**Pinebluff Firemen
Seek Donations
To Lifeguard Fund**

Letters are being sent out this week to residents of Pinebluff from Mayor E. H. Mills, appealing on behalf of the Pinebluff volunteer fire department for contributions to a \$350 fund that is providing lifeguard protection at Pinebluff lake for the entire summer.

The fire department has taken the responsibility of keeping a lifeguard at the lake this summer, the letter points out.

It is also noted that last year the fire department purchased a pulmotor through public subscription. With a lifeguard at the lake and the pulmotor on the fire truck ready for immediate use, children and other swimmers have excellent protection at hand, the department reminds.

Addressed, stamped envelopes are being enclosed for contributions by Pinebluff citizens. Mayor Mills said today that residents of Aberdeen, Southern Pines and other communities, who use the lake, might like to make contributions also. These may be sent to him or to N. L. VanBoskerck, fire chief.

**Cyrus Butlers
Moving To New
Home In Mexico**

The Cyrus Butler family is starting on a long journey this week—the move to their new home in Ocotlan, in the state of Jalisco, Mexico.

Mr. Butler, a consulting engineer, will be with Celanese Mexicana, a subsidiary of the great Celanese Corporation of America. A home is being furnished them near the plant in Ocotlan, which is located in the mountains about 300 miles west of Mexico City. A school for the American children of plant officials and employees is operated by the corporation there.

Mrs. Butler and the two younger children, Nancy, 11, and Katharine, seven, left Wednesday, planning a stopover on the way to visit her mother, Mrs. Robert McGukin at Anderson, S. C.

Mr. Butler and Bobby, 16, will leave Saturday, and the family will meet in Miami for the flight across the Gulf.

The Butlers are longtime residents of Southern Pines. Cyrus Butler with his brother Howard and sister Miss Helen Butler, children of the late Mr. and Mrs. Bion H. Butler, grew up here and attended the Southern Pines schools.

Cyrus has served as engineer for numerous projects about the state, for private firms, municipalities and the State of North Carolina. He was for a time connected with a Laurinburg firm but for some time in the past has been working independently from his home on the Old Bethesda road.

**Truck Driver Hurt
By Falling Lumber**

A. C. Allen, 22, of Robbins, who operates a truck for the hauling of lumber, was injured Thursday morning when a load of lumber fell from the truck down upon him as he was standing beside it, in the Futrell lumber yard at Vass.

He was taken to Moore County hospital by ambulance. The Pilot was unable to determine the extent of his injuries at presstime, except that he had a broken leg, with possible internal injury, but was not thought to be critically hurt.

STRAIGHT BOURBON WHISKEY

NATIONAL DISTILLERS PRODUCTS CORPORATION, N. Y. • 56 PROOF

MISS OLIVER
(Continued from page 1)

about 7:30 Friday morning. The 1951 Chevrolet driven by Miss Oliver was travelling east on NC 20. The investigating State Highway Patrolman said that the accident was caused by failure of the Chevrolet to stop at a stop sign.

Other car involved in the collision was the 1952 Nash of J. A. Matson of Miami Dale, Fla., who was traveling north on 301.

Miss Ruth Oliver was injured and this week remained a patient at Robeson County Memorial hospital, Lumberton, with a fractured pelvis. Miss Kennedy also was treated for injuries at the hospital, as were Matson and his wife, who suffered lacerations, bruises and other injuries.

In addition to her parents and sister, Miss Oliver is survived by three brothers, Rev. John S. Oliver, missionary to Brazil in South America; Wendell Oliver of the U. S. Army, stationed at Fort Campbell, Ky., and Lawrence Oliver of the home.

Attending the funeral were five Woman's college classmates of Miss Oliver, also Mrs. Mary L. McAllister of Raleigh, district home demonstration agent; C. R. Ammons, Harnett county farm agent, and Mrs. Ammons, and other personnel of the Extension Service including Miss Flora McDonald, Moore county home agent, and Mrs. Ruth H. Muse, assistant agent, both of Carthage.

Net income of farm operators in 1951 was about two billion dollars less than in 1947. However, the total was still nine times as much as the dollar income of farm operators in 1932.

Dairy Herd Improvement association cows in North Carolina last year averaged 8,642 pounds of milk containing 364 pounds of butterfat. The milk production average was 92 per cent higher and the butterfat 82 per cent higher than the average for all cows in the state.
