ONLY ONE MORE DAY

Attention of citizens of Southern Pines is called to the fact that the registration books for the bond election to be held March 28th will be open Saturday, March 18, for the last day. A new registration was ordered for this election, and those whose names do not appear on the book will be ineligible to vote.

Two bond issues will be voted upon March 28th: One in the amount of \$33,000 for acquisition and reconstruction of the Southern Pines Country Club for a Community Building, the other in the amount of \$12,000 for the acquisition and improvement of the golf course.

PIN-UP BOYS

Under a novel plan inaugurated this week at the 15th Division Dance, North Carolina belles who go to Camp Mackall to attend the Division dances are being asked to select a Pinup Boy, with girls from each town making a selection during the preliminaries, and a grand finale for the selection of one boy from among the winners of the preliminary contests.

In the first round this week, girl delegates from Raeford, Cheraw and Wadesboro chose their candidates. The Raeford selection was "Tuck" Pappas; Norman Baker was the Cheraw selection because of his curly head, while Wadesboro's halo went to Larry Mack, characterized by one of the girls as "a likeable big lug with a grin that even the guys like". Each winner was presented to the audience by one of the girls who was asked to make some remarks about the protege of her town.

Next week, girls from Hamlet, Aberdeen, Southern Pines and Pinehurst will make their selections.

In the final contest, the winner will be photographed and his picture used later as the cover for a special Division dance

WHAT THE BOYS SAY

If there are those who think the work of the Red Cross is being overrated by those soliciting funds, they are asked to listen to the opinions of some of the boys who know what is being done overseas.

On page seven under the heading "Unsolicited Testimonial" is a paragraph from a letter received this week by Mayor W. Duncan Matthews from Joseph, the eldest of his three sons, all of whom are in foreign service. SSgt. Matthews is now in Italy after seeing service in North Africa and Sicily and has had ample opportunity to evaluate the

A NEW RECORD

Many strange happenings come to pass in times of war. No old time resident, nor any fireman of Southern Pines would have believed that the time would come when the fire siren would sound in mid-afternoon and the truck speed on its way to a plainly visible pillar of smoke in West Southern Pines without a line of cars following like the tail of a comet. But last Friday's alarm set a new record for Southern Pines. Not a single car followed.

Splendid Examples of Generous Giving Are Reported by Chairman

Chairman O. Leon Seymour, contacted at noon Thursday, estimated that Moore County had reached approximately 60 per cent of its quota in the Red Cross War Fund drive with the month slightly past the half-way mark.

Figures for the entire county are not available, but the reports received are encouraging. Southern Pines, Norman Shenk, chairman, has collected \$6,020.32 of its \$12,000; Aberdeen, A. L. Burney, chairman, has approximately \$2,500 of its \$3,000, and Carthage, M. G. Boyette, chairman, has two-thirds of its \$3,000. Pinehurst, whose goal is \$14,-000, has raised around \$8,000. S. B. Chapin is chairman. Robbins, at the last report, had about half its \$3,000. W. P. Saunders is Robbins chairman.

Mr. Seymour mentioned several other towns that were well along with their quotas. He hopes to have a detailed report for next week.

Everyone is urged to make his or her donation just as soon as possible in order that the chairmen and committees may know how they stand and just how much extra effort will have to be put forth.

Splendid examples of unselfish ed. Several persons who have moderate incomes with which to support their families have given \$25, each, and one soldier gave \$50, a month's \$75. When asked by her employer if she had been unduly urged, she realized that she had given sacrificially, but that she had a brother who had been saved by blood plasm and she wanted to give.

Only two more weeks remain and Moore County reach its goal.

Head of Institution

P. R. Brown, for the past ten years principal of the West Southern Pines School, has been appointed superintendent of Morrison Training School. a correctional institution for deliinquent negro boys opened in 1925 near Hoffman in Richmond County. He handed in his resignation March ition pays \$2200 a year with maintenance.

Prof. Brown is well qualified for the position. He has a B. S. degree from A. & T. College in Greensboro and an M. A. from the University of Michigan. During his ten years as principal here the school has grown from an enrollment of 560 to a high of 620, which has been cut by the war, and many improvements have been made. A building for home economics and manual training has been erected and a branch of the Southern Pines Library opened. Prior to coming here he was with a training school in Bladen County for six years.

In addition to his school work, Prof. Brown is a member of the Southern Pines Council of Social Agencies and has served as county chairman of the Negro Division of the Tuberculosis Seal Sale and the March of Dimes. In discussing his new position he expressed appreciation of the cooperation given him by the Superintendent of the Southern Pines Schools and the citizens.

TO CONSIDER RELOCATION OF SOUTHERN PINES BUS STATION

Members of the State Utilities Commission will come to Southern Pines today, Friday, for a meeting with bus company officials and Army camp authorities to consider the "relocation" of the bus station, it was announced yesterday by Chief Clerk R. O. Self of the commission.

The meeting was arranged following a request for a new bus station, Self said.
