Chairmen Announce To Initiate

Chairman Blue Will Be Host At Blue Mirror

Need Greatest in History

A meeting of Moore County community polio workers and chapter officials of the Southern Pines Infantile Paralysis Foundation will be held at the Blue Mirror Supper club, on Highway 107 between Aberdeen and Southern Pines, tonight (Friday) at 7 o'clock.

H. Clifton Blue, chairman, will be host at the supper meeting, an annual event which serves as a kickoff for the fund raising campaign of the county chapter of the Foundation.

The campaign will coordinate with that of the state, for which a quota of \$1,000,000 has been announced, and of the National Foundation. It is expected that community quotas will be assigned at this time, and all information will be given the community chairmen and workers to get them off to the best possible start in the most vital polio fund-raising drive ever held here.

The campaign is considered the most important as the county and state have recently passed through the worst polio epidemics of their history, and their treasuries have been drained to the bottom in meeting the unprecedented, and unanticipated, expense.

In addition to the many victims of the 1948 epidemic, the chapter is caring for a number of cases from previous years, with at least one case of some 16 years' standing.

SPHS Basketball Schedule Given

The basketball season, now under way with games going on every week in practically all parts of the county, will end with the annual Moore County tournament, to be held during the week of February 23-March 1.

A highlight of the season will be the annual encounter with Morehead City. Morehead City teams will come here to meet the Blue and White at Aberdeen January 21 and 22. Southern Pines teams will make the return trip to the coast February 11 and 12.

With no gym of their own, Southern Pines boys and girls are having to play their home games on any available nearby court, usually Pinehurst or Aberdeen, whose schools have generously offered their facilities.

Opponents and locations of forthcoming games will be as follows:

January 11, West End at Pinehurst; 14, Robbins at Pinehurst; 18, Pinehurst at Pinehurst; 21 and 22, Morehead City at Aberdeen; 26, Laurinburg, there; 23, Aberdeen, there.

February 1, West End at Pinehurst; 4, Robbins, there; 8, Piney at Pinehurst, there; 11 and 12, Morehead City, there; 17, Carthage, there; 18, Aberdeen at Pinehurst; 22, Hamlet at Pinehurst; 22, Hamlet at Pinehurst.

Drivers Caught Without Pay Fine, Costs—And

Driving around without an inspection sticker on your windshield is strictly outside the law these days, and, like most violations of law, it can cost you.

In Southern Pines, law enforcement officers are bringing such violators in to Justice D. E. Bailey's court at the rate of about two a day, and they are being fined the sum of \$10, plus costs.

Even then, they are not on the right side of the law, because they still have to get that car to the inspection lane somehow, and having been arrested once for being without the sticker will not prevent the same thing from happening again—and again—and again! Thus, how to get the stickerless car to the nearest inspection lane becomes an immediate knotty problem for the motorist, and if the lane is any distance away, it may well become the most ex-

pensive basis, Also
