## John F. Stevens, Panama Engineer Will Be Honored by Postage Stamp

April 25 of this year would have been the ninety-third birthday of John F. Stevens, who was one of the American builders of the Panama Canal and who died in Southern Pines on June 2, 1943. Word was received from Balboa last week that the Canal Zone postal authorities will mark the anniversary by releasing a five cent blue stamp bearing the portrait of John F. Stevens and inscribed with his name.

The stamp in commemoration of John F. Stevens will be the tenth and final unit in the postal series paying honor to the United States engineers who, as members of the Isthmian Canal Commission constructed the waterway across Panama early in the century. In each instance the Canal Zone officials have waited until after the death of the man remembered before issuing the stamp.

The canal builders previously honored were J. C. S. Blackburn, Col. David D. Gaillard, Gen.

George W. Goethals, Gen. William C. Gorgas, Lieut. Col. Harry F. Hodges, Rear Adm. H. H. Rousseau, Gen. William L. Sibert, Jackson Smith, and Col. Sydney B. Williamson.

John F. Stevens was selected by President Theodore Roosevelt to take charge of the canal's construction in 1905, and became chairman and chief engineer of the commission, following the resignation of John F. Wallace.

It was he who, as an engineer, discovered the Marias Pass through the northern Montana Rockies in December of 1889 and thus opened the way for the Great Northern Railroad to the Pacific.

Of especial interest to the numerous stamp enthusiasts of the Sandhills communities should be the new Canal Zone issue in honor to John F. Stevens, who lived in retirement in Southern Pines for a number of years prior to his death. Son of the eminent engineer is E. C. Stevens of the Stevens real estate and insurance agency here.

## The Grin that Won a War

**DON'T LET HIM LOSE IT NOW!**

HE WENT INTO BATTLE with a smile and a wise crack... he took everything the enemy could throw at him, and suffered in silence when wounded.

We can't let him lose that spirit now. During the endless months of impatient waiting to come home... or the long weeks of convalescing... thoughts may weigh heavily on his mind.

We at home helped him keep his chin up. When he's back, proudly wearing the little gold eagle, emblem of an honorable discharge... will that grin fade? Will that happy-go-lucky smile change to bitterness? The grin that won a global war can win a private one and the Red Cross is ready to help wherever need for its counsel and guidance exists.

Through the long, grueling years of war the Red Cross reached across the sea and extended a friendly hand to our fighting forces... and those returning home can find in every local chapter the same symbol... the same spirit of helpfulness.
