Moore Co. Golf **Tournament Has Biggest Turnout**

Sixty-eight county golfers, the largest turnout in the history of the Moore County Championship, explored the fairways at the Southern Pines Country club during the past week, seeking qualifying berths in the annual event. Three Registrations At Once

With a county election and a double-barreled municipal election heading this way with the month of August, Southern Pines citizens are apt to find themselves confused by the different registration regulations.

Books for the beer and wine referendum of August 26 will be the same as those used in the county and state primary and second primary just past. These are the general books. Those whose names are not on the books may register for three successive Saturdays, beginning tomorrow, July 29, and continuing through August 5 and 12. Books will be closed August 12. Residents of the Southern Pines precinct vote here in this election—others at their own precinct polling places in the county.

The municipal election includes two issues: (1) a vote on a recreation levy of not less than three cents per \$100 valuation, nor more than 10 cents, for which a complete new registration is necessary; (2) a vote on an appropriation from general tax funds for civic advertising, promotion and business improvement, the amount appropriated to be not less than one-fortieth nor more than one-tenth of one per cent of the total assessed valuation of property within the Town. For this, the books employed for municipal elections are used.

For registration for the recreation levy vote, and addition of names to the town books for the advertising appropriation vote, books will be open from 9 a.m. to 9 p.m. tomorrow (Saturday) and from 9 a.m. to 5 p.m. all next week, Monday through Saturday. August 5 (next Saturday) will be the closing day for both municipal registrations as well as Challenge day for them both. Registrants and voters must live within the city limits of Southern

Mrs. Grace Kaylor is registrar, and the firehouse the registration place, for all.

She reported that as of the first of this week, about 180 names had been placed on the new registration list for the recreation levy vote.

GAME SUNDAY

The Cape Fear Dodgers will meet the Southern Pines town team on the local field at 3 p.m. Sunday, in the second of a current invitational series now being sponsored by the Sandhills Merchants associa-

A game, for which the guest team has not yet been announced, will also be held Wednesday afternoon, and others on several subsequent Wednesdays.

Frequent showers reduced the crowd at the first game of the series Wednesday of this week. The first event of the doubleheader, presenting boys' teams of Raeford and Southern Pines , was rained out after a couple of innings. The feature game was played to an excitin gfinish—a fine fast contest thoroughly enjoyed by the die-hards on the bleachers. Score: St. Pauls 4, Southern Pines 2.

The application was vigorously opposed by Eastern Airlines and other major interests of the air transportation field, on the grounds that Resort's franchise for packaged vacation cruises (on which regular operational stops are made at the local airport) does not cover such passenger service; so that it would cut into their
