## Let's tear your electric bill to pieces

GO AHEAD, lady—tear your electric bill apart and see what it's all about.

This little piece lights all your lamps. This one plays your radios. This cools and keeps your food. This washes your clothes. This takes care of the cooking and ironing and cleaning. And so on.

That's a lot of different jobs to be covered by one small bill.

And—hold on! You've paid for more than just electricity. About 25c of every dollar you pay for electric service goes in turn for taxes which benefit your community and help pay for the war.

Taxes UP. . . General cost of living UP. . . You'd think the cost of electric service would be up, too. But it isn't. It has even come down a little since the war began. Actually—

The average family gets about twice as much electricity for its money today as it did fifteen years ago!

This welcome fact comes from the careful planning and progressive spirit of America's business-managed, self-supporting electric companies.

## Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

## Veterans now out of service are needed in every Church and Sunday School

Congratulations on the job you have finished. Here is another job that will never be finished—one that requires patience, constant study, forbearance and the willingness to work quietly on the "biggest offensive" in the world.

You are needed to teach, to sing, to train, to encourage many boys and girls now enrolled in the Sunday Schools of this community. No one has to tell you about war, or the

advantages of peace, but there are millions of youngsters in this country, hundreds and thousands in this community whom you can help to think straight about the real values in life.

Whether you served as a private, ordinary seaman or a general your experience and leadership can be of tremendous value in any Church or Sunday School in this town. Investigate the "unfinished work" that lies ahead of every Church. Enlist today!
