Preparations Are Made for Launching the Fourth War Loan Drive January

E. C. Stevens is County Chairman and Mrs. Hodgkins Heads Women's Work

In preparation for the 4th War Loan Drive, in which Moore County's quota will be \$532,000, a meeting of county chairmen and chairwomen of District 7, which comprises seven counties, was held Wednesday at the Holly Inn, Pinehurst, at the call of John McNair, District chairman, with State officers present to aid in giving out information and explaining the achievements which it is hoped to attain.

E. C. Stevens, will again serve as Moore County chairman and Mrs. Norris L. Hodgkins is chairman of the Women's Division.

Moore County's quota is \$79,000 lower than that of the most recent drive. The State quota is \$126,000,000 of which the "E" Bond quota is \$44,000,000. The National quota is \$14,000,000,000.

Especial emphasis was placed on the sale of "E" bonds and Moore County is asked to increase its "E" bond sales by 50 per cent over the \$230,000 derived from this source in the 3rd Drive. While more individuals bought the smaller bonds in the third drive than in the second, it was the opinion that still not enough individuals were backing the effort, and in this drive it is hoped that every person who can buy even one \$25 bond will feel that it is his duty and privilege to do so.

It was announced at the meeting that the Region made up of the 18 counties in Districts 7 and 8 had made the finest record in the Third War Loan Drive of any Region in the State over-subscribing its quota by 130 per cent.

WINTER QUOTA CLASS V-5 CLOSES JAN. 31

Only a few weeks remain for North Carolina high school graduates between 17 and 19 and high school seniors graduating before March 1 to take advantage of the Navy's twenty-seven thousand dollar scholarship, Lieutenant Lodwick Hartley, Officer-in-Charge of Naval Officer Procurement for North Carolina, has just announced.

The winter quota for Class V-5, Naval Air Corps, definitely closes on January 31 and all men now eligible must enlist before that date. The spring quota will be open only to seniors in the June high school graduating classes.

According to present plans, Lieutenant Hartley stated, two semesters of college work, with full college credit, will be given all enlistees before pre-flight training begins. The best colleges in the country have been selected for the Navy's educational program, and every detail has been worked out to make the training the very best that the nation can afford.

In order to take advantage of the remarkable opportunity for education and service, it will be necessary for all interested boys to see their nearest Navy recruiter immediately or to write to the Office of Naval Procurement, 203 Capital Club Building, in Raleigh.

OPA ISSUES WARNING TO FUEL OIL USERS

The Moore County Office of Price Administration issues the following warning:

"Fuel oil users should keep a close check on their consumption of fuel oil and carefully budget their supply. Every allotment issued was for the full heating season, and users who on January 1st have consumed more than 35 per cent of their total allotment are warned that they are burning too much fuel and should take immediate steps to economize.

"Your fuel oil dealer can help you check on your supply and rate of consumption.

"Owners and renting agents of rented property should be especially watchful of oil consumption or they may find their indications point to a scarcity of fuel oil, and no further allotments of oil will be available."
