee was preceded on the program by a tribute paid by Leon Seymour to Kiwanians now serving in the army services. A star was pinned on the flag by Edwin M. Keithen, honoring his son, Leland former county solicitor and Kiwanian, who has recently entered the services. John Howarth pinned a star on Carl Thompson, Jr., former secretary of the club, and James Worthington pinned a star on honoring D. Al. Blue, Jr., who has also entered the service.

### USO QUARTERS FOR NEGRO SOLDIERS

Mr. Avison of the YMCA branch of the USO met with the Southern Pines School Board Wednesday night in the interest of the colored soldiers, and after some discussion the Board voted to allow the use of the home economics building of the colored school in West Southern Pines for temporary USO quarters during the summer. It is hoped that by the time school opens a regular USO building will be completed.

Mr. Avison pointed out that the great thing in war-time is to go into action fast, and to take care of the men now as they may be in action by the time a building is completed. Present at the meeting were Dr. G. G. Herr, chairman, Mrs. James M. Milliken, John Howarth, Norris Hodgkins and Philip J. Weaver.

### Automobile Accident

Dr. George A. Hand of Atlantic City, N. J., and his sister received minor injuries late Thursday afternoon when their car, going south on Highway 1, collided with that of Col. and Mrs. A. G. Barber of Knollwood Field, going west on New Hampshire avenue. He suffered a wrenched back and his sister a cut on her lip.

Mrs. Barber, who was driving, is quoted as saying that her little boy started to fall out a window of the car and in her effort to hold him she failed to stop at the highway intersection.

### MASTERTON-THYBERG

Friends will be interested to learn of the marriage of Anna Rosa Thyberg to George Masterson in Ciudad Trujillo, Dominican Republic, British West Indies.

Mr. Masterson, radio operator with Pan American Airways, travels from airport to airport in South America inspecting and installing radio equipment.

He is the son of Mrs. Charles B. Fields, and the late John Masterson and spent his early school days in Pinehurst. Even at that time he was greatly interested in radio and had his own short wave set.

### GIRLS MAY WORK LATER AT NIGHT

Miss Pauline Covington, welfare superintendent of Moore County, calls attention to new amendments which make it legal for girls from 16 to 18 years of age to work as late as 10 p. m. instead of 9:00 as heretofore.

The Commissioner of Labor has been authorized to grant permission to any girl within the 16-18-year age limit to work as late as 12 o'clock midnight in essential war services provided the employer shall provide such safeguard and protection for the general health and welfare of such employees as to the Commissioner seem adequate.

Girls and boys 16 to 18 may work nine hours per day, 48 hours or six days per week. Minors 14 to 16 may work eight hours a day, 40 hours or six days per week.

The Welfare Department issued 86 work permits to 16 to 18-year-old boys and girls during May.

### LANDLORDS URGED TO REGISTER AT ONCE

(Continued from Page 1)  
tenant continues to pay the legal rent to which the landlord is entitled, a tenant cannot be evicted except on one of the grounds set forth in the regulations.

Some of the reasons for which a tenant may be evicted are: where the landlord in good faith desires to occupy the premises as a dwelling unit for his own personal use; proposes to demolish or remodel the accommodations in a manner that cannot practicably be done with the tenant in occupancy; the tenant has violated a substantial obligation of his tenancy other than the obligation to pay rent, or the tenant is permitting a nuisance, or is using or permitting a use of the housing accommodations for an immoral purpose.

In cases not specifically covered by the regulations, Mr. Thompson stated, a landlord may petition the Area Rent Director for permission to evict the tenant. In all cases a landlord must give the tenant a written notice to vacate, which notice shall state the grounds upon which eviction is sought, and, except in non-payment of rent cases, give the tenant not less than 10 days to vacate. In cases of nonpayment of rent a tenant shall be given the same amount of time to vacate as required under North Carolina law, but in no case less than three days. A copy of this order must be mailed or sent to the Rent Control Office within 24 hours after it is given to the tenant.

### Registering A Necessity

Mr. Thompson again urged all landlords who have not registered to do so at once. If you have any problems or need any assistance, he said call the Rent Control Office which is located in the "art" building, corner of Pennsylvania avenue and West Broad street, in Southern Pines, telephone 5272. The office is open from 9 a. m. to 5 p. m. daily, including Saturdays.

## ABERDEEN

### Home and Garden Club

Mrs. Ralph Caldwell was hostess to the Aberdeen Home and Garden Club at her home on Tuesday afternoon. Mrs. A. L. Burney, the retiring president, presided over the meeting. There was no program as the club members spent most of the afternoon at the Red Cross room, where surgical dressings were made. Mrs. Burney and Mrs. E. M. Medlin gave interesting reports of the State Garden Club meeting held in Raleigh.

During the social hour Mrs. Caldwell, assisted by her sister, Miss Jean Singleton, served delicious sandwiches and cakes with iced tea.

### Announcement Party

The engagement of Miss Jean Singleton was announced on Monday evening, May 17th when her sister, Mrs. Ralph Caldwell, entertained in her honor. Six tables were set up for bridge and the surprise announcement came when miniature nosegays, tied with white ribbons, were presented to the guests, with tiny white bells attached inscribed "Jean to J. C. June." At the close of the evening the hostess served ice cream, cake and salted nuts.

### Shower for Bride-Elect

### School Bus Changes Effect Big Savings

**10,000 Gallons Less Gas Used on Shorter Routes, Fewer Stops**

By walking a total of 3,200,000 miles, Moore County's school children enabled the county to cut its school bus gasoline consumption by approximately 25 per cent from Jan. 1 to the close of school, reducing the amount for the entire eight months from 75,000 to 65,000 gallons.

County Superintendent H. Lee Thomas this week returned to the Ration Board stamps for 10,000 gallons, the amount saved by shortening the bus routes and decreasing the number of stops.

Mr. Thomas explained just how this saving was effected. Bus mileage was reduced 80,000 miles by increasing the walking zone from a radius of one and one-half miles from the school to two miles and by requiring children along the routes to walk one and one-half miles instead of one to reach the bus. The number of bus stops to pick up children was cut from 2,366 to 1,941, giving 425 fewer stops. All of this resulted in a corresponding saving of tires.

With this schedule in effect from the beginning of the next term of school, Mr. Thomas estimates that the buses can be operated for the nine-month term on around 62,000 gallons, or 13,000 gallons less than was formerly required for the eight-month term.

### Death of J. L. Brown Termed a Suicide

**Body Found in Locked Garage in Pinehurst by Police Chief Dees**

James L. Brown, 62, was found dead in the automobile of his employer in Pinehurst Tuesday and the coroner considered an inquest unnecessary, terming the death suicide. The body was found by Chief of Police A. F. Dees and death was thought to have occurred about six days earlier from monoxide poisoning.

The garage door was locked and the key placed conveniently outside the building. The man had evidently entered through a window, locking it after him. The body was found reclining on a seat of the car.

A note found in Brown's room above the garage bore these words: "Everything to son."

Burial was at Southern Pines Brown's employer, R. S. Farr, in whose service he had been for a long period, had gone to his northern home.
