 Milk

**FRIDAY**  
 Tuna Fish Salad  
 Sweet Potato Puff  
 Garden Peas  
 Stewed Prunes  
 Pan Rolls, Margarine, Honey  
 Milk

### Senior Girls Hear Of Nurse Training Scholarship Offer

Members of the Sandhill Veterans association are visiting high schools of the county this week, speaking to girls of this year's graduating classes concerning the annual SVA nursing scholarship, which is soon to be awarded.

Applications for the scholarship are now being filed, and the winner will be chosen by a selection board in May. The scholarship includes payment of all expenses, plus \$15 personal allowance a month, during three years of nurse training at the school of her choice.

In return, the scholarship winner promises only to return to Moore county following her graduation, to practice her profession for at least a year. Information is available to all interested girls through their school principals.

This will be the sixth year the scholarship has been awarded. One year two were given. The first two winners, those of 1947 and 1948, are now graduate nurses and four others are still in training.

The scholarship is financed annually by a unique fund raising drive conducted by the SVA. This

### Glimpses of Southern Pines, Pilot Subscription Bring New Family Here

#### Building Contractor, Wife, Daughter Come From Virgin Islands

A few glimpses of Southern Pines in the 1930s and a few weeks' subscription to The Pilot this year have brought an interesting and attractive new family to this community, looking for a home.

Mr. and Mrs. Gerard J. P. DeBruin and their five-year-old daughter, Andrea Laura, arrived here this week after living at St. John, Virgin Islands, for the past three years.

Another member of the family, Hans, 17, will join his parents and sister here when he graduates from school in Westfield, N. J., in June.

Mr. DeBruin is a building contractor and plans to pursue his profession here. While in the Virgin Islands he did much building for the Caneel Bay Plantation corporation—homes, hotels, cabanas, etc.

"We used to enjoy seeing Southern Pines about 15 years ago when we passed through from our home in New Jersey to Florida," they said this week. "Lately we were trying to decide on a good place to live when we came back to the States, and we kept thinking of Southern Pines."

"We wrote the Chamber of Commerce for information and told them what we wanted. They suggested we subscribe to the local paper, so we did."

"We enjoyed The Pilot and everything we read about Southern Pines. We could tell it was a lovely and progressive community. Then to come here, and find it all a-bloom with azaleas and dogwood, such a beautiful place, made up our minds for us!"

They are staying temporarily at the home of Mrs. J. G. deBerry on East Illinois avenue while they look for a house that will hold all five of them—parents, son, daughter and dachshund.

Mr. DeBruin was born in New Jersey but of pure Dutch stock. His family has many friends and relatives in Holland and he was educated there. His wife is a native New Englander, from Springfield, Mass.

This year's campaign has progressed well and the fund at present stands at about \$1,200, it was reported by Richard L. Greer of Aberdeen, publicity director.

He said that approximately 140 letters are still outstanding, and asked that these be returned at once so the 1952 campaign can be officially terminated.

#### Officers Enjoy Chicken Stew

#### At Aberdeen Lake

The annual outing sponsored by the Moore county sheriff's department was held Friday evening, April 4, in the form of a "chicken stew" on the shore at Aberdeen lake.

Attending were practically all law enforcement officers of the county—Sheriff C. J. McDonald and deputies, ABC officers, several of the State Highway Patrolmen and representatives of municipal police departments; also various court officials, some county commissioners, a few mayors and others interested in law and order, who regularly cooperate in securing them for Moore.

James E. Civils, of Raleigh, chief supervisor of field representatives with the State Highway Division, was the guest speaker. He was introduced by Judge J. Vance Rowe.

The chicken stew, delicious and abundant, was prepared under the close personal supervision of Deputy Sheriff A. F. Dees of Aberdeen and Bernice Cameron, Carthage chief of police.

#### Legion Auxiliary

#### Poppy Day Slated Saturday, April 26

Poppy Day in Southern Pines will be Saturday, April 26, according to announcement from the unit president of the American Legion auxiliary, Mrs. J. S. McLaughlin.

This year, the Auxiliary president reminded, the Poppy will have added significance because of the long lists of war dead from Korea which have been added to the heroic roll of those who have died for this country. Also, there will be increased need for the Poppy Day contribution because of the many thousands of young men disabled in the Korean fighting.

"It is hoped that everyone will understand that the Memorial Poppy means honor for the nation's war dead and aid for those suffering as a result of war service, and will wear one of the little red flowers proudly on Poppy Day," said Mrs. McLaughlin.

## Why the right power is so important to truck buyers

WHEN a truck engine is too small for the job, you'll pay in poor performance and high upkeep. When it's too big, you'll waste money on operating costs.

To be sure of the right power for top performance and top economy on every job, Dodge builds eight great truck engines. There's one that's "Job-Rated" to fit your kind of work.

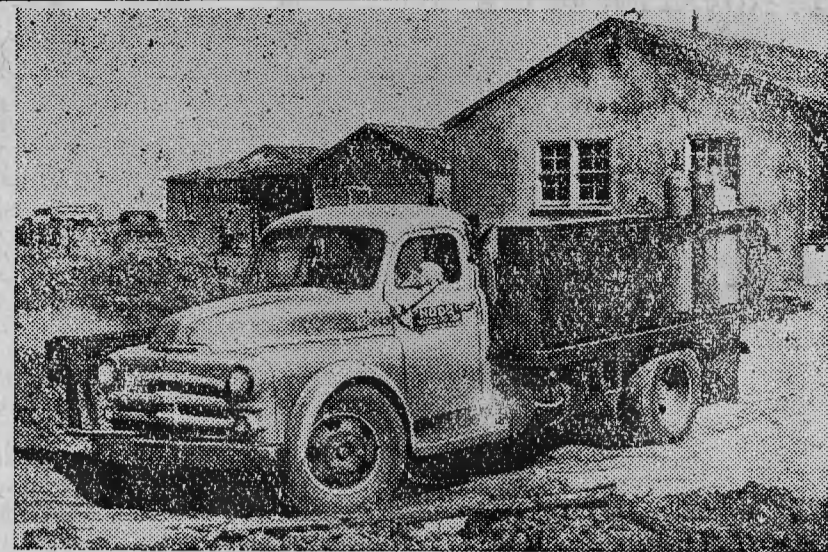

In fact, you get a truck that's "Job-Rated" in every way. Every load-moving unit is factory-engineered to meet the most severe operating conditions. And every load-carrying unit is factory-engineered to provide the strength and capacity needed.

Visit your friendly Dodge dealer today for all the facts about Dodge "Job-Rated" trucks.

Tests prove power with economy. To save gas, powerful Dodge truck engines employ compression ratios as high as 7.0 to 1. And on high-tonnage models, a twin carburetion and exhaust system is used.

Records show low upkeep. For dependability and low repair costs, rugged Dodge truck engines have 4-ring pistons with chrome-plated top ring and heat-resisting exhaust valve seat inserts.

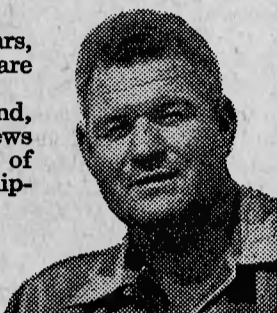

Owners report, "Greater value!" You get all these plus value: Cyclebond brake linings; easier handling, sharper turning; Gyrol Fluid Drive available on all 1/2-, 3/4- and 1-ton and Route-Van models.

"When power is needed, Dodge trucks have it!"

says C. R. SHEARMAN, Hood Construction Co., Lynwood, Calif.

"We've been big Dodge users for many years, because our business demands trucks that are dependable, economical and rugged. We do most of our driving over rough ground, a lot of it in the mud. The trucks work with crews who are laying pipe in the field. This kind of hauling calls for plenty of power to carry equipment to the men. And when power is needed, Dodge trucks have it! They seem to be able to pull anything."
