

New Riding Ring Under Construction

A new riding ring is being built at Vernon Valley Farm, winter home of Mr. and Mrs. Vernon S. Cardy of Montreal, designed by W. O. Moss of Mile-Away Farm and constructed under his supervision. It is expected to be ready by the time the Cardys come south, according to their custom, for the winter season of riding and hunting.

Mr. and Mrs. Cardy and Miss Helen Ferguson, sister of Mrs. Cardy, flew down from Montreal for a recent weekend at the Mid Pines Club, where they were guests of Mr. and Mrs. Frank E. Cosgrove. While here the Cardys conferred with Mr. Moss about the riding ring, then returned home leaving Miss Ferguson to stay throughout the week. She is recovering nicely from a recent

Court Clerk Staff Loses Mrs. Comer; Mrs. Stone, Mrs. Blue Are Deputized

Mrs. Joe Blue of Carthage, a former employee of the Moore County clerk of superior court's office for a period of five years, has resumed employment there. Both Mrs. Blue and Mrs. Carolyn Stone of the staff have been sworn in as deputy clerks, according to announcement made by C. C. Kennedy, clerk of court.

This change follows the resignation of Mrs. Rachel Comer, as riding accident, and expects to be able to hunt this winter.

Six Cardy horses will be shipped south in their big red-and-yellow vans, with the Cardys and Miss Ferguson following soon after for their usual winter of riding and hunting with the Moore County Hounds.

Assistant clerk Mrs. Comer had previously resigned as of October 1 but was forced to leave earlier on account of illness. She was a patient at Moore County hospital for about three weeks.

Mrs. Comer, a deputy clerk since last January, was sworn in as assistant clerk in July at the age of 23, thus becoming what was believed the youngest assistant clerk of court in the State, possibly in the history of the State. Mr. Kennedy spoke highly of her abilities, and the assistance which she rendered in keeping up with the mounting demands of the Clerk of Court office.

She is the wife of Richard Comer, and they live on Cameron Rt. 1.

Another "FIRST IN THE NATION" For NORTH CAROLINA!

Thanks to our extensive forests, North Carolina leads the nation in production of wooden furniture and harder plywoods... we're first of all southern states in income from forest products. Contributing greatly to our farm family income, this helps make North Carolina a better place to work, play and live. Also contributing to the pleasant living that is North Carolina is the brewing industry's self-regulation program where brewers, wholesalers and retailers—in counties where malt beverage sales are permitted under state control—cooperate to maintain wholesome conditions for the legal sale of beer and ale.
